E.	TRUSTEE REPORTS AND COMMENTS (CONTINUED)	
	Member Butz had no formal report.	
	President Ferrante welcomed everyone back and wished them a happy new year.	
F.	Dr. Johnsen commented that we received the Governor's budget and it's not as rosy as anticipated. We are going to have to make some reductions so we don't get to crisis mode. He commented that the LCAP is not a blank slate, it's an ongoing process. Setting goals for improvement and making adjustments as we go. Kim is working with committees to gather input and analyze performance data for the next three years. We are looking at what our capacity is and will focus on, sustainable, deep and meaningful work. Bond Measure R will be on the March 3 rd ballot. He urged everyone to go out and vote. Run for the arts is on Saturday February 1 st . Hope everybody can make it out for this great event. Н.	There were no requests to speak to the Board.	Public Comments
I.	 I. Dr. Kim Reed presented information on the California Dashboard. The scores were released last week. There are different indicators based on colors (status and change). Chronic absenteeism: yellow. Students absent more than 10% of the school year. We are at 8.7% (state average 10%). We are doing pretty well with our absenteeism percentages. Suspension rate: orange (3.2% suspended at least once – average 3.4%). Academic indicator (yellow). Above standard by .6 as the state shows 3 points above standard. Math (orange): 25.7% below standard. 2018 our district was in differentiated assistance. Eucalyptus Hills and Winter Gardens both show scores even though they didn't test. This is a "pair and share" where the State matches two schools together. Dr. Reed commented that some schools have a strong focus on Math some ELA. We focused our efforts last year on trying to remedy social-emotional needs. Once those supports play out, academics should improve. We don't really have a common language for high quality instruction in this district. As a district we haven't developed expectations for every student. We will address these concerns in the LCAP.

M. <u>REPORTS TO THE BOARD (CONTINUED)</u>

- 2A. Erin Garcia, Assistant Superintendent, commented on the Governor's proposal. He calls for constrained growth and says that the economy is not contracting, but the economy is slowing down considerably. The LCFF funding and COLA came in at 2.29%. In the first interim we used an estimate of 3% so our financial projections will be slightly lower. Special Education will see a change to SELPA as a result of AB 602. There is a change in the way it's calculated. There are one-time preschool special education funding. It is half the amount we received previously and now has strings tied to it. The State wants to see increased or improved services. This is all very preliminary and subject to negotiations with the legislature before being finalized. Absent from his proposal was anything related to pensions. There is no one-time funding for school districts.
- 2B. Dr. Kim Reed, Assistant Superintendent, commented on the committees she has been spearheading: District Learning Team, Student Profile and Tech Vision committees to help with the work of the LCAP. Orenda has been working on gathering data with teacher advisory groups. There will be district-level opportunities for community members to give input and focus groups with students. There are surveys going out to staff and parents, posted on our website. Sites are evaluating their goals. Principals are carving out staff meeting time. The Math Pathways group has met since we last spoke. The next and final meeting will be in February. Dr. Reed is very excited about the PD day tomorrow. The theme is school colors gone wild. She shared the trophy that will go to the school with the most spirit. Her team worked hard to put something together worthwhile and are very pleased with all the offerings for the day.
- 2C. Dr. Andy Johnsen, Superintendent, commented on the conversations about budgets and crafting our LCAP. We all recognize this is not fun and don't want to be in this financial position. The last time we dealt with this our reserves were higher and the pension obligations weren't so costly. We will hold a board study session next month to have an open conversation about it. We are hopeful we'll be able to work it through collaboratively. Thank you for your support.
- N. President Ferrante asked if there was any further business to come before the board. There Adjournment being none, the president declared the regular board meeting adjourned at 7:30 p.m.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

In my 11 years as a member of the Governing Board, I have been involved in the selection committee for the Superintendent, Assistant Superintendent, Director and Principal searches. I have attended many functions representing the District and Governing Board in the community as well as having attended program assemblies, open houses, and parent nights at each of the school sites. Furthermore, I have visited each classroom in the District each year I have been a Governing Board member. I have completed the Masters in Governance Program and have attended the annual conferences in which I have strengthened my abilities and understanding as a member of the Governing Board. I have been involved in several committees throughout the community (health care, immigration, NALEO, etc.). I have served on the committee for the City area plan, which includes affordable housing. I also serve on the Board of Directors for the San Diego Organization Project (SDOP). With the SDOP I worked to remove hazardous auto/body shops that were dangerously close to schools.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I am our Governing Board's liaison to the Delegate Assembly, where I have assisted several times on the validation committee for the Golden Bell Award. I have participated as Principal for a Day for the Sweetwater Union High School District. As Board Clerk, I represented our District on the South County Region Committee with the challenge of developing a common calendar. As Board President I worked with our community on the passing of a local bond to help with upgrading our schools. With the passing of the bond, our District was able to, on a very short timeline, complete electrical and technology upgrades as well as install air conditioning at several of our sites, with the completion of the remaining four schools in the summer of 2016. I have been involved in the development of our Strategic Plan as well as in the Local Control Accountability Plan. When re-elected, I shall continue to serve the diverse population of this region as well as the State that advocates for this region.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

There are three major challenges facing school boars in California. Fist the volatile funding mechanism that the State has in place for schools where we have good funding years and bad funding years. School boards are forced to make difficult decisions during tough economic times that often negatively impact students in the classroom. The second issue relates to the lack of statewide funding and support for the building and maintenance of school buildings. Over the past few years, the total cost and support for these types of initiatives have been solely placed on the local communities. This is a major issue, especially in low income communities where school districts are less able to raise the money than school districts in more affluent communities. The third issue relates to testing and accountability and the need to have clear and fair accountability systems in place that support and encourage maximum student achievement in the State. CSBA can act as a voice for change and as an advocate for districts.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

As a board member, I believe my role is to empower and advocate for the students, staff, and parents that I serve. I feel honored to support the community where I also grew up. I am hard working, organized, reflective, and reliable; and believe that these are strong skills needed to be an effective delegate. My reputation is one who will provide a voice for all stakeholders, and one who is not afraid to ask difficult questions. I am proud of the growth that we have achieved at the local level since I have been on the Board, and would love to contribute at an even greater level as a Delegate for Region 17.

Please describe your activities and involvement on your local board, community, and/or CSBA.

Serving as Board President for 2018, and Board Clerk for 2017, have provided me valuable leadership experience. I would characterize my involvement as an active Board member at meetings, visible at our school sites, and connected with the community. I am a CSBA Master's in Governance graduate, and regularly participate in CSBA workshops, Legislative Action Days, as well as the annual conference. In addition, I am an involved member of the National Association for Latino Elected Officials, and stay well connected with our local legislators. I've also held president and Board positions for the local youth football and cheer program, school PTO, and my neighborhood homeowners association.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenge facing Governing Boards is securing fair funding from the State. Boards constantly have to balance expenditures for mandates and laws, with local initiatives and programs. Special education and pension increases are just two areas where the state needs to allocate adequate funding to meet mandates. Without fair funding, Boards are forced to find ways to cut programs in order to pay for these requirements. CSBA can continue to support local Boards with this effort by suggesting resolutions and policies, expanding the PACER program, facilitating Legislative Action Days, and supporting improved delegate communication throughout each region.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

As a mother of a school aged child, I am strongly interested in protecting and improving public education in California. I am particularly interested in legislative processes and procedures and will be completing my Master's in Public Affairs from UC Berkeley in May. I enjoy bridging the gap between education and politics in order to help adults be better advocates for our kids.

Please describe your activities and involvement on your local board, community, and/or CSBA.

In my 5 years on the board, I have been board president twice and participate in the annual CSBA legislative action day. I am passionate about issues of equity and inclusion and am committed to working to bridge the achievement gap. I am a classroom and community volunteer and was awarded the 2018 Spirit of the Community award for my work as a social justice advocate.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenge governing boards face is the lack of adequate funding. In addition, Boards are also faced with challenges concerning student achievement and school facilities. I am very interested in working more with CSBA to leverage it's more than 5000 elected board members' voices to effectively advocate for better fiscal, educational, and facilities policy.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I have enjoyed serving as a delegate for the past five years; and wish to continue serving in this leadership capacity. I believe I still have much work to do as a delegate, especially in relation to advocacy around Full and Fair Funding. As a Board member, I am extremely involved in my community and can bring a greater voice into our delegate discussions. I have a love for children and value the ability for all to receive an exceptional education. As a delegate, I am a strong advocate and believe that I can help bring about positive change through collaboration and teamwork.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I would describe myself as an extremely active Board member. I have served in all positions including President and Clerk. Each week I visit schools, both formally with the Superintendent as well as through staff invitations. I regularly attend CSBA's annual Legislative Action Day, and support Board efforts at both the State and local level. I make it a point to visit other Board meetings in my area; and participate in collaborative joint school board's meetings with other South County Boards. To compliment my work on the board, I serve as the Executive Director for the Chamber of Commerce as well as the First Vice District Governor for the Lion's 4L6. I am extremely proud of our signature One Sight Clinic and our Annual Spirit of the Holiday's Programs.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

I believe that Full and Fair Funding is the biggest challenge currently facing governing boards. We need to continue to advocate at the State level through our collective voice as local boards and delegates. Having CSBA provide opportunities for delegate collaboration and open doors to legislators across the state is key in achieving our mission. If I am selected to continue in my role as delegate, I will wholeheartedly support these efforts.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I am seeking to become a California School Boards Delegate because I want to participate in the policy making process to ensure that the California School Boards Association reflects the interests of the National School District and all school districts and county offices throughout the state. I have completed the California School Boards Association Masters in Governance Program and will continue to gain insight by seeking every opportunity to be informed and continuing to learn. I believe that I am a strong communicator, and would be well-suited to provide two-way communication between the Delegate Assembly and local board members. I am ready to fulfill a critical governance role within the Association as a delegate.

Please describe your activities and involvement on your local board, community, and/or CSBA.

Community involvement and a fierce desire to advocate for the students of the National School District is my main motivation for having sought election to the National School District Governing Board. Now in my sixth year as a school board member, I continue to invest a great deal of time educating myself and gaining skills that will help me make informed decisions for the betterment of our students and our district. I have served both as president and clerk of my local Board; and regularly participate in district functions. Each year I engage in CSBA's Annual Education Conference as well as Legislative Action Day.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

I see the allocation of school districts' limited resources as the biggest challenge facing most governing boards. There are many additional programs and projects that would benefit our students, but there is only "one pot of money" and many essential financial responsibilities pertaining to running a district that must be considered. CSBA can help governing boards by continuing to foster effective relationships with the Legislature, the Governor's office, Congress, the White House, administrative agencies and educational organizations to provide us the latest news and facts so that we can render effective local policy decisions that affect our districts.

I am passionate about education on all levels, from the global to the local, as well as within my own home, where I am a mother to three children, ages 4, 3, and 1. I believe in education's power to transform, enhance, and empower lives and would like to be given the opportunity to contribute my voice in the discussion on how schools can best access this potential. My husband and I are both educators and our family has a vested interest in public education. I have taught in a variety of settings throughout both San Diego County and abroad in Mexico. Assembly.

Currently, I am a member of our local Legislative Action Network and participate in discussions regarding educational policy and reform with fellow legislative representatives at an annual legislative action day. In this role, I also attend the SF(2) annual update to stay current on state budget and policy adoptions. I have attended two CSBA Educational Conferences as well as the 2019 Legislative Action Day in Sacramento. I participate in monthly school site visits throughout our district along with other districts events such as school bond planning sessions, parent information events, and educational programming events. I am also a member of a regional school board book club that meets quarterly to discuss topics related to local educational trends, issues, and policy. Although last year I was unable to attend any of the Masters in Governance courses due to my parenting schedule, I plan to enroll in this series this year and begin this program.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenge I see that governing boards face is prioritizing and allocating limited resources while balancing the many and varied needs within the district. CSBA has a powerful voice across the state. School board members represent children, who are unable to vote, so we must act on their behalf and do our best to ensure they are receiving the highest quality education we can provide. CSBA can continue to advocate for full and fair funding, along with policy reforms that create more equity and expand educational opportunities for all students throughout the state of California. CSBA has the ability to be a model for other states to follow.

I would like to represent the nearly 4500 students and other members of our district and community so that their needs are met and we have the best opportunity to succeed. I have been on the SYSD governing board for the past year and have immersed myself in my role by actively participating in district events, engaging consistently with stakeholders and preparing myself through professional development in the form of Masters of Governance course, CSBA AEC and other resources.

I am the founder of the Gurmilan Fundation and actively participate in my community.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenges we face are declining enrollment, higher pension costs and higher Special Education cots. These huge issues are impacting our districts ability to provide fair and equal opportunity to all students. Other areas that need significant attention include social services and behavioral support for students, homelessness and deteriorating facilities.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

The CSBA delegation leads the policy discussion among district leadership and I am interested in being a voice in that conversation because policy is the most direct expression of our moral impertatives. As an educator, parent and board member, I can bring forth multiple perspectives. One skill I think is valuable to this work is focused patience. We cannot solve all of the flaws in our education system at once, but we can put our resources to bear on leverage points within the system to create change.

Please describe your activities and involvement on your local board, community, and/or CSBA.

On a local level, I work to be as connected to the community as I can. I attend local constituant meetings inculding NAACP, neighborhood associations and cultural events. Whenever possible, I report out on the district's progress, needs, and celebrations. We are working through many transitions in our community, so I am there to be an active community partner. I have also strived to develop relationships with other local officials to foster future collaborations on behalf of our students and families.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenge facing governing boards is the erosion of public trust. This challenge manifests in a number of ways across diverse communities. In some areas, we find parents searching for private, charter and alternative schools due to a general distrust of community schools. We see this distrust in our traditionally underserved communities where we are combating the realities of our day and the echoes of yesterday's inequity.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I have served on Region 17's executive board since 2014 as the legislative representative and most recently, as the board secretary. I have collaborated on important issues such as, lowering energy rate hikes, addressing the reserve cap, and advocating for additional funding to address growing pension liabilities and special education costs. With your vote, I would like to continue working with the Delegate Assembly team in Region 17 to represent the interests of our students, staff, and families in San Diego County. I have completed CSBA's Masters in Governance; and, I completed CASBO's certification in school finance and management at the University of Southern California.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I am currently serving as the Clerk to the Board in Carlsbad Unified. I serve as the board representative on our district's audit committee, the California Association of Suburban School Districts, the School Services of California group, and the subcommittee on Community Choice Energy (CCE). I have served as a Golden Bell site validator for 3 years for CSBA. I am the secretary to the board of the San Diego County School Boards Association. In my community, I am the legislative representative for the Carlsbad High School PTSA. I am also the costume coordinator for the Carlsbad High School Choral Boosters.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

I believe the biggest challenge facing boards will be the growing fiscal constraints that pension liabilities and the costs of special education will place on their budgets. Without any legislative plan in place to grow the base funding for LCFF, districts will continue facing difficult decisions of cutting the LCAP priorities their constituents want and core educational services. CSBA has a plan to help address the funding shortfall through a ballot measure being placed on the November 2020 ballot. There will be much work to do to educate voters about the measure so they know what their vote will mean to schools. CSBA must also continue to address the lack of commitment by the state and federal government to pay their fair share of the growing needs for special education.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I would like to become a Delegate because I am a strong advocate for public education. I have an interest in helping shape policy to strengthen California's educational system so that every student can have the highest quality education possible. By profession, I am an attorney with degrees from UC Berkeley and Cornell Law School and I have worked as a business litigator for a number of years. I offer an analytical and strategic way of thinking to solve problems, and an understanding of how to colloborate with numerous interests in order to reach larger goals.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I am newly appointed to my school board this past year. I serve as our board's clerk and as the representative to the North Coastal Consortium for Special Education. I came to the board after helping to lead my community's campaign efforts in passing our local school bond measure which secured \$186 million that will be used in part to build a new school in my immediate neighborhood and rebuild another school in the district. I am also active as a volunteer in my son's kindergarten class and as a patient companion for hospice patients.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The major challenge I see facing local boards is the lack of resources and stable funding. California school districts need additional, dependable funding to provide the essential student services, modern facilities and breadth of educational programming needed for student success. As funding has fallen behind, student performance has suffered. CSBA can continue to advocate for the state government to invest in public education and to inform the public about the necessity of having full and fair funding of our public schools. CSBA can also continue to provide resources to member boards that can be disseminated into our local communities.

I have been a delegate for the last several years. I was the President of San Diego Co. School Boards Assoc. and Vice President of CSBA. I have spent time in Region 17 bringing districts together to collaborate on current issues. We have used our meetings as a place to share ideas, hear presentations, and problem solve. I am a team player.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have been Board President on my local board for five years serving three different times. I have been intricately involved with legislation and worked to secure the CalNew grant for school districts with large refugee populations. I have spoken at multiple education conferences, presented multiple times at CSBA AEC, and continue to advocate for ALL students. I have attended Leg Action day for the last five years, and have my MIG Alumni pin. I am respected as a leader for education in my area.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

Along with funding, the biggest challenges facing Boards is the challenge to meet student needs in world that is constantly changing. We must look at our current system of education and realize that it no longer fits in today's world. We need the funding to make changes necessary to become facilitators for students who we are preparing for the workplace of tomorrow. We need to let Sacramento know that adding more mandates is rapidly diminishing our already outdated funding base.

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

My experience as a CSBA Delegate has helped me grow as an educational advocate by providing me the environment to learn more about legislation affecting education. My extensive experience as an educator, professional development coordinator and program coordinator at the Community College level makes me a valuable asset to CSBA. I am a retired community college professor with 34 years of experience, teaching Cosmetology (CTE) for 16 years and English/Chicano/a Studies for 18 years. I will be returning as Professor Emeritus to San Diego City College Spring 2020 so that my students can keep me informed about how our current educational system is effecting their learning experiences. Our students feed to us from the lowest socioeconomic regions in our city and are the most diverse population of any college in our region, so I know the importance of integrated student services and academic support programs, including student centered pedagogy/andragogy, and project based learning to ensure student success. For the last 15 years I have coordinated PD programs, ensuring the conscientious implementation of multiple state mandated initiatives and federal, and state grants. As a CSBA Delegate I would support and advocate for more PD for all staff members, culturally relevant and experiential education for our students; and most importantly, adequate funding for our schools.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have attended every CSBA Conference since I was elected to office in 2016 and I advocated for education at the CSBA Legislative Action Day. Working alongside CSBA leadership, our Superintendent, his staff and seasoned board members, I educate myself on the most important educational issues and serve as a staunch promoter of legislative change. I met with many legislators here in San Diego, including Lorena Gonzalez and Ben Hueso. I attend SDCSBA regional meetings regularly. In my district, I have attended events at or toured all 13 high schools and other sites, officiated numerous graduations, attended many award ceremonies and represented our board on the District English Learner Advisory Committee. I participate in and advocate for clear pathways from high school to college through the East County Educational Alliance; this coalition was created by the Grossmont-Cuyamaca Community College District and the Grossmont Union High School District to provide East County high school students a more direct path to college and a career. In the community, The San Diego Performing Arts League awarded me with the **Star Award** for bringing more than 3000 underserved students to the La Jolla Playhouse. Most recently I was included in the book *Chicana Tributes: Activist Women of the Civil Rights Movement-Stories for the New Generation* for the work I have done in the immigrant rights communities.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The biggest challenge facing governing boards is the lack of public school funding to provide first-rate education that prepares our students for a culturally diverse, technologically sophisticated and global society. Our teachers, staff and administrators are being asked to do more and more with fewer and fewer resources. Accountability to the state is high and fiscal support is very low. In our district, inadequate charter schools are taking resources sorely needed by our schools; stricter regulation is needed. State funding timelines and monetary fluctuations, always a guessing game, makes it impossible to create a solid 5-year education plan or fiscal consistency. It is imperative that CSBA advocates for an increase and adequate revenue for public education, and charter school accountability through upcoming legislation.

Re: Elva Salinas, CSBA Region 17 Delegate Assembly

Dear Members of the Governing Board:

The Governing Board of the Grossmont Union High School District unanimously nominated Trustee Elva Salinas as a candidate for the Delegate Assembly of the California School Boards Association, representing Region 17 in San Diego County.

Trustee Salinas was elected to the Governing Board in 2016, and has just completed her third year as a GUHSD Trustee. Ms. Salinas has served on the District's English Language Advisory Committee (DELAC), a committee comprised of parent representatives from each of the District's schools, and also represented the District at the East County's Skilled Workforce Development Committee (SKWD), a community partner organization. She currently serves as the Governing Board's Representative on the District's Audit and Finance Committee and the San Diego County Educational Facilities Board, where she represents the District's facility interests in a joint-owned property.

Ms. Salinas is very involved and active throughout the District; she attends as many events as her schedule allows, and volunteers for activities available to the Governing Board Members. Due to her commitment to the District, Ms. Salinas was elected as the Clerk of the Governing Board for the past 3 years, and was re-elected again for 2020.

Trustee Salinas has 35 years of experience in both Career Technical Education and Academic Education, where she served as a Professor and Professional Development Coordinator at San Diego City College prior to her retirement. Professor Salinas has received numerous awards throughout her career. She received the California Community College Board of Governor's Exemplary Professional Development Award for a program she created: "Pedagogy of Love: Organic Praxis in Teaching and Learning" and received the Chicana Conciente Educator Award-Raza for Educators, among others.

The GUHSD Governing Board is proud to support Trustee Elva Salinas as a CSBA Delegate Assembly Candidate for Region 17.

It continues to be an honor to serve as a CSBA delegate, helping to formulate policy for the association, as well as assisting school boards throughout California in their vital work. I am a passionate advocate for public education, having traveled numerous times to Sacramento with CSBA, and to Washington, DC with NSBA to advocate on behalf of public education. I am a "big picture" thinker, and make decisions within that context in order to ensure that our actions benefit the greatest number of students. I am an articulate speaker, and have experience in dealing with the media. This year I was priviledged to participate on CSBA's Nominating Committee, ensuring that the association has the best possible leadership as it moves into the future.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have served on the EUSD Board for 21 years. During my tenure I have been Board President five times. As noted above, I have attended legislative advocacy sessions as part of both CSBA and NSBA. I am a continuous learner, having completed the Masters in Governance program, and look forward to continuing my learning with CSBA's new online platform. I have consistently attended CSBA's AEC, as well as numerous NSBA Conferences, and have presented at both. I have also attended both of CSBA's Leadership Conferences.

I have a long history of leadership in my community, serving as EUSD's school bond campaign co-chair, school site council chair, PTA Legislative Vice President, and SDA Foundation President

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

We must continue to defend and promote public education as the keystone of a democratic society. We must ensure that public education is fully and fairly funded in California, so we can provide the world class, forward-looking education that our children deserve. Our advocacy efforts and educational efforts are critical in making this happen.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

CSBA just released a report on Special Education and the rising cost of services/litigation. This an opportunity for school districts to examine how we can better support SpEd Students and advocate at the state/federal level. In addition, we have many districts that have declining enrollment, these leads to budget cuts over time while trying to remain competitive with charter schools. AB 1505 was signed by the Governor for a stronger process, we need to continue to examine loopholes and push for the same level of accountability of charter schools. Finally, we have an election in 2020 that we can push for a state initiative to bring addition funding to K-12.

Lakeside Union School District Board of Trustees Guiding Principles for 2020-21 Budget Development

BACKGROUND

Along with a great majority of school districts in San Diego County and across the State, we are facing budget challenges from several cost pressures, including: 1) declining enrollment, 2) a slowing economy and constrained revenue growth, 3) rising pension contributions, 4) increasing costs to serve Special Education students, and 5) rising health care. In response, we will manage our funds diligently and with a multi-year perspective to ensure continued outcomes for our students.

GUIDING PRINCIPLES

To honor the values of our families and community, financial decisions will be guided by our Local Control and Accountability Plan (LCAP). Within available resources, we will:

Maintain a breadth of educational opportunities and support services within a variety of safe learning spaces for our students.

Attract, develop, and retain staff in a manner that supports professional growth and instructional effectiveness. Work in partnership with staff and labor partners to provide quality programs and services, and to maintain a competitive level of compensation (including salaries, benefits, and working conditions) that is financially sustainable.

Work collaboratively with families, employee groups, and community to gain input towards designing an LCAP that provides a high-quality educational program that serves all students while advancing the District's goals over time.

Implement equitable, student-centered allocations to schools and empower local need based decision-making within our School Site Councils and other leadership groups (School Plan for Student Achievement, SPSA).

FIDUCIARY RESPONSIBILITY

To maintain compliance with our fiduciary responsibility and demonstrate commitment in the role of stewards of public trust, we will:

Ensure an adequate reserve for economic uncertainty exists and build the reserve whenever possible, in order to set aside funds for the future and smooth the volatility of the budget over time.

Consider reducing or eliminating grant related functions/expenditures in the event of a reduction or elimination of grant funds.

Identify and prioritize opportunities to improve operational efficiencies.

Maintain compliance with State and Federal regulations

Budget Reductions – Decision-Making Guide

- 1. Maintain compliance with Local, State (including LCAP) and Federal regulations without creating potential for financial penalties, or increased costs
- 2. Maintain compliance with Collective Bargaining Agreements
- 3. Always consider non-staffing reductions before staffing reductions.

The Client shall determine the pricing for its facilities rental, application, equipment usage, custodial and other associated services provided by the Client (the "Client Fee").

The Client shall select from one of the following End User service fee/commission options (*note:* the Client may change the original selection at any time, even after the service has started, for all new reservations):

Option 1: variable commission (default)

"The Client agrees to pay the Company a commission of 8% to 12% of the total Client Fee amount per Transaction which shall be deducted from the client's payment. Company shall remit all collected Client Fee payments for completed rentals minus applicable commission and any End User refunds to the Client on a monthly basis, and such funds must be sent by Company to Client by the 20th day of the following month."

The commission paid by the Client is based on the Client Fee amount charged by the Client in each bracket as follows:

On Transaction amount over	But equal or less than	Service Fee
\$0	\$500	12%
\$500	\$1,000	11%
\$1,000	\$1,500	10%
\$1,500	\$2,000	9%
\$2,000		8%

Example 1: Client Fee \$50. Service Fee/Commission = \$50*12% = \$6.00 Example 2: Client Fee \$625. Service Fee/Commission = \$500*12% + \$125*11% = \$73.75

Option 2: fixed commission

"The Client agrees to pay the Company a commission of 10% of the total Client Fee amount per Transaction which shall be deducted from the client's payment. Company shall remit all collected Client Fee payments for completed rentals minus applicable commission and any End User refunds to the Client on a monthly basis, and such funds must be sent by Company to Client by the 20th day of the following month."

Option 3: pass-through

"Company shall charge End Users a service fee in the amount of 8% to 12% of the total Client Fee amount per Transaction. Company shall remit all collected Client Fee payments for completed rentals minus any End User refunds to the Client on a monthly basis, and such funds must be sent by Company to Client by the 20th day of the following month."

The service fee charged to the End User is based on the total Client Fee amount charged by the Client in each bracket as in the table above.

Option 4: split

"Company shall charge End Users a service fee in the amount of 5% of the total Client Fee amount per Transaction. The Client agrees to pay the Company a commission of 5% of the total Client Fee amount per Transaction, which shall be deducted from the Client's payment. Company shall remit all collected Client Fee payments for completed rentals minus applicable commission and any End User refunds to the Client on a monthly basis, and such funds must be sent by Company to Client by the 20th day of the following month."

Company does not charge any fees for bookings that result in a \$0 total fee to the requester.

Client has the ability to change facility use request prices and fees at any time, and the Company's service fee and commission will be automatically adjusted accordingly. <u>For example,</u> if the Client adjusts prices and fees for a particular reservation to \$0 then the Company's service fee and commission will automatically adjust to \$0.

Option 1 (variable commission) will be used if section below is left blank.

SHORT FORM CONSTRUCTION CONTRACT

This CONTRACT made and entered into this <u>28th</u> day of <u>January</u>, 2020, by and between **LAKESIDE UNION SCHOOL DISTRICT** ("District") and **TAD EXCAVATION** ("Contractor"). District and Contractor are sometimes individually referred to herein as "Party" and collectively as "Parties."

WITNESSETH: That the Parties hereto have mutually covenanted and agreed, and by these presents do covenant and agree with each other, as follows:

- 1. <u>Contract Documents</u>. The complete contract includes all the Contract Documents, to wit:
 - A. Contract;
 - B. Bond(s) N/A executed in connection herewith;
 - C. Scope of Work set forth in **Exhibit "A**" dated JANUARY 15, 2020;
 - D. Certificate(s) of Insurance; and
 - E. All official papers and documents relating to the work to be performed hereunder which are not included in **Exhibit "A**" (i.e., technical drawings, etc.).
- Scope of Work. Contractor agrees to perform the work and to furnish all tools, 2. equipment, apparatus, facilities, labor and material necessary to perform and complete in a good workmanlike manner, all parts of the work as called for in a manner designated in and in strict conformance with the scope of work set forth in Exhibit "A," attached hereto and incorporated herein ("Scope of Work" or "Project") and the Contract Documents. It is understood and agreed that said tools, equipment, apparatus, facilities, labor and material shall be furnished and said work performed and completed as required in said Scope of Work under the direction and supervision of, and subject to the approval of District's authorized representative. Contractor's Work shall also be consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Work. Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Work assigned to them. Finally, Contractor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Work, including a Business License, and that such licenses and approvals shall be maintained throughout the term of this Contract. As provided for in the indemnification provisions of this Contract, Contractor shall perform, at its own cost and expense and without reimbursement from District, any work necessary to correct errors or omissions which are caused by Contractor's failure to comply with the standard of care provided for herein. Any employee who is determined by District to be uncooperative, incompetent, a threat to the safety of persons or the Work, or any employee who fails or refuses to perform the Work in a manner acceptable to District,

shall be promptly removed from the Project by Contractor and shall not be re-employed on the Work.

- 3. <u>Compensation</u>. As consideration for performance of the Work required herein, District agrees to pay Contractor on a time and materials basis as set forth herein, a not-to-exceed amount of **EIGHTEEN THOUSAND THREE HUNDRED FIFTY** (\$18,350) ("Total Contract Price") provided that such amount shall be subject to adjustment pursuant to the applicable terms of this Contract or written change orders approved and signed in advance by District.
 - A. Subject to paragraph 3(B) below, District shall pay for such services on a time and materials basis in accordance with the Schedule of Charges set forth in Exhibit "B."
 - B. Periodic payments shall be made by District to Contractor within thirty (30) days of District's receipt of an application for payment from Contractor for services rendered. Payments to Contractor for work performed will be made on a monthly billing basis. The application shall include all information required by District and shall be in a format approved by District. This application shall be supported by evidence which is required by this Contract and such other documentation as District may require. The Contractor shall certify that the Work for which payment is requested has been done and that any materials listed are stored where indicated. District shall review and pay the payment request in accordance with the provisions set forth in Section 20104.50 of the California Public Contract Code.
 - C. <u>Labor and Material Releases</u>. Contractor shall furnish District with labor and material releases from all subcontractors performing work on, or furnishing materials for, the Work governed by this Contract prior to final payment by District.
- 4. <u>Retention</u>. For contracts greater than Five Thousand dollars (\$5,000), Public Contract Code section 9203 requires progress payments and retention based on the percentage of actual work completed plus a like percentage of the value of material delivered and unused. Therefore, District will withhold as retention five percent (5%) of all billings and the Total Contract Price until final completion for projects exceeding \$5,000 and acceptance of the project. District, at its sole discretion, shall release retention proceeds withheld from any payment within sixty (60) days after the date of "completion" of the work as defined in the Public Contract Code section 7107. If a dispute arises between the contractor and District, District may withhold an amount from the final payment not to exceed one hundred and fifty percent (150%) of the disputed amount, as well as any other amounts permissible under this Agreement and/or California law.
- 5. <u>Other Retentions</u>. In addition to Contract retentions, District may deduct from each progress payment an amount necessary to protect District from loss because of: (1)

liquidated damages which have accrued as of the date of the application for payment; (2) any sums expended by District in performing any of Contractor's obligations under the Contract which Contractor has failed to perform or has performed inadequately; (3) defective Work not remedied; (4) stop notices as allowed by state law; (5) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract Price or within the scheduled completion date; (6) unsatisfactory prosecution of the Work by Contractor; (7) unauthorized deviations from the Contract; (8) failure of Contractor to maintain or submit on a timely basis proper and sufficient documentation as required by the Contract or by District during the prosecution of the Work; (9) erroneous or false estimates by Contractor of the value of the Work performed; (10) any sums representing expenses, losses, or damages as determined by District, incurred by District for which Contractor is liable under the Contract; and (11) any other sums which District is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including Section 1727 of the California Labor Code. The failure by District to deduct any of these sums from a progress payment shall not constitute a waiver of District's right to such sums.

- Substitution of Securities. Pursuant to California Public Contract Code section 22300, 6. Contractor may substitute securities for any money withheld by District to ensure the performance under the Contract. At the request and expense of Contractor, securities equivalent to the amount withheld shall be deposited with District, with the State or federally chartered bank as the escrow agent, who shall return such securities to the Contractor upon satisfactory completion of the contract. Deposit of securities with an escrow agent shall be subject to a written agreement between the escrow agent and District, which provides that no portion of the securities shall be paid to the Contractor until District has certified to the escrow agent, in writing, that the contract has been satisfactorily completed. District shall certify that the contract has been satisfactorily completed within sixty (60) days of work "completion" as defined in Section 7107(c) of the California Public Contract Code. Securities eligible for investment under this section shall be limited to those listed in Section 16430 of the Government Code, bank or savings & loan certificates of deposit, interest-bearing demand deposit accounts, stand-by letters of credit, or any other security mutually agreed to by the Contractor.
- 7. <u>Time for Completion/Liquidated Damages</u>. Work shall commence on January 28, 2020 and shall be completed by Contractor and usable by District on or before March 28, 2020. If the Work is not completed and usable by District, it is understood that District will suffer damage. In accordance with Government Code section 53069.85, being impractical and infeasible to determine the amount of actual damage, it is agreed that Contractor shall pay District as fixed and liquidated damages, and not as a penalty, the sum of Five hundred (\$500) for each and every calendar day of delay beyond the time prescribed in the Agreement for finishing the Work. In the event this is not paid, the Contractor agrees that District may deduct that amount from any money due or that may become due the Contractor under the Contract.

- 8. <u>Insurance</u>. Without limiting Contractor's indemnification, it is agreed that Contractor shall secure and maintain in force during the term of this Contract a Commercial General Liability and Property Damage Insurance (including automobile insurance) which provides limits of not less than:
 - 1) Per occurrence (combined single limit) \$1,000,000.00
 - 2) Project Specific Aggregate (for this project only) \$2,000,000.00
 - 3) Products/Completed Operations (included in Comm. Gen. Liability)

District shall be named as an additional insured on the policies by endorsements. The policy shall provide that it is primary, such that insurance maintained by District, if any, shall be excess and not co-primary. A copy of the declarations page of Contractor's insurance policies shall be attached to this Contract as proof of insurance. Except for worker's compensation insurance, the policy shall not be amended or modified and the coverage amounts shall not be reduced without District's prior written consent, and, District shall be named as an additional insured and be furnished thirty (30) days' written notice prior to cancellation. State Priority: Pupil Achievement

The SARC provides the following information relevant to t. State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment 5 Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the operal education population and the California Alternate Assess [CAAs] for English language arts/literacy [ELA] and mathematiin grades three through eight and grade eleven. Only eligible sc. may participate in the administration of the CAAs. CAAs items an aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

RESOLUTION NO. 2020-10

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE LAKESIDE UNION SCHOOL DISTRICT APPROVING THE <u>REVISED</u> TIERRA DEL SOL MIDDLE SCHOOL GYMNASIUM PROJECT, MAKING CALIFORNIA ENVIRONMENTAL QUALITY ACT CATEGORICAL EXEMPTION FINDINGS, APPROVING THE "PIGGYBACK" AGREEMENT FOR THE REVISED PROJECT, AND APPROVING THE EXPENDITURE OF BOND PROCEEDS FOR THE REVISED PROJECT

WHEREAS, the Lakeside Union School District ("District") is a school district duly created, established and authorized to exercise its powers under and pursuant to the California Constitution and Education Code section 35000, *et seq.*; and

WHEREAS, the District previously contemplated and approved construction of the Tierra Del Sol Middle School Multipurpose Room Project ("Prior Project") pursuant to Resolution No. 2019-24, which was adopted by the District's Board of Trustees at a Special Meeting held on June 6, 2019; and

WHEREAS, the District proposes to revise the Prior Project to include refurbishment of the existing multi-purpose room building and include construction of the new MODUS Systems, Inc. Gymnasium and Auxiliary Building at the Tierra del Sol Middle School located at 96111 Petite Lane, Lakeside, California 92040 ("Revised Project"); and

WHEREAS, the proposed Revised Project includes the purchase and delivery of modular building components for the completion of the Gymnasium, Auxiliary Gym Building, Wall Mounted Drinking Fountain, 6" Ames Fire Riser, Exterior Door, and Interior Door (the "Scope of Work"); and

WHEREAS, under the requirements of the California Environmental Quality Act ("CEQA") the District is the lead agency that must consider the potential environmental effects before approving the Revised Project; and

WHEREAS, the Guidelines for CEQA, California Code of Regulations Title 14, Chapter 13 ("State CEQA Guidelines"), exempt certain projects from further CEQA evaluation, including projects consisting of: the replacement and reconstruction of existing facilities ("Class 2 Exemption" - 14 Cal. Code Regs. § 15302); and projects consisting of minor additions to existing schools ("Class 14 Exemption" - 14 Cal. Code Regs. § 15314), and the proposed Project's Scope of Work demonstrates that the Project is categorically exempt under these two exemptions as further described in the Notice of Exemption and Preliminary Exemption Assessment attached hereto as **Exhibit "A"**; and

WHEREAS, the District has considered whether the Revised Project is subject to any of the exceptions to categorical exemptions set forth in State CEQA Guidelines section 15300.2; and

WHEREAS, the District has determined that the Revised Project is not subject to any of the exceptions to exemption set forth in State CEQA Guidelines section 15300.2; and

WHEREAS, the District has considered whether the Revised Project may have a significant effect on the environment; and

WHEREAS, the District has concluded, through its own independent review and analysis that the Revised Project will not have a significant effect on the environment; and

WHEREAS, the District wishes to approve the agreement with ESR Construction ("Contractor") for the Revised Project, utilizing the Contractor's "Piggyback" Bid with New Jerusalem Elementary School District pursuant to Public Contract Code sections 20118 and 20652, and any other applicable law ("Agreement"); and

WHEREAS, in order to pay for the costs associated with the design, procurement and completion of the Revised Project, the District intends to utilize general obligation bond funds from Measure L which was approved by the voters on November 4, 2014, and which authorized the District to issue \$31 million in general obligation bonds (the "Authorization") to modernize, replace, renovate, construct, equip, furnish, rebuild, and improve the District's educational facilities, including but not limited to the Revised Project and its Scope of Work; and

WHEREAS, on November 15, 2018, the District issued its General Obligation Bonds, 2014 Election, Series B in the principal amount of \$15,000,000 (the "2018 Bonds") pursuant the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, a resolution adopted on September 13, 2018 and the Authorization; and

WHEREAS, the District now desires to formally authorize the use of proceeds from the 2018 Bonds to pay for the design and construction costs associated with the Revised Project and its Scope of Work.

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE LAKESIDE UNION SCHOOL DISTRICT HEREBY RESOLVES AND FINDS THE FOLLOWING:

1. <u>Recitals</u>. The recitals set forth above are true and correct.

2. <u>Finding of No Significant Environmental Impact</u>. The District has considered whether the Revised Project may have a significant effect on the environment and has concluded, after reviewing the Revised Project through its own independent review and analysis, that the Revised Project will not have a significant effect on the environment.

3. <u>Finding of Categorical Exemption</u>. The Revised Project is categorically exempt from further CEQA review on multiple grounds discussed below.

- a) The Revised Project is exempt from CEQA under a Class 2 categorical exemption (State CEQA Guidelines, § 15302) because the Revised Project replaces the previously existing multi-purpose room building without increasing student capacity of the school only enhancing existing educational programs.
- b) The Revised Project is also exempt from CEQA under a Class 14 categorical exemption (State CEQA Guidelines, § 15314) which categorically exempts minor additions to existing school sites that do not increase existing student capacity by 25% or 10 classrooms, whichever is less. Here the Revised Project does not expand classroom space or student capacity at all and instead creates additional support space to expand/enhance existing physical educational and other programs planned as part of the Revised Project.

4. <u>Finding of No Exception to Categorical Exemption</u>. None of the exceptions to use of a categorical exemption identified in State CEQA Guidelines section 15300.2 are

present. Specifically, the Revised Project will not impact a particularly sensitive environment, will not result in significant cumulative impacts, does not involve unusual circumstances that present a reasonable possibility of a significant effect, does not result in damage to scenic highways, is not on a parcel identified as a hazardous waste site, and will not cause a substantial adverse change in the significance of a historical resource.

5. <u>Notice of Exemption</u>. The District Superintendent or his designee is hereby authorized and directed to file and/or record a Notice of Exemption from CEQA, in substantially the form attached hereto as **Exhibit "A,"** with any and all appropriate public agencies or entities.

6. <u>Approval of Piggyback Agreement for the Revised Project</u>. The District Superintendent or his designee is hereby authorized and directed to take all other actions necessary to execute and deliver the Agreement for the Contractor to commence work on preparation of the plan and specifications of the Revised Project, for the not to exceed price set forth in the Piggyback Agreement attached hereto as **Exhibit "B."**

7. <u>Approval of Expenditure of 2018 Bond Proceeds for the Revised Project</u>. The District further approves the Revised Project and the Scope of Work set forth herein and hereby formally authorizes the expenditure of the 2018 Bond proceeds for the Revised Project. The District issues such approval in conformance with all applicable laws, including, but not limited to section 15284 of the California Education Code and shall be considered validly authorized in accordance with California Code of Civil Procedure section 860 et seq.

8. <u>Authority to Take All Actions Necessary</u>. The District Superintendent or his/her designee is hereby authorized and directed to take all other actions necessary to give effect to and comply with the terms and intent of this Resolution.

9. Effect. This Resolution shall take effect immediately upon its passage.

The foregoing Resolution was duly passed and adopted at a meeting of the Board held on February 13, 2020, by the following vote:

9.	Reason why project was exempt:	State CEQA Guidelines section 15302 provides a categorical exemption for projects that replace an existing structure or facility "where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced." Here the Project would replace an existing under utilized multi-purpose room building with a new multi-purpose room without increasing student capacity of the school only enhancing existing educational programs.
		The Project is further exempt under State CEQA Guidelines section 15314. That section categorically exempts minor additions to existing school sites that do not increase existing student capacity by 25% or 10 classrooms which ever is less. Here the Project does not expand classroom space or student capacity at all and instead creates additional support space to expand/enhance existing educational programs.

CAMPUS SECURITY

The Governing Board is committed to providing a school environment that promotes the safety of students, staff, and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

(cf. 4158/4258/4358 - Employee Security) (cf. 5131.5 - Vandalism and Graffiti) (cf. 5142 - Safety)

The Superintendent or designee shall develop campus security procedures, which may be included in the district's comprehensive safety plan and/or site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

(cf. 0450 - Comprehensive Safety Plan)

Surveillance Systems

In consultation with the district's safety planning committee, other relevant stakeholders, and staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

(cf. 5131.1 - Bus Conduct) (cf. 5145.12 - Search and Seizure)

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous and targeted locations around school buildings and grounds. These signs shall state that the facility uses video surveillance equipment for security purposes and that the equipment may or may not be actively monitored at any time. The Superintendent or designee shall also provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur and that the recordings may be used in disciplinary proceedings and/or referred to local law enforcement, as appropriate.

(cf. 5144 - Discipline) (cf. 5144.1 - Suspension and Expulsion/Due Process)

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

OPEN ENROLLMENT ACT TRANSFERS

The Governing Board desires to offer enrollment options in order to provide children with opportunities for academic achievement that meet their diverse needs. Such options shall also be provided to children who reside within another district's boundaries in accordance with law, Board policy, and administrative regulation.

Whenever a student is attending a district school on the Open Enrollment List as identified by the Superintendent of Public Instruction, he/she may transfer to another school within or outside of the district, as long as the school to which he/she is transferring has a higher Academic Performance Index. (Education Code 48354, 48356)

A parent/guardian whose child is attending a district school on the Open Enrollment List and who wishes to have his/her child attend another school within the district shall apply for enrollment using BP/AR 5116.1 - Intradistrict Open Enrollment.

(cf. 5116.1 - Intradistrict Open Enrollment) (cf. 5117 - Interdistrict Attendance)

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, the Board hereby waives the January 1 deadline in Education Code 48354 for all applications for transfer from nonresident parents/guardians of children attending a school on the Open Enrollment List in another district. Transfer applications shall be submitted between January 1 and February 28 of the preceding school year for which the transfer is requested.

(cf. 5111.1 - District Residency) (cf. 5111.12 - Residency Based on Parent/Guardian Employment)

The Board may deny a transfer out of or into the district upon a determination by the Board that the transfer would negatively impact a court-ordered or voluntary desegregation plan in accordance with Education Code 48355.

Standards for Rejection of Transfer Applications

Pursuant to Education Code 48356, the Board has adopted the following standards for acceptance and rejection of transfer applications submitted by a parent/guardian of a student attending a school in another district on the Open Enrollment List. The Superintendent or designee shall apply these standards in accordance with Board policy and administrative regulation and shall ensure that the standards are applied uniformly and consistently.

As applicable, the Superintendent or designee may deny a transfer application under any of the following circumstances:

1. Upon a determination that approval of the transfer application would negatively impact the capacity of a program, class, grade level, or school building, including:

- a. The class or grade level exceeding the district's limits pursuant to the state Class Size Reduction Program or the Morgan/Hart Class Size Reduction Program for Grades 9-12
- b. The site, classroom, or program exceeding the maximum student-teacher ratio specified in the district's collective bargaining agreement
- c. The site or classroom exceeding the physical capacity of the facility pursuant to the district's facilities master plan or other facility planning document
- d. The class or grade level exceeding capacity pursuant items #a-#c above in subsequent years as the student advances to other grade levels at the school

(cf. 6151 - Class Size) (cf. 7110 - Facilities Master Plan)

- 2. Upon a determination that approval of the transfer application would have an adverse financial impact on the district, including:
- a. The hiring of additional certificated or classified staff
- b. The operation of additional classrooms or instructional facilities
- c. Expenses incurred by the district that would not be covered by the apportionment of funds received from the state resulting in a reduction of the resources available to resident students

Appeal Process for Denials of Transfer Applications

A parent/guardian may appeal the district's denial of a transfer application to the Board by filing a written request of appeal with the Superintendent or designee within 10 days of the receipt of the written notification of denial. In addition, a parent/guardian who believes he/she has been subject to discrimination may file an appeal using the district's Uniform Complaint Procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

Program Evaluation

The Superintendent or designee shall collect data regarding the number of students who transfer out of the district pursuant to the Open Enrollment Act. He/she also shall collect data regarding the number of students who apply to transfer into the district, the number of requests granted, denied, or withdrawn, and the district schools and programs receiving applications.

When the Superintendent or designee anticipates that a particular school will receive a large number of transfer applications, he/she shall study the enrollment pattern at that school in order to anticipate future resident enrollment at the school and at the district schools into which those students would normally matriculate.

The Superintendent or designee shall regularly report to the Board regarding the implementation of this program.

(cf. 6173.2 - Education of Children of Military Families)

The parent/guardian's application may request enrollment of his/her child in a specific school or program. Except for such specialized admission requirements, the Superintendent or designee shall not consider the student's previous academic achievement, athletic performance, physical condition, English language proficiency, family income, or any of the prohibited bases for discrimination listed in Education Code 200. (Education Code 48354, 48356)

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 6172 - Gifted and Talented Student Program)

(Education Code 48356)

Within 60 days of receiving the application, the Superintendent or designee shall provide written notification to the parent/guardian and the student's district of residence as to whether the application has been accepted or rejected. If the application has been rejected, the notice shall state the reasons for the rejection. If the application has been approved, the notification shall specify the particular school site and the school's address to which the student has been admitted. (Education Code 48357; 5 CCR 4702)

The Superintendent or designee shall ensure that the school to which the student is transferring has a higher API than the school in which the student was previously enrolled. (Education Code 48356)

The parent/guardian shall enroll his/her child on or before the first day of instruction or within 14 calendar days of receipt of the district's notice of approval of the application, whichever is later. If the parent/guardian fails to enroll his/her child within this timeframe, the district may decline to enroll the student. (5 CCR 4703)

Upon enrollment, the district shall grant the student any credits toward graduation that he/she received from his/her district of residence. The student shall be eligible for graduation from district schools upon completion of state and district graduation requirements. (Education Code 48358)

(cf. 6143 - Courses of Study) (cf. 6146.1 - High School Graduation Requirements) (cf. 6146.5 - Elementary/Middle School Graduation Requirements) (cf. 6162.52 - High School Exit Examination)

A student admitted to a district school through this process shall be deemed to have fulfilled district residency requirements pursuant to Education Code 48204 and shall not be required to reapply for enrollment in that school, regardless of whether his/her school of residence remains on the Open Enrollment List. (Education Code 48356; 5 CCR 4702)

Once admitted, a transfer student who wishes to matriculate into a district middle or high school or transfer to another district school shall reapply for admission to the new school pursuant to the requirements of Board policy and administrative regulation.

OPEN ENROLLMENT ACT TRANSFERS

PARENTAL NOTIFICATION: OPTION TO TRANSFER

[Date]

To the parents/guardians of students at School:

The purpose of this letter is to inform you that our school has been identified by the California Department of Education (CDE) as an Open Enrollment school for the _____ school year.

Why is our school on the Open Enrollment List?

The Open Enrollment Act, which became law in the spring of 2010, requires the CDE to annually create a list of 1,000 schools ranked by their Academic Performance Index (API). A school's API is a number that ranges from 200 to 1,000 and is calculated using the results for each school's students on statewide tests. The state has set 800 as the API target for all schools to meet. Schools that fall short of 800 are required to meet annual growth targets until that goal is achieved. Annual API growth targets will vary for each school.

For more information about how the Open Enrollment List is created, please visit the CDE's web site: http://www.cde.ca.gov/sp/eo/op.

What right does a parent have to request a transfer?

All parents/guardians of students attending a school on the Open Enrollment List have the option to request a transfer of their child to another school in this district or in another California district. The school to which your child transfers must have a higher API than the school your child is leaving. Our school's API is

The following district schools are available to accept transfers: [List schools with space available and higher API scores.]

If you would like to transfer your child to one of the schools listed above, please contact that school for information about applying for intradistrict open enrollment. Information about the performance and academic achievement of each available school is enclosed.

If you would like to transfer your child to a school in another district, you must contact that school district for information regarding their application procedures and timelines. To find a school with a higher API, go to the CDE's website: http://api.cde.ca.gov/reports.

Parents/guardians are responsible for providing transportation to and from the new school.

We will keep you updated and informed about opportunities to discuss plans for our school. If you have questions, need additional information on how you can get involved in our school improvement efforts, or would like to discuss the school's instructional program, please feel free to call me and/or visit the school.

PARTICIPATION OF INDIAN PUPILS

Pupils residing on Indian lands shall have the opportunity to participate in school district programs on an equal basis with all other pupils enrolled in the school district.

Further, in order to encourage the participation of the parents and tribes of such Indian pupils in the review, planning, and implementation of any educational programs funded under the provisions of Public Law 81-874, the district superintendent shall insure that:

- 1. Information regarding such programs is disseminated to tribes and parents of Indian pupils.
- 2. An opportunity shall be given to such tribes and parents to present their views regarding such programs and applications and, further, to participate in the development of such programs.
- 3. An Indian Advisory Committee (P.L. 874) shall be established to facilitate the implementation of this policy. Membership of said committee shall consist solely of tribal members from, or parents of Indian pupils residing on, Indian lands located within the Lakeside Union School District. The district superintendent shall formulate procedures governing the operation of the committee.

PARTICIPATION OF INDIAN PUPILS

- 1. The district superintendent shall ensure that the officials of the Barona tribe, the chairperson of the Title IV-A Parents Education Committee, and parents are periodically notified of district programs. Such notice shall include an annual invitation to address the participation of Indian children at a school board meeting during the first two months of each school year. Participation of Indian children shall be an agenda topic. The agenda will address:
 - a. the planning and development of educational programs that are assisted with P.L. 81-874 funds;
 - b. the needs of Indian children and the benefits to be derived from P.L. 81-874 money; and
 - c. the P.L. 81-874 application, program planning and evaluations.

The Parent Education Committee will review the district's Indian Policies and Procedures and recommend revisions if found necessary.

- 2. The Student Identification System will be used to identify Indian students and to identify the programs in which they have been involved. In addition, teachers will be requested to submit a copy of the year-end report cards for all Indian students. These two reports will be used to provide the governing board and the tribal officials with a summary of participation rates and student needs. No personally identifying data will be used in the summary. If rates demonstrate that Indian children do not appear to be participating on an equal basis, the district and tribal representatives will meet to develop a plan for increased participation.
- 3. Copies of P.L. 81-874 applications, evaluations of any programs that are targeted specifically to receive P.L. 81-874 funds and notification regarding changes in school site programs will be sent in a timely manner to parents and tribal officials. "Timely fashion" means that the <u>parents</u> and tribal officers will receive notice in adequate time to convene a tribal meeting and a Parent Education Committee meeting to discuss such items and to make comment to district officials prior to final action by the district. District representatives shall attend such tribal meetings as are requested by tribal officials.
- 4. Indian parent participation on School Site Councils will be encouraged and each school site plan will include consideration for equal participation of Indian children in school programs. Tribal officials and Indian parents will be notified regarding School Site Committee meetings. If tribal officials and Indian parents believe the School Plan does not provide equal access they may direct their concern to the governing board, and an agenda item will be designated for discussion and reasonable efforts at resolution of the concerns will be made. The Parent Education Committee will review Indian input and recommend modifications in the Indian Policies and Procedures, if found necessary.

Regulation updates the components of the selection process to more directly reflect law and adds the district's authority, if negotiations with the most qualified firm are unsuccessful, to negotiate a contract with the second most qualified firm and then the third most qualified firm. Regulation also includes the option to award a contract to a single entity for both the design and construction of a school facility in excess of \$1 million ("design build" contract).

If final approval rests with the other party to the negotiations, the Superintendent or designee shall disclose the fact of that approval and the substance of the agreement upon inquiry by any person, as soon as the other party or its agent has informed the district of its approval. (Government Code 54957.1)

Pending Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding pending litigation when a-discussion of the matter in open session would prejudice the Board's position in the case. For this purpose, "litigation" means any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

Litigation is considered "pending" when in any of the following circumstances:

1. Litigation to which the Board is a "party" has been initiated formally. (Government Code 54956.9(d)(1))

2. A point has been reached where, in the Board's opinion based on the advice of its legal counsel and on the "existing facts and circumstances", there is a "significant exposure to litigation" against the district, or the Board is meeting solely to determine whether, based on existing facts or circumstances, a closed session is authorized. (Government Code 54956.9(d)(2), (3))

Existing facts and circumstances for these purposes are limited to the following: (Government Code 54956.9)

- a. Facts and circumstances that might result in litigation against the district but which the district believes are not yet known to potential plaintiffs and which do not need to be disclosed.
- b. Facts and circumstances including, but not limited to, an accident, disaster, incident or transactional occurrence which might result in litigation against the district, which are already known to potential plaintiff(s), and which must be publicly disclosed before the closed session or specified on the agenda.
- c. The receipt of a claim pursuant to the Government Claims Act or a written threat of litigation from a potential plaintiff. The claim or written communication must be available for public inspection.
- (cf. 3320 Claims and Actions Against the District)
 - d. A threat of litigation made by a person in an open meeting on a specific matter within the responsibility of the Board.
 - e. A threat of litigation made by a person outside of an open meeting on a specific matter within the responsibility of the Board, provided that the district official or employee receiving knowledge of the threat made a record of the statement before the meeting and the record is available for public inspection. Such record does not need to identify an alleged victim of tortious sexual conduct or anyone making a threat of litigation on the victim's behalf or identify an employee who is the alleged perpetrator of any unlawful or tortious conduct, unless the identity of this person has been publicly disclosed.
- 3. Based on existing facts and circumstances, the Board has decided to initiate or is deciding whether to initiate litigation. (Government Code 54956.9(d)(4))

Before holding a closed session pursuant to the pending litigation exception, the Board shall state on the agenda or publicly announce the subdivision of Government Code 54956.9 under which the closed session is being held. If authority is based on Government Code 54956.9(a), the Board shall either state the title or specifically identify the litigation to be discussed or state that doing so would jeopardize the district's ability to effectuate service of process upon unserved parties or to conclude existing settlement negotiations to its advantage. (Government Code 54956.9)

Agenda items related to "pending litigation" shall be described as a conference with legal counsel regarding "existing litigation" or "anticipated litigation." (Government Code 54954.5)

"Existing litigation" items shall identify the name of the case specified by either the claimant's name, names of parties and case or claim number, unless the Board states that to identify the case would jeopardize service of process or existing settlement negotiations. (Government Code 54954.5)

"Anticipated litigation" items shall state that there is significant exposure to litigation pursuant to Government Code 54956.9(d)(2) or (3) and shall specify the potential number of cases. When the district expects to initiate a suit, items related to anticipated litigation shall state that the discussion relates to the initiation of litigation pursuant to Government Code 54956.9(d)(4) and shall specify the potential number of cases. The agenda or an oral statement before the closed session may be required to provide additional information regarding existing facts and circumstances described in items #2 b-e above. (Government Code 54954.5)

Following the closed session, the Board shall publicly report, as applicable: (Government Code 54957.1)

- 1. Approval to legal counsel to defend, appeal or not appeal, or otherwise appear in litigation. This report shall identify the adverse parties, if known, and the substance of the litigation.
- 2. Approval to legal counsel to initiate or intervene in a lawsuit. This report shall state that directions to initiate or intervene in the action have been given and that the action, defendants, and other details will be disclosed to inquiring parties after the lawsuit is commenced unless doing so would jeopardize the district's ability to serve process on unserved parties or its ability to conclude existing settlement negotiations to its advantage.
- 3. Acceptance of a signed offer from the other party or parties which finalizes the settlement of pending litigation. This report shall state the substance of the agreement.

If approval is given to legal counsel to settle pending litigation but final approval rests with the other party or with the court, the district shall report the fact of approval and the substance of the agreement thereon to persons who inquire once the settlement is final. (Government Code 54957.1)

Joint Powers Agency Issues

The Board may meet in closed session to discuss a claim for the payment of tort liability losses, public liability losses or workers' compensation liability incurred by a joint powers agency (JPA) formed for the purpose of insurance pooling or self-insurant authority of which the district is a member. (Government Code 54956.95)

Closed session agenda items related to liability claims shall specify the claimant's name and the name of the agency against which the claim is made. (Government Code 54954.5)

(cf. 3530 - Risk Management/Insurance)

Following the closed session, the Board shall publicly report the disposition of joint powers agency or self-insurance claims, including the name of the claimant(s), the name of the agency claimed against, the substance of the claim, and the monetary settlement agreed upon by the claimant. (Government Code 54957.1)

When the board of the JPA has so authorized and upon advice of district legal counsel, the Board may also meet in closed session in order to receive, discuss, and take action concerning information obtained in a closed session of the JPA that has direct financial or liability implications for the district. During the Board's closed session, a Board member serving on the JPA board may disclose confidential information acquired during a closed session of the JPA to fellow Board members. (Government Code 54956.96)

Closed session agenda items related to conferences involving a JPA shall specify the name of the JPA, the closed session description used by the JPA and the name of the Board member representing the district on the JPA board. Additional information listing the names of agencies or titles of representatives attending the closed session as consultants or other representatives shall also be included. (Government Code 54954.5)

Review of Audit Report from Bureau of State Audits

Upon receipt of a confidential final draft audit report from the California State Auditor's Office, the Board may meet in closed session to discuss its response to that report. After public release of the report from the California State Auditor's Office, any Board meeting to discuss the report must be conducted in open session, unless exempted from that requirement by some other provision of law. (Government Code 54956.75)

Closed session agenda items related to an audit by the California State Auditor's Office shall state "Audit by Bureau of State Audits." (Government Code 54954.5)

Following the closed session, the Board shall publicly confirm that the report was reviewed and a response was prepared.

Review of Assessment Instruments

The Board may meet in closed session to review the contents of any student assessment instrument approved or adopted for the statewide testing system. Before any such meeting, the Board shall agree by resolution to accept any terms or conditions established by the State Board of Education for this review. (Education Code 60617)

(cf. 6162.51 – State Academic Achievement Tests)

Agenda items related to the review of student assessment instruments shall state that the Board is reviewing the contents of an assessment instrument approved or adopted for the statewide testing program and that Education Code 60617 authorizes a closed session for this purpose in order to maintain the confidentiality of the assessment under review.

Following the closed session, the Board shall confirm that the assessment instruments were reviewed. Any actions related to the review shall be taken in open session without revealing any proprietary or confidential information and shall be a matter of public record.

(cf. 0420.4 - Charter School Authorization) (cf. 0500 - Accountability)

The Board and Superintendent or designee may inspect or observe any part of the charter school at any time. The Superintendent or designee shall visit each charter school at least annually **and may inspect or observe any part of the charter school at any time**. (Education Code 47604.32, 47607)

The Superintendent or designee shall attend meetings of the charter school board governing body whenever possible and shall periodically meet with a representative of the charter school.

Waivers

If the charter school wishes to request a general waiver of any state law or regulation applicable to it, it shall request that the Superintendent or designee submit a general waiver request to the State Board of Education (SBE) on its behalf. Upon approval of the Board, the Superintendent or designee shall submit such a waiver request to the SBE on behalf of the charter school.

Provision of District Services

The charter school may purchase administrative or other services from the district or any other source. (Education Code 47613)

Whenever the district agrees to provide administrative or support services, the district and charter school shall develop a memorandum of understanding which clarifies the financial and operational agreements between the district and charter school.

At the request of a charter school, the Superintendent or designee shall create and submit any reports required by the State Teachers' Retirement System or Public Employees' Retirement System on behalf of the charter school. The district may charge the charter school for the actual costs of the reporting services, but shall not require the charter school to purchase payroll processing services from the district as a condition for creating and submitting these reports. (Education Code 47611.3)

Material Revisions to Charter

Material revisions to a charter may only be made with Board approval. Material revisions shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed. (Education Code 47607)

If an approved charter school proposes to establish or move operations to one or more additional sites, the charter school shall request a material revision to its charter and shall notify the Board of those additional locations. The Board shall consider approval of the additional locations at an open meeting. (Education Code 47605)

The Board shall have the authority to determine whether a proposed change in charter school operations constitutes a material revision of the approved charter.

Monitoring Charter School Performance

Any violations of law shall be reported to the Board.

This determination shall be based on the measures specified in the approved charter petition and any applicable memorandum of understanding, and on the charter school's annual review and assessment of its progress toward the goals and actions identified in its local control and accountability plan (LCAP), as reported in the California School Dashboard.

The Board shall monitor the fiscal condition of the charter school based on any financial information obtained from the charter school, including, but not limited to, the charter school's preliminary budget, annual update of the **charter** school's LCAP, first and second interim financial reports, and final unaudited report for the full prior year. (Education Code 47604.32, 47604.33, 47606.5)

(cf. 7160 – Charter School Facilities)

The district may charge up to one percent of a charter school's revenue for the actual costs of supervisorial oversight of the school. However, if the district is able to provide substantially rent-free facilities to the charter school, the district may charge up to three percent of the charter school's revenue for actual costs of supervisorial oversight, if the facility is provided under Education Code 47614, the pro-rata share facilities costs calculated pursuant to 5 CCR 11969.7. If the district charges the pro-rata share, it may also charge one percent of the charter school's revenue in oversight fees. (Education Code 47613)

Technical Assistance/Intervention

If, in three out of four consecutive school years, a charter school fails to improve outcomes for three or more **numerically significant** student subgroups identified in Education Code 52052, or for all of the student subgroups if the school has fewer than three **subgroups**, in regard to one or more state or school priorities identified in the charter, the district: (Education Code 47607.3)

- 1. Shall provide technical assistance to the charter school using an evaluation rubric adopted by the SBE pursuant to Education Code 52064.5 based on the California School Dashboard
- 2. May request that the Superintendent of Public Instruction (SPI), with SBE approval, assign the California Collaborative for Educational Excellence to provide advice and assistance to the charter school pursuant to Education Code 52074

If a charter school receiving federal Title I funding has been identified for program improvement, it shall implement improvement strategies in accordance with its existing school improvement plan.

(cf. 0520.2 - Title I Program Improvement Schools)

In accordance with law, the Board may deny a charter school's renewal petition or may revoke a charter based on the charter school's poor performance, especially with regard to the academic achievement of all numerically significant subgroups of students served by the charter school.

(cf. 0420.42 - Charter School Renewal) (cf. 0420.43 - Charter School Revocation)

Complaints

Each charter school shall establish and maintain policies and procedures to enable any person to file a complaint, in accordance with the uniform complaint procedures as specified in 5 CCR 4600-46874670, alleging the school's noncompliance with Education Code 47606.5 or 47607.3. (Education Code 52075)

(cf. 1312.3 - Uniform Complaint Procedures)

School Closure

In the event that the Board revokes or denies renewal of a charter or the **charter** school ceases operation for any reason, the Superintendent or designee shall provide assistance, when applicable in accordance with the charter and/or a memorandum of understanding, to facilitate the transfer of the charter school's former students and to finalize financial reporting and close-out.

The Superintendent or designee shall provide notification to the California Department of Education, within 10 calendar days of the Board's actions, if renewal of the charter is denied, the charter is revoked, or the charter school will cease operation for any reason.

Such notification shall include, but not be limited to, a description of the circumstances of the closure, the effective date of the closure, and the location of student and personnel records. (Education Code 47604.32; 5 CCR 11962.1)
