**DESIGNATION OF SUBCONTRACTORS**

In compliance with the Subletting and Subcontracting Fair Practices Act (Chapter 4 (commencing at Section 4100), Part 1, Division 2 of the Public Contract Code of the State of California) and any amendments thereof, each bidder shall set forth the information requested below for each subcontractor who will perform work or labor or render service to the prime contractor in or about the construction of the work or improvement to be performed under this Contract in an amount in excess of one-half (1/2) of one percent (1%) of the prime contractor's total bid. The prime contractor shall list only one subcontractor for each such portion as is defined by the prime contractor in this bid. Bidders are required to submit certain information for each subcontractor listed in its bid within twenty-four (24) hours of bid opening. No time extension will be allowed for submission of information required by this document.

If a prime contractor fails to specify a subcontractor or if a prime contractor specifies more than one subcontractor for the same portion of work to be performed under the Contract in excess of one-half (1/2) of one percent (1%) of the prime contractor's total bid, prime contractor shall be deemed to have agreed to perform that portion itself.

No prime contractor whose bid is accepted shall (a) substitute any subcontractor, (b) permit any subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid, or (c) sublet or subcontract any portion of the work in excess of one-half of one percent of the prime contractor's total bid as to which his original bid did not designate a subcontractor, except as authorized in the Subletting and Subcontracting Fair Practices Act.
