

# School Safety

Measures In Place to Keep Our  
Students Safe

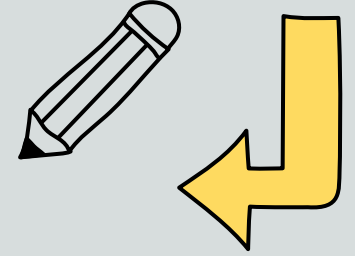

# How Lakeside Union School District Provides A Safe Learning Environment for our Students

# Discussion Items

## 1. School Environment

This section discusses the schools and how they are fenced, and doors are locked for security.

## 2. Safety Plans

This section discusses school safety plans.

## 3. Community Collaboration

This section discusses the community organizations and their involvement in our safety plans.

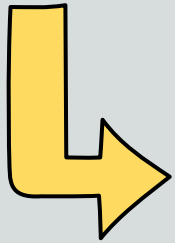

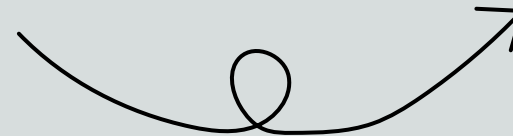

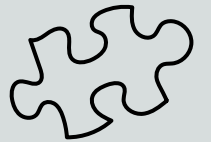

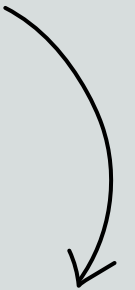

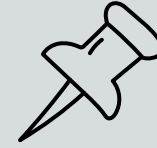

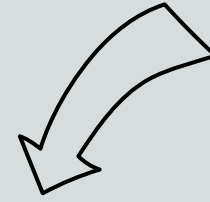

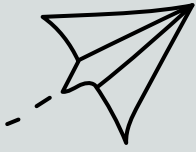

---

## 4. How Parents Can Help

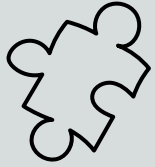

This section discusses how parents can partner with the schools to keep their children safe.

# School Physical Environment

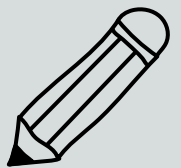

Balancing Safety with Aesthetics!

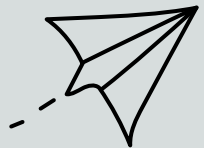

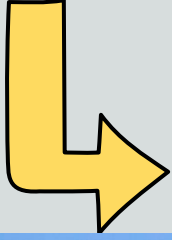

# New Fencing

# Lock Bloks

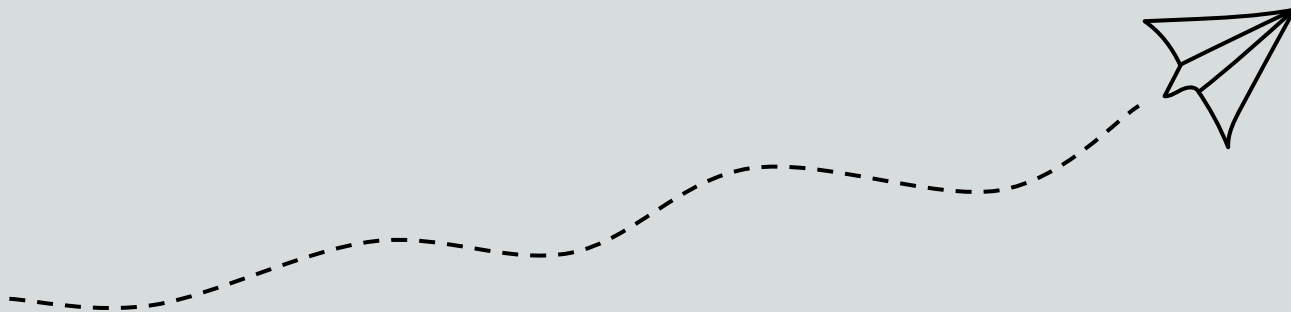

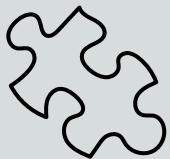

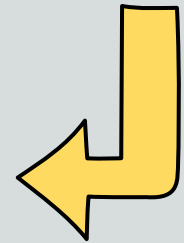

# School Safety Plans

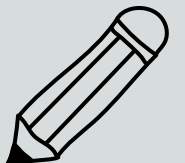

Each year the sites must update their Comprehensive School Safety Plans.

# Steps Taken to Promote Safety

1. Annual FIT Survey of each school site
2. Enhanced gating at the front of the school sites
3. Limiting access
4. Annual update of School Safety Plans
5. Active Shooter Training for Staff
6. Comprehensive Planning Through Environmental Design
7. Regular Drills for student practice
8. Strong Relationship with Law Enforcement
9. Navigate Prepared App

# Community Collaboration

Two Community Meetings with the Lakeside Sheriff's substation. One held here at the District Office and One held at the Lakeside Community Center.

# How Can Parents Help?

1. Please sign in when visiting schools
2. If you see something unusual, please say something
3. Understand that the measures we are taking are to promote the safety of your children
4. If there is an event at your child's school, please stay off the roads. Unnecessary traffic could impede safety personnel.

*Thank You!*
