## **INTRODUCTION**

1. **BACKGROUND:** The Lakeside Union School District (“District”) is a public school district located in San Diego, County, California. The District serves approximately 4,985 students at 9 school sites.
2. **STATEMENT OF WORK:** The purpose of this proposal is to provide Ethernet switches and wireless access points needed to build networks and other projects throughout the school district at the prices offered herein and for the term of the contract.

The District will apply for E-Rate funding through the Universal Service Administrative Company (USAC) for the purchase of LAN equipment. The District may purchase equipment using this proposal for additional projects which may arise but may not be associated with the E-Rate program. Execution of this project, in whole or part, is solely at the discretion of the District. The District shall not be obligated to purchase any particular quantity of the items described herein.

This proposal is for PARTS and for installing the parts ordered as a result of this proposal.

In 2009 the District established its network using Cisco LAN and WAN equipment. Our District has continued to use Cisco equipment as the basis for our projects and upgrade installations. In more recent years we have looked into other brands of Switches and Wireless Access Points (Brocade / Ruckus). The District’s investment in training, management tools, and maintenance procedures is significant. In order to efficiently operate its LAN and WAN infrastructure, the District requires this proposal to be for Ruckus or equal LAN equipment. Please see the Proposal Quotation Sheets for the equipment desired.

If bidding equivalent equipment, the product must be equal in terms of compatibility, features, functionality, physical specifications and warranty. It will be the District’s right to determine the equivalence of the equipment, pursuant to the substitution request procedures described in the Information to Proposers. Product specifications and any other substantiating data must be included with the substitution request for the District to determine if the part and the equivalent are equal.

**If you are an authorized Ruckus reseller, please provide proof of such from Ruckus.**

Execution of the actions relating to this proposal are solely at the discretion of the District. The District shall not be obligated to purchase any particular quantity of items or services described herein.

3. **TERM:** The District is requesting an initial one-year term, with the option to renew for two additional one-year terms, for a maximum of three years; if mutually agreed upon, and determined to be in the best interest of the District. The initial contract period will commence on July 1, 2020 through June 30, 2021
4. **VENDOR REQUIREMENTS:** The vendor must meet or exceed minimum qualification requirements as described herein. All submitted bids must provide at a minimum, all requested information contained within the bid package. **Any portion not included in the proposal may be cause for rejection by the District.** The information should be organized as indicated in the proposal requirements. The District reserves the right to eliminate from further consideration any response, which is deemed to be substantially or materially unresponsive to the Bid.

A Job Walk will be held: November 5, 2019 at 9:00 a.m. Meet at Lakeside Middle School 11833 Woodside Avenue, Lakeside Ca 92040. Contact Amey Brown at [abrown@lsusd.net](mailto:abrown@lsusd.net) for any questions.

In order to substitute an item specified in the Quotation Sheet, **the proposer must submit a substitution request**, including information substantiating that the substituted item is equal, or better, and compatible with the District's specifications, by **2:00 p.m., November 12, 2019** via email to Amey Brown at [abrown@lsusd.net](mailto:abrown@lsusd.net). The original term of this Agreement will be for one year.
28. **Contract Renewals:** If mutually agreed upon by the parties, the District reserves the right to renew the contract for two additional one-year terms. Such renewal will be made by notifying the vendor, in writing, prior to the expiration of the contract.
29. **Assignment of Contract:** The successful proposer shall not assign, transfer, convey, sublet, or otherwise dispose of the items appearing on this proposal form which may be awarded, or any rights accruing thereunder, title or interest therein, funds to be received hereunder, or any power to execute the same without the consent in writing of District's governing board. In the event a conflicts check is required, the District will provide a list of major vendors doing a significant amount of business with the District. The potential contractor must disclaim in writing any conflict of interest. Furthermore, the District reserves its rights to reject the selected firm if its conflicts check reveals actual conflicts and go to the next preferred firm.
31. **Contact with Governing Board:** Agents of any company, or any related associates, are prohibited from making any direct or indirect contact with any board member during the proposal process on any project on which the agent intends to or has submitted a proposal. Any agent, or associate, violating this policy shall be deemed disqualified from this contract opportunity. Should such contact come to light after the contract is awarded and the entity was deemed the successful vendor, the Board reserves the right to cancel any contract awarded.

32. **Tobacco-Free District:** The District has been designated as a tobacco-free district. Tobacco use (smoked or smokeless) is prohibited at all times, on all District property and in District vehicles.
33. **Filing Proposal Protests:** Following the opening of the proposals, the District will issue a notice of intent to award the contract. The notice will identify the vendor to whom the District intends to award the contract and the date, time and place of the District's governing board meeting during which the award of the contract will be considered. Any vendor submitting a proposal may file a protest with the Assistant Superintendent for Business Services and Support in accordance with the procedures set forth in this section. The District will not consider any verbal protests (e.g., by telephone). In order for a protest to be valid and considered by the District, the protest must: (a) be filed not later than 4:00 p.m. on the fifth business day following the opening of proposals; (b) clearly identify the proposer on whose behalf the protest is being filed, together with the name, address and telephone number of the person representing the proposer for purposes of the protest; (c) clearly identify the specific bidding process, proposal or award of the contract being protested; (d) clearly identify and describe in detail the specific basis or bases for the protest and all facts relevant thereto and in support thereof; (e) clearly identify all references to the specific portions of all documents relevant to the protest; (f) clearly identify and describe in detail all arguments in support of the protest, including, without limitation, any citations to all legal authorities; and (g) be submitted with all documentation that is relevant to and supports the basis or bases underlying the protest.

If a protest filed by a proposer does not comply with each and every one of the foregoing requirements, the District may reject the protest as invalid. If a proposer files a valid protest, the District shall review the protest and all relevant information and documents and will provide written decision to the protesting proposer. In response to a protest, the Governing Board may decline to award a contract, may award a contract to a proposer other than as previously intended, or may award a contract to a proposer as previously intended despite the protest. Such action by the Governing Board shall be a condition precedent to the filing of any claim or demand and to the initiation of any action (legal or equitable) or other proceeding arising from the matter(s) protested.

COMPLIANCE WITH THE FOREGOING REQUIREMENTS IS MANDATORY. Each proposer that desires to protest must file a protest in accordance with the foregoing requirements, and no proposer may rely on a protest by another proposer as a means of satisfying such requirements. Compliance with the foregoing requirements is the sole and exclusive means of protesting the bidding process, any proposal, and/or the intended award of a contract for the project, and failure to so comply shall be deemed and construed as a waiver of any and all rights the proposer may have to pursue a claim, demand or action based on the bidding, any proposals, and/or any contract awarded for the project.

### **E-rate Requirements**

As previously stated, the District intends to obtain maximum funding for Network Hardware Equipment through the Federal Universal Service discount program for schools and libraries (E-Rate), offered by the Federal Communications Commission (FCC), via the Schools and Libraries Division (SLD). Vendors are required to participate and be in full compliance with all current requirements and future requirements issued by USAC, throughout the term and any extensions agreed upon between the vendor and District, as a result of this proposal.

Prices are to remain firm through SLD approval, execution, and duration of the contract. In the event of a price decrease for service or from the manufacturer, said decrease shall be passed on to the District and documented with a new price sheet sent to the District.

The successful Contractor shall be responsible for providing the District on a timely basis the applicable E-rate documents (such as the Item 21 Attachments and any certifications grids or forms required) and for providing discounts in accordance with E-Rate program rules and requirements on a timely basis. It is the Contractor's responsibility to maintain an invoicing and accounting system to track E-Rate discounts in a manner that is readily understandable by the District.

The District prefers “Service Provider Invoicing” (SPI) as the form of payment processing, when funding has been approved.

All vendors submitting proposals must be registered with USAC and must provide a Service Provider Identification Number (SPIN), and, their Federal Communications Commission Federal Registration Number (FCC-FRN) in their Proposal. Failure to provide the required SPIN and FCC-FRN, may result in the rejection of the proposal.

It is the vendor’s responsibility to maintain certification with the USAC by filing the Service Provider Annual Certification Form (Form 473) each year that they provide service under this contract mutually agreed upon.

Proposers wishing to obtain information regarding the E-Rate program are directed to access the Schools and Libraries Division of the USAC website at <http://www.usac.org>

In the event that E-Rate funding is not approved, or only partially approved, the District reserves the right to cancel any or all of the work awarded as a result of this proposal.

Labor Code Section 3700 in relevant part provides:

Every employer except the State shall secure the payment of compensation in one or more of the following ways:

1. By being insured against liability to pay compensation by one or more insurers duly authorized to write compensation insurance in this State.
2. By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations, of ability to self-insure and to pay any compensation that may become due to employees.

## **DRUG-FREE WORKPLACE CERTIFICATION**

This Drug-Free Workplace Certification is required pursuant to Government Code Sections 8350, et seq., the Drug-Free Workplace Act of 1990. The Drug-Free Workplace Act of 1990 requires that every person or organization awarded a contract for the procurement of any property or services from any State agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Act provides that each contract awarded by a State agency may be subject to suspension of payments or termination of the contract, and the contractor may be subject to debarment from future contracting, if the state agency determines that specified acts have occurred.

Pursuant to Government Code Section 8355, every person or organization awarded a contract from a State agency shall certify that it will provide a drug-free workplace by doing all of the following:

- a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the person's or organization's workplace and specifying actions which will be taken against employees for violations of the prohibition;
- b) Establishing a drug-free awareness program to inform employees about all of the following:
  - 1) The dangers of drug abuse in the workplace;
  - 2) The person's or organization's policy of maintaining a drug-free workplace;
  - 3) The availability of drug counseling, rehabilitation and employee-assistance programs;
  - 4) The penalties that may be imposed upon employees for drug abuse violations;
- c) Requiring that each employee engaged in the performance of the contract be given a copy of the statement required by subdivision (a) and that, as a condition of employment on the contract, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of Government Code Section 8355 listed above and will publish a statement notifying employees concerning (a) the prohibition of controlled substance at the workplace, (b) establishing a drug-free awareness program, and (c) requiring that each employee engaged in the performance of the contract be given a copy of the statement required by Section 8355(a) and requiring that the employee agree to abide by the terms of that statement.

I also understand that if the Lakeside Union School District determines that I have either (a) made a false certification herein, or (b) violated this certification by failing to carry out the requirements of Section 8355, that the contract awarded herein is subject to suspension of payments, termination, or both. I further understand that should I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of Section 8350, et seq.

I acknowledge that I am aware of the provisions of Government Code Section 8350, et seq. and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.
