

# The Arts In LUSD

# Student Profile

- LEARNING CONTINUOUSLY and THINKING CRITICALLY does not just apply to students' academic learning. It's important that we provide students with opportunities to COMMUNICATE EFFECTIVELY in a multitude of settings whether it's in the classroom, on the stage or in front of a palette. When students are preparing for a big show, or an instrumental music performance, they WORK COLLABORATIVELY with others and PERSEVERE RELENTLESSLY to perfect their part. When students struggle with a role in a performance or a work of art, it allows students the opportunity to practice CARING DEEPLY as they show empathy, support and encouragement towards their peers. The LUSD student profile ties in to all areas of a student's educational experience whether it is in the classroom, on the playground, or in the theater. As a district, our schools are proud to continue providing students with rich academic experiences and opportunities to participate in Visual & Performing Arts.

# Lemon Crest Elementary School's Visual and Performing Arts Program

At Lemon Crest we believe that arts integration is a vital component of a well rounded education. It provides students opportunities to collaborate constructively, think critically, and persevere relentlessly.

Providing access to the arts has been proven to positively impact academic performance, as well as cognitive, socio-emotional, and socio-cultural development.

*“Art is an effort to create, beside the real world, a more humane world.” ~ Andre Maurois, French Author*
