2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Lemon Crest Elementary School, established in 1991 in Lakeside, California, provides a full academic program for students in grades TK–5. At Lemon Crest, our mission is to cultivate a safe and nurturing learning environment where each student feels seen and valued for their unique gifts and assets. Grounded in our schoolwide theme of Planting Possibilities, we strive to empower students to discover their strengths, grow their passions, and recognize the limitless potential within themselves. Our culture of empathy, kindness, integrity, and respect guides our work as we partner with students, families, and our community to foster a lifelong love of learning.

As the proud host of our district's SDC program for students with moderate to severe disabilities, Lemon Crest believes wholeheartedly in inclusion and access to the general education setting. We are committed to ensuring that all students are seen, heard, valued, and respected, and that every child has opportunities to learn alongside their peers.

Lemon Crest Elementary School provides a rigorous, standards-based curriculum that is supported by high-quality instruction and a comprehensive approach to social-emotional learning. We prioritize ongoing professional development for teachers and staff to ensure that instructional practices remain research-based and responsive to student needs. Through our Early Release Wednesdays, we hold Staff Meetings and Grade-Level Professional Learning Communities (PLCs) where staff collaborate to analyze academic and attendance data, monitor student progress, and determine how to best support each student's growth.

Aligned with our belief that every student deserves the support they need when they need it, Lemon Crest has developed a robust Multi-Tiered System of Support (MTSS) for both academics and social-emotional learning. Universal screeners help identify student needs, and a variety of research-based intervention programs allow us to provide targeted supports. Our part-time MTSS TOSA supports these systems through support and coaching with teachers and Principal collaboration.

On the social-emotional side of MTSS, we implement Positive Behavioral Interventions and Supports (PBIS) through our site-adopted SEL curriculum, Second Step. Through our schoolwide expectations, ROAR (Respect, On Task, Always Safe, Responsible), students build communication, collaboration, and self-management skills that strengthen relationships and promote a positive school community. The teaching of habits of character supports students in becoming the best versions of themselves. Our partnership with Wellness Together and the work of our school counselor further enhance this system, providing small-group support and access to mental health professionals for students with additional needs.

2025-26 School Description and Mission Statement

At Lemon Crest, we believe that when we Plant Possibilities, our students grow into confident, capable, and compassionate leaders in their classrooms, school, and community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

In October 2023 the Lakeside Union School District Board of Trustees verified by resolution that each student at Lemon Crest School has a textbook and/or instructional materials for each core subject area, and that the textbooks and materials are aligned to the content and cycles of the curriculum framework adopted by the State of California. Care is taken to ensure that all students have access to Board adopted textbooks and instructional materials at all times. A book room is kept for extra copies of each textbook and these are used when new students enroll at our school.

School Facility Conditions and Planned Improvements

All sites are well maintained and undergo maintenance on a regular basis. An online system of work orders has been implemented to assist in maintenance requests. Sites are painted and carpeted on a regular basis. All sites have completed modernization construction over the past several years. During modernization all walls, roofs, floors, plumbing, and electrical have been updated to reflect current demands, including technology upgrades. Rest rooms and fire alarms systems were updated, along with heating and cooling systems upgraded to ensure energy efficient use. Sites are cleaned daily and any graffiti removed immediately by custodial staff. Quarterly Community Safety Meetings are held with representatives from the sites, PTA, Sheriff's Department, Highway Patrol, Fire Department, and San Diego County to discuss safety issues for each of the sites.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

School Facility Conditions and Planned Improvements

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

Mathematics (grades 3-8 and 11)	22	19	33	35	35	37

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

At Lemon Crest, we are working hard to increase our parent engagement. Research shows a high correlation between parent involvement and effective schools and Lemon Crest greatly values parent involvement and education. Parents/caregivers have the opportunity to volunteer in whatever ways showcase their strengths and interests: in the library, school office, assisting individual or small groups of children, and supporting teachers with prep work. Parents/caregivers are encouraged to become an active participant in our School Site Council, English Language Advisory Committee, and our PTA. These committees and organizations are a vital part of our school's culture. Our very supportive Parent Teacher Association (PTA) works hand-in-hand with the school to provide feedback, funds and programs, which further enrich the school experience for our students. Fundraising efforts provide students at Lemon Crest with a wide selection of books, art supplies, assemblies, and field trips. The Lemon Crest English Language Advisory Committee (ELAC) meets monthly and provides an opportunity for families who speak languages other than English the opportunity to access information and offer suggestions for the school. The Lemon Crest School Site Council (SSC) helps make decisions about academic and social emotional programs, as well as help us build our school's community.

Through these informative committee meetings, Weekly Family Newsletter (the ROAR), parent teacher conferences, and Coffee with the Principal, our school works hard to provide parents and caregivers with support in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. The school educates staff members about the value of family voice and input, and in how to work with parents/caregivers as equal partners. The school provides families with materials and training to help them work with their children to improve their children's achievement. We are also fortunate to have a Community Liaison, who doubles as a translator for our Spanish-speaking families. Our Community Liaison connects families with school, district and community resources and is a voice for our families.

2025-26 School Safety Plan

School safety is a high priority for our school and district. Lemon Crest has a complete comprehensive School Safety Plan that addresses a multitude of safety concerns and scenarios. The Lemon Crest Safety Plan is updated and reviewed in the fall of every school year. Staff members are prepared and qualified in areas of CPR, first aid, conflict resolution, and counseling. The staff is knowledgeable and has participated with students in duck and cover, fire, and lockdown drills held regularly. Fire drills are completed monthly. Earthquake drills are conducted quarterly. Lockdown drills, as well as shelter-in-place drills, are conducted annually.

The complete Safety Plan is on file in the school office. All volunteers and visitors to our campus are required to sign in and out at the front office using the Ident-a-kid system. All classrooms are equipped with up-to-date emergency kits and have telephone access to the office. We have Epi-Pens and an AED (automated external defibrillator), on site for emergency use. A new safety plan was reviewed and discussed by the SSC in Fall 2025. The School Safety Plan was approved by the LUSD School Board on October 9, 2025. The most current state guidelines regarding health and illness protocols are included in this safety plan.

Fiscal Year 2024-25 Types of Services Funded

Our district relies on federal funding under Title I, Title II, Title III, and Title IV of the Every Student Succeeds Act (ESSA). The purpose of these funds is to assist districts in closing the educational gap of special populations and providing resources, professional development, and materials to improve instruction. For a more detailed analysis of services funded, refer to the LUSD LCAP on our website at <https://www.lsusd.net/>.

In addition, each year each school's School Site Council (SSC) develops a School Plan for Student Achievement (SPSA). The SSC at Lemon Crest is comprised of the principal, teachers, staff, and parents who share the goal of improving our school and our students' performance. The California Department of Education describes the SPSA as the "plan of action to improve student academic performance by coordinating all educational services and resources." The SPSA is developed by reviewing site-specific student demographic, achievement, outcome, and perception data and developing an improvement process. The SSC is the decision-making body responsible for gathering input from the staff and the parent community about school goals and establishing a plan for accomplishing those goals. The SSC reviews, modifies, and monitors implementation of the plan and establishes a budget for proposed expenditures to support the specified goals. SPSAs are reported to the LUSD Board of Trustees annually.

Fiscal Year 2024-25 Types of Services Funded

At Lemon Crest, our expenditures include funds for general education, special education, and specially funded projects but do not include facilities costs or deferred maintenance. We receive funding for Title I and Title III programs. Approximately three-fourths of our revenues go toward the salaries of teachers, specialists, auxiliary personnel, books, supplies, and equipment.

During the 2025-2026 school year, we have allocated site funds for the following programs and services to support students: Expeditionary Learning training, materials, and supplies

Responsive Classroom/Morning Meeting Professional Development to help with social emotional learning, as well as build positive school culture

PLC Training and Release time - Targeting standards for mastery

Social-Emotional Learning Curriculum: Second Step

Professional Development

The Lakeside Union School District places great value on the role of professional learning and utilizes systems-wide structures and strategies to promote continuous adult learning that results in increased learning for students. The ongoing focus for professional learning is to support the district's LCAP goals through the lens of MTSS and equity. It is the district's goal to engage students in meaningful, challenging, and innovative educational experiences that increase post-secondary options for all students.

At Lemon Crest, our goal is to ensure that all students receive the best first instruction through intentional lesson planning, teacher collaboration, best instructional practices (including GLAD and UDL), and ongoing assessment. This year, our emphasis continues to be on strengthening our Multi-Tiered System of Supports (MTSS), supported by our MTSS TOSA serving as a PLC Coach. This work enables systematic interventions for students who are not yet meeting grade-level standards and provides a comprehensive framework for social-emotional learning for both students and staff.

This year, Lemon Crest continues our expanded its enrichment program by continued hire of a credentialed Music Teacher and a classified Art Instructor through use of our Prop 28 funds.. These instructional specialists enhance our whole-child approach by providing students with a well-rounded educational experience in the arts while simultaneously increasing dedicated preparation and planning time for classroom teachers. This additional time supports lesson design, collaboration, and data-driven instruction, strengthening the overall quality of teaching and learning on campus.

Professional Development

The objective of all LUSD professional learning is to improve educator effectiveness in order to increase student learning. Administrators also participate in ongoing professional learning to deepen their knowledge of quality instructional practices, the California Content Standards, and leadership strategies that promote continuous improvement.

LUSD provides daily PLC time for embedded professional learning. During this time, educators examine the impact of their instructional practices on student learning with a focus on continuous improvement. Schools identify key areas of learning based on an analysis of multiple data sources including DIBELS, NWEA MAP, Imagine Learning, local Calibration and Alignment measures, and CAASPP, and set measurable annual goals aligned with these needs. Collaborative teams use PLC time to design differentiated instruction that meets the needs of all students while maintaining a strong focus on equity, academic achievement, and students' social-emotional wellbeing.

Beginning teachers receive systematic training and support during their first two years through the LUSD New Teacher Induction Program. This program, approved by the California Commission on Teacher Credentialing, provides structured mentoring from experienced teachers and supports new educators in clearing their teaching credentials. In addition, teachers receive ongoing support through school site learning teams, student study teams, district resource teachers, and professional learning opportunities.

This year, Lemon Crest is specifically focused on three key areas identified in our School Plan for Student Achievement and aligned with the LUSD LCAP:

1. Academic Achievement,
2. Social-Emotional Wellbeing and Student Safety, and
3. Attendance Improvement.

We are continuing our school-wide implementation of Expeditionary Learning, a project-based model grounded in Science and Social Studies that supports mastery of learning standards. We also continue to strengthen our use of PBIS and Responsive Classroom practices, integrating Second Step, daily morning meetings, positive greetings, intentional teacher language, and consistent schoolwide expectations to support students' social-emotional development and reinforce a positive, respectful school culture.
