2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Riverview Elementary School is a public school located in Lakeside in San Diego County. This unique school offers two distinct immersion models with a 21st Century skills focus. The mission of the school is to provide students with a world-class immersion program such that they can speak, read, and write in multiple languages: to prepare them for an ever-developing world of technology, cultivate an awareness and respect for other cultures, and empower them as future leaders of a global society. This mission is based on the following beliefs: 1) The understanding of multiple languages and cultures promotes the development of multiculturalism and a harmonious world, 2) All students should have an opportunity to receive the best possible education and to see themselves as global students who understand the value and potential of their multicultural skills.

Riverview Elementary's immersion models are unique in the world. Students receive 100 percent instruction in Spanish in the Spanish Immersion model, including Mandarin enrichment in kindergarten and first grade. English instruction is initiated in grade two (2) at approximately 10 percent of the instructional time, and Mandarin enrichment is 30 minutes, one to three times a week. The percentage of English instruction increases through the grades. Mandarin enrichment instruction continues one to three times a week for 30 minutes in Grades 2-5. All language instruction begins in kindergarten and progresses through the fifth grade. Students continue their language studies at Lakeside Middle School and Tierra del Sol Middle School. The second model is the Chinese immersion model. In this model, students receive half of their instruction, K-5, in Mandarin and the other half in English, including Spanish enrichment lessons, one to three times a week for 30 minutes.

At Riverview, students are taught in Spanish, Mandarin, and English. Students are taught these three languages for two distinct reasons. A person able to speak Mandarin, Spanish, and English can communicate with approximately 75 percent of the world's population. This is a great advantage in a global society. In addition, teaching students in these three languages

2021-22 School Overview

stimulates different parts of the brain. It provides students the neural capacity to learn character-based and tonal languages as well as alphabet-based languages. Research shows that the younger the better when learning languages, and there are numerous cognitive and educational benefits resulting from multilingualism. Multilingualism is not the only focus in helping fulfill the mission of this unique program. The enrichment and PE are integrated daily to ensure the whole child is educated. The school-wide PBIS teaches character education. Students take responsibility through leadership for their learning and school. Through careful planning and integration of content, language, and 21st-century skills, Riverview staff, students, and families have created an exceptional educational program preparing students to be future global leaders.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

| Authorization/Assignment | 2019-20 |
|---|---------|
| Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned) | |
| Intern Credential Holders Properly Assigned | |
| Teachers Without Credentials and Misassignments (“ineffective” under ESSA) | |
| Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA) | |
| Unknown | |
| Total Teaching Positions | |

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

| Authorization/Assignment | 2019-20 |

2019-20 Class Assignments

| Indicator | 2019-20 |
|--|---------|
| Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned) | |
| No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach) | |

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

On October 8, 2021 the Lakeside Union School District Board of Trustees verified by resolution that each student at Riverview has a textbook and/or instructional materials for each core subject area, and that the textbooks and materials are aligned to the content and cycles of the curriculum framework adopted by the State of California. Care is taken to ensure that all students have access to Board adopted textbooks and instructional materials at all times. A book room is kept for extra copies of each textbook and these are used when new students enroll at our school.

School Facility Conditions and Planned Improvements

Riverview is in excellent condition and well maintained. Riverview was built in the 1950s. Riverview undergoes maintenance on a regular basis. An online system of work orders is used to facilitate maintenance requests. The district maintenance crew responds quickly and is very proactive in maintaining and improving the campus. Modernization construction occurred several years ago. During modernization, all walls, roofs, floors, plumbing, and electrical were updated to reflect current demands including technology upgrades. Apple TVs were added to every classroom along with other high-quality technology upgrades. Restrooms and fire alarm systems were updated, along with heating and cooling systems, to ensure energy-efficient use. Sites are cleaned daily and any graffiti removed immediately by custodial staff. New portable classrooms were added to accommodate the growth of the school.

The parking and pick-up areas were redesigned two years ago to accommodate an increase in traffic due to increasing enrollment. Parking and pick-up procedures were redesigned to ensure student safety. Several years ago, significant concrete and landscape work was completed to enhance both the safety and the aesthetics of the campus. A Peace Pole and PeaceBuilders mural adds to the culture on the campus. Six years ago, parents and community volunteers worked alongside district and school site staff to create a beautiful, safe and modern new play structure, outdoor classroom, picnic tables, and planter benches for our students to enjoy.

In 2011, a Farmer's Market Garden was planted behind the new portables for growing fruits and vegetables. All classrooms are invited to visit the garden for science lessons or to read a book or work independently in a small group. Riverview teaches Positive Behavior Intervention Support (PBIS) to all students and the PBIS play a significant role in establishing the culture of the school. Student leadership is also a significant part of the Riverview experience with students participating in a Student Council team that provides subcommittees of students to lead campus safety/security, yearbook, annual kickball tournament, and various other opportunities around the school. To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction. Based on that survey, we've answered the questions you see in this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are viewed as partners in their child's education at Riverview Elementary School. Parents and community members are encouraged to become partners with the school as room parents, volunteers, and PTSA members. These opportunities include programs facilitated and implemented by parents; such as Everyone a Reader which helps students read more and develop a love of reading. Opportunities for parents in the governance of the school include service on the School Site Council and District Advisory Committee. Riverview staff and parents participate in the LCAP process at the district and site levels to help develop goals and a plan to guide the work of the district and site.

Educational events bring the school, families, and the community together. The largest of these events is the International Fair. Last year, approximately 1,500 people attended the International Fair. Due to COVID this year, PTSA continues to support and involve the community VIRTUALLY by providing Virtual Lego Competition, Red Ribbon Week Dress-up, Virtual Family Paint Night, and Love of Reading Week. Our PTSA also established a Comfort Closet that has items for students in need, to help them feel their best in school, even when they may have financial difficulties at home.

2021-2022 has created hardships for many families who are out of work. PTSA hopes to support kids by minimizing the differences that could make their schooldays more difficult and overcoming anything that would impede a child's confidence in the classroom. Other virtual opportunities for parental involvement include student performances, book fairs, PTSA Founder's Day community service celebration, bi-annual parent-teacher conferences, Parent Information Nights, and Open House. Parental involvement is one of the greatest strengths of the Riverview program. Every day, parents make a difference for their children and all children on the Riverview campus. Contact people include our PTSA president and our volunteer coordinator. Please contact the school office for additional information. State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

| Subject | School 2018-19 | School 2020-21 | District 2018-19 | District 2020-21 | State 2018-19 | State 2020-21 |

| Expulsions | 0.00 | 0.00 | 0.00 | 0.00 | 0.08 | 0.00 |

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Riverview Elementary campus is a safe and secure campus. A perimeter fence deters the entrance except in front of the office. All gates on campus are locked at all times. All visitors, including parents, must sign in at the front office. The principal, staff, and a morning and lunch campus supervisor monitor campus security consistently throughout the school day. Security cameras also help to monitor campus safety.

The Riverview Elementary School Safety Plan is a complete Safety Plan covering all areas designated by the state of California. The safety plan addresses Pandemic procedure, the physical environment, social environment and culture, emergency/disaster procedures, and school board policy and procedures. The safety plan is broken down into four key areas: mitigation and prevention, preparedness, recovery, and response. Safety procedures including fire, disaster, and lockdown drills are practiced throughout the year. The complete plan is on file, updated annually, and available at the school office. The staff reviews the plan before school starts, and changes are made to accommodate any new staff members and then drills are practiced throughout the school year. A flip chart outlining LUSD emergency procedures is posted in each classroom and the office.

Practice and training is ongoing with disaster drills varying in the type of disaster on a bi-monthly basis. The Infinite Campus system is used for emergency communication. The system can be used with or without power from a cell phone, providing instant information to all parents. Community safety meetings are held with representatives from Riverview, PTSA, Sheriff's Department, Highway Patrol, Fire Department, and San Diego County to discuss safety issues for each of the sites. These meetings are designed to bring together local police and fire officials, planning officials, district and site administration to discuss and address safety issues concerning schools.

The safety plan was last reviewed by the School Site Council was on 1.15.2022.

2020-21 Types of Services Funded

Our district relies on federal funding under Title I, Title II, and Title III of the Every Student Succeeds Act (ESSA). The purpose of these funds is to assist districts in closing the educational gap of special populations and providing resources, professional development, and materials to improve instruction. For a more detailed analysis of services funded, refer to the LUSD LCAP on our website at <https://www.lsusd.net/domain/1503>

In addition, each year each school's School Site Council (SSC) develops a School Plan for Student Achievement (SPSA). The SSC at Riverview is comprised of the principal, teachers, staff, and parents who share the goal of improving our school and our students' performance. The California Department of Education describes the SPSA as the "plan of action to improve student academic performance by coordinating all educational services and resources." The SPSA is developed by reviewing site-specific student demographic, achievement, outcome, and perception data and developing an improvement process. The SSC is the decision-making body responsible for gathering input from the staff and the parent community about school goals and establishing a plan for accomplishing those goals. The SSC reviews, modifies, and monitors the implementation of the plan and establishes a budget for proposed expenditures to support the specified goals. SPSAs are reported to the LUSD Board of Trustees annually and are available through the following link: <https://www.lsusd.net/Domain/690>

Riverview does not qualify for Title I, Title II, and Title III funding. However, we still offer exceptional programs for its students despite the impact on budgets this past year. State funding is used for curriculum to support instruction towards mastery of the Common Core State Standards, integrating Spanish and Mandarin with Common Core Content Standards. District funds provide for third language enrichment for our students. PTSA funds help pay for additional online learning programs. PTSA funds also help pay for high-quality online learning tools and field trip opportunities for every child. Riverview also offers incredible student leadership programs for our upper-grade students.

Professional Development

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. Professional development occurs several days before school starts as well as throughout the year. Professional Development has included higher-level questioning strategies, ELA unit alignments and performance tasks, immersion strategies and assessment, and technology. Kidwatch and Professional Learning Communities and opportunities for teachers to share data results and collaborate around best practices occur monthly.

PBIS remains in place at all sites. School Counselors continue the work of supporting the social and emotional needs of students. One Learning Academy Teacher and one PBIS Aide are also available to support students with the most intensive behavioral needs. One MTSS Teacher on Special Assignment (TOSA) helps support the development of social/emotional/behavioral intervention systems at four of our Elementary sites. One district contracted mental health specialist from Wellness Together is assigned to the school to support our students' mental health needs one day a week. Professional Development and Coaching have focused on Conscious Classroom Management strategies. Conscious Classroom Teaching provides teachers with professional development and coaching on Tier I and II behavioral strategies. MTSS TOSA is also available to coach classroom management strategies and student behavior plans.

Lakeside Union School District continues to support principal growth through Professional Development. One type of professional learning opportunity we do at Riverview is a professional book study. A book study can be a powerful way for educators to drive their own learning. A book study is an effective form of professional learning because new learning can be immediately applied in the classroom. Teachers are involved in multiple sessions over time where there is continuous discussion around teacher clarity that has arisen from school data.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
