2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/ $\,$

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Welcome to Lindo Park! We are passionate about teaching and learning! The Mission of Lindo Park Elementary School is to work collaboratively to ensure students will engage in dynamic, rigorous, and relevant curriculum. Students will develop abilities to enable them to contribute to our global society. Students will achieve goals in a safe, nurturing, and respectful environment.

Our Vision is for all students to attain their maximum academic and social potential and SOAR HIGH

- S- Show Respect
- O- Own your Actions
- A- Accept Differences
- R- Realize your Worth

Lindo Park Elementary is a neighborhood school serving the Lakeside Community for more than seventy years. We are located in a semi-rural community, 25 miles east of San Diego. A 54-acre county park and lake are directly across the street from our school. We serve a variety of residential areas. Our community is culturally diverse and provides us with a rich cultural heritage. Our keys to successful teaching and learning are a highly trained staff, engaging instruction, digital opportunities, dedicated parents, supportive community partnerships, and most importantly energetic, resilient students who come to school each day wanting to learn and excel.

All classrooms are equipped with internet access, iMac computers, Apple TVs, remote devices, and doc-u-cams. K-5 Teachers and students have access to iPads, Laptops, and iMacs. 2-5 grade classrooms have a 1:1 ratio of iPad Tablets for instruction. Instructional time develops a positive school climate through a social skills curriculum and positive behavior supports. All classrooms have common expectations and skills woven into the curriculum. Student leadership and community involvement are encouraged through After School Enrichment, Student Council, Safety Patrol, Playground Leaders, Playground Managers, TechNinjas, and a partnership with Lindo Lake County Park. School spirit is promoted by creating a safe and orderly environment focusing on rigorous academic achievement and joyful enrichment opportunities in arts, athletics, language, and STEM (Science, Technology, Engineering, and Mathematics).

Lindo Park Staff and PTA focus on parent engagement and community service. We know that when families and community are positively involved in students' schools, academic excellence rises!

2022-23 School Overview

Leading our students to:

Learn Continuously, Think Critically, Collaborate Constructively, Communicate Effectively, Care Deeply, and Persevere Relentlessly

We create differentiated and dynamic learning for all students to reach their full potential with targeted intervention for students to reach proficiency!

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

On October 13, 2022 the Lakeside Union School District Board of Trustees verified by resolution that each student at Lindo Park has a textbook and/or instructional materials for each core subject area, and that the textbooks and materials are aligned to the content and cycles of the curriculum framework adopted by the State of California. Care is taken to ensure that all students have access to Board adopted textbooks and instructional materials at all times. A book room is kept for extra copies of each textbook and these are used when new students enroll at our school.

School Facility Conditions and Planned Improvements

Lindo Park is maintained by dedicated custodial and district maintenance staff. Sites are painted and carpeted on a regular basis. All sites have recently completed modernization construction. During modernization, all walls, roofs, floors, plumbing, and electrical have been updated to reflect current demands including technology upgrades. Rest rooms and fire alarms systems were updated, along with heating and cooling systems upgraded to ensure efficient energy use. Community Safety Meetings are held with representatives from the sites and community to discuss safety issues for each of the sites.

Our School Bond allowed us the opportunity to rewire Lindo Park for robust electrical and technological improvement. We are proud of the digital opportunities that students can access at our site. Deferred maintenance funding allowed us to completely redo all playground asphalt and striping. In addition, the D Wing received a new roof, and new air-conditioning units were installed where needed.

Everyone at Lindo Park takes PRIDE in our school. We are nestled across from a picturesque county park and lake. This wildlife preserve gives our students access to an authentic outdoor classroom and our school has the privilege of collaborating with county park rangers to further science literacy and an understanding of environmental science. Classrooms and digital resources display student work reflecting California Common Core State Standards and innovative projects. Student work is also displayed in the multi-purpose room, front office, hallways, surrounding fences and library. Student-created mosaics, depicting Lindo Lake's flora, fauna, and history, grace the walkway in front of the school, and an outdoor wall mural shares our love of environment.

The playgrounds, library, as well as other facilities have been supported and maintained by PTA, Boys and Girls Club, Barona Band of Mission Indians, El Capitan Stadium Association, Albertson's Market, and individual community members.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction. Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Currently, we are reaching out to parents through Coffee with the Principal, zoom calls with the teachers and check-ins with the counselor. Parent Teacher Conferences, Family parent nights along with After school activities. Possible Home visits, along with technology parent support.

They participate in PTA, School Site Council, School Smarts Academy, an active Room Parent group, and our English Learner Advisory Committee. We work collaboratively with parents to provide the best educational experience for our students.

We actively provide communication to families through our marquee, text and email communication in both Spanish and English, in addition to a well-maintained and informative web site.

We have a dedicated Parent Room on campus where parents can volunteer their time to complete teacher projects, and duplicate and collate materials.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

School safety is a high priority for our school and district. Lindo Park has a comprehensive School Safety Plan, which is updated and reviewed with our staff at the beginning of each school year. The current School Safety plan was reviewed and discussed by our School Site Council on November 14th, 2022. The plan covers topics such as disaster response, safe ingress and egress and ensuring a safe and orderly environment. Our safety plan has been modified during COVID to reflect current additional needs. We have hand washing stations, barriers on desks, daily temperature checks, and are socially distancing. We continue to have our monthly drills.

Safety first! This plan was developed in consultation with law enforcement and fire departments, as part of a Readiness Emergency Management System. The key elements to our plan are classrooms that are up to fire-department code, updated emergency and disaster plans (updated, reviewed and discussed with faculty), regular monthly safety drills, and clear communication protocols between staff and office. Information regarding safety is presented yearly at staff meetings and throughout the year. All classrooms and student areas are equipped with appropriate communication and emergency disaster plans and materials located above fire extinguishers. We have Epipens and an AED (automated external defibrillator), on site for emergency use. All classrooms are equipped with up-to-date emergency kits and have telephone access to the office.

As a result of this plan, we have installed cameras throughout the school with a central computer monitor system that allows us to view school areas throughout the day. All non-students and visiting adults are required to follow visitor protocol that requires signing in and out of the office upon every visit using the Ident-a-Kid system. Our campus is completely enclosed by fencing and we lock our gates shortly after class begins. To ensure the safety of our students, staff, and all visitors, our teacher-trained safety patrol is on duty daily to monitor the safe flow of vehicles and students.

2021-22 Types of Services Funded

Our district relies on federal funding under Title I, Title II, and Title III of the Every Student Succeeds Act (ESSA). The purpose of these funds is to assist districts in closing the educational gap of special populations and providing resources, professional development, and materials to improve instruction. For a more detailed analysis of services funded, refer to the LUSD LCAP on our website at https://www.lsusd.net/domain/1503

In addition, each year each school's School Site Council (SSC) develops a School Plan for Student Achievement (SPSA). The SSC at Lindo Park is comprised of the principal, teachers, staff, and parents who share the goal of improving our school and our students' performance. The California Department of Education describes the SPSA as the "plan of action to improve student academic performance by coordinating all educational services and resources." The SPSA is developed by reviewing site-specific student demographic, achievement, outcome, and perception data and developing an improvement process. The SSC is the decision-making body responsible for gathering input from the staff and the parent community about school goals and and establishing a plan for accomplishing those goals. The SSC reviews, modifies, and monitors implementation of the plan and establishes a budget for proposed expenditures to support the specified goals. SPSAs are reported to the LUSD Board of Trustees annually and is available through the following link: https://www.lsusd.net/Domain/611

At Lindo Park, we are responsive to students' needs and we utilize state and federal funding to support a rigorous, academic curriculum for all students to reach their maximum potential. We work collaboratively in professional learning communities to support students' social/emotional development and academic achievement. As stated, Lindo Park School receives funds from the state and federal government to support students who are below grade level in reading and/or mathematics and those who are learning English as their second language. In addition to core instructional time, we provide intensive support to students in small group settings.

Our core instructional time is from the beginning of school until 2:10 pm, with a lunch and recess break. It focuses on dedicated, uninterrupted English and Mathematics instruction, with a science and social studies focus in the afternoon. During the morning block, we use a universal access model in which students are regrouped within grade levels to best target specific academic needs. Teachers meet regularly in professional learning communities to review student work and progress towards California Common Core State Standards. We use state-adopted instructional materials including a rigorous, research-based reading program from Houghton-Mifflin Harcourt, called READ 180, System 44, and Imagine Learning for students needing literacy intervention and prevention. In addition, we utilize an award-winning reading comprehension program focused on nonfiction text called Achieve3000. Our mathematics program is Everyday Math, from McGraw-Hill Publishers.
