

# Inappropriate Searches on Student iPads

(Example of background image)

LUSD Tech Department

Manager: Brian Beisigl

## Why does this happen?

- Your child has been searching for content/viewing content that goes against the district *Acceptable Use Policy(AUP)*

## What should I do next after seeing my child's iPad with this background?

1. Please call the number that is listed on the background.
2. After being made aware of what searches/activity took place on the student's device the background will be taken off.

## Tips

- Monitor your child's usage based on when they start and end school days.
- Once finished with homework take the device away and only return it to them when they need it for school.
