Dear Students, Parents and Guardians,

State law requires the Lakeside Union School District (LUSD) to provide annual notification to students, parents and guardians of their rights and responsibilities pertaining to their child's education. Please read this Annual Notification. The parent or guardian is required to acknowledge their receipt of this notice by signing and returning the signature page to their child's school or LUSD program. The parent's or guardian's signature is an acknowledgment that they have been informed of their rights and does not indicate the parent's or guardian's consent for their child to participate or not participate in any particular program listed within the Annual Notification.

Some legislation requires additional notification to the parents or guardians during the school term prior to a specific activity. A separate letter will be sent to the parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate. Other legislation grants certain rights that are to be spelled out in this Annual Notification.

LUSD and its Board recognize that parent or guardian involvement in their child's education promotes student achievement and contributes greatly to the student's success. This Annual Notification contains information on the various ways parental involvement is both permitted and encouraged by federal and state laws, as well as LUSD policies. LUSD commits to providing a quality education to all of its students in a safe and healthy environment. LUSD looks forward to a successful and positive school year, made possible by the dedicated efforts of its administrators, teachers, paraeducators, support staff, students, and parents and guardians.

Sincerely,

Natalie Winspear

CALIFORNIA HEALTHY YOUTH ACT

Reference: EC 48980, 51938

The California Healthy Youth Act requires schools to offer integrated, comprehensive, medically accurate, and unbiased sexual health and human immunodeficiency virus (HIV) prevention education at least once in middle school and once in high school. It is intended to ensure that students in grades 7-12 are provided with the knowledge and skills necessary to protect them from risks presented by HIV and other sexually transmitted infections, pregnancy, sexual harassment, sexual assault, sexual abuse, and human trafficking and to have healthy, positive, and safe relationships and behaviors. It also promotes students' understanding of sexuality as a normal part of human development and their development of healthy attitudes and behaviors concerning adolescent growth and development, menstrual health, body image, gender, gender identity, gender expression, sexual orientation, relationships, marriage, and family.

Parents have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education, or participate in research on student health behaviors and risks. When a parent does not permit their child to receive such education, the child may not be subject to disciplinary action, academic penalty, or other sanction.
3. Request a copy of EC 51930-51939, the California Healthy Youth Act.
4. Be informed when students will receive the education and the opportunity for parents to review the educational materials.
5. Be informed whether comprehensive sexual health or HIV prevention education will be taught by Lakeside Union School District personnel or outside consultants. When the Lakeside Union School District chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of:
 - a. The date of the instruction
 - b. The name of the organization or affiliation of each guest speaker
 - c. The right to receive a copy of EC 51933, 51934, and 51938If arrangements for this instruction are made after the beginning of the school year, notice will be provided by mail or another commonly used method of notification, no fewer than 14 days before the instruction is delivered
6. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.

COURSE PROSPECTUS

Reference: EC 49063, 49091.14

At least once every year, the Lakeside Union School District compiles a prospectus (or course catalog) that provides the curriculum, including titles, descriptions, and instructional aims of every course offered by its schools. To review the prospectus or to obtain a copy of it, www.lsusd.net. The school may charge for the prospectus an amount not to exceed the cost of duplication.

COURSE SELECTION AND CAREER COUNSELING

Reference: EC 221.5

A school counselor, teacher, instructor, administrator, or aide shall not offer vocational or school program guidance to a student or, in counseling a student, differentiate career, vocational, or higher education opportunities, on the basis of the student's sex. Any school personnel acting in a career counseling or course selection capacity to a student shall explore with the student the possibility of careers, or courses leading to careers, that are nontraditional for that student's sex. Parents of students in grades 7-12 are encouraged to participate in such counseling sessions and decisions. Contact the school for details.

EXEMPTION BASED ON RELIGIOUS BELIEFS

Reference: *Mahmoud v. Taylor* (2025)

In certain courses, where appropriate, teachers may objectively discuss the role of various religions in history, world cultures, literature, and the arts, without promoting, denigrating, or showing preference for any particular religion, sect, or religious viewpoint. The Lakeside Union School District will ensure that instruction and instructional materials will not interfere with the religious development of any student in whatever beliefs, customs, and/or practices the student embraces, and will treat all religious and religious convictions, including nonbelief, with fairness and respect.

Parents have the right to request in writing that their child not participate in instruction on the basis of their religious beliefs, customs, or practices. The written request must include the following information:

1. The specific instructional content that is subject to the opt-out
2. The specific religious belief(s), custom(s), and/or practice(s) with which the specific instructional content substantially interferes
3. How the specific instructional content substantially interferes with the specific religious belief(s), custom(s), and/or practice(s), including any individual student characteristic relevant to the opt-out request

The Lakeside Union School District will evaluate each opt-out request and determine whether the request will be granted. When such request is granted, the student will not be subject to disciplinary action, academic penalty, or other sanction.

EXEMPTION FROM HARMFUL OR DESTRUCTIVE USE OF ANIMALS

Reference: EC 32255 *et seq.*

Any student with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, shall notify the teacher of the objection. Objections shall be substantiated by a note from the student's parent.

When a student chooses to refrain from participation in an educational project involving the harmful or destructive use of animals, the teacher may work with the student to develop and agree upon an alternate project, if such project is possible, so that the student may still obtain the knowledge, information, or experience required for the course. The alternative project shall require a comparable time and effort invested by the student – it shall not be more difficult than the original education project as a means to penalize the student. Students choosing an alternative educational project shall pass all exams for the course in order to receive credit; however, if the test requires the harmful or destructive use of animals, the student may, similarly, request an alternative test. No student shall be discriminated against based upon their decision to exercise these rights.

EXEMPTION FROM HEALTH INSTRUCTION

Reference: EC 51240

The Lakeside Union School District is required to teach certain health-related topics. If any part of a school's instruction in health conflicts with the religious training and beliefs, including personal and moral convictions of the student's family, the student's parent may submit a written request to the principal or designee to excuse the student from that part of the instruction.

PARTICIPATION IN STATEWIDE ASSESSMENTS

Reference: 5 CCR 852; EC 60615

The California Assessment of Student Performance and Progress (CAASPP) is a system that includes a number of assessments that are administered each spring to students in specified grade levels. These tests were created specifically to gauge each student's performance and progress in English language arts, mathematics, and science. The assessments measure the skills called for by the standards, including the ability to write clearly, think critically and solve problems. CAASPP tests are given statewide and therefore provide an opportunity to measure the skills of all students against the same academic standards.

The CAASPP system consists of the following assessments:

- The Smarter Balanced summative assessments for English language arts and mathematics in grades 3-8 and 11.

- The California Science Tests (CAST) in grades 5, 8, and once in grades 10-12.
- The California Alternate Assessments (CAA) in English language arts, mathematics, and science, administered to students with significant cognitive disabilities who are unable to take the Smarter Balanced summative assessments and the CAST.

Parents may annually submit to the school a written request to excuse their child from any or all parts of the CAASPP assessments for the school year, and such a request shall be granted by the Superintendent or designee. If a parent submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent and included in the student's records.

SCREENING FOR READING DIFFICULTIES

Reference: EC 53008

To ensure that all students learn to read by third grade, all students in kindergarten and grades 1 and 2 will be screened for risk of reading difficulties. Screenings are intended to be part of a comprehensive instructional strategy to inform instruction, measure progress, identify learning needs, and enable parents and staff to discuss learning in an informed way. Screening assessments will not be used for any high-stakes purpose (e.g., teacher or other school staff evaluation, accountability, student grade promotion or retention, identification for gifted or talented education, reclassification of English learners, or identification as an individual with exceptional needs). Rather, the screening results are to be used as a flag for potential risk of reading difficulties, not as a diagnosis of a disability – they are to be used as part of a broader process that further evaluates student needs and progress, identifies supports for classroom instruction, enables targeted individual intervention as needed, and allows the further diagnosis if concerns do not resolve.

If a student is identified as being at risk of having reading difficulties, the Lakeside Union School District will provide the student with supports and services, appropriate to the specific challenges identified by the screening instrument and other pertinent information about the student. Supports and services may include evidence-based literacy instruction focused on the student's specific needs, progress monitoring, early intervention in the regular general education program, one-on-one small group tutoring, and further evaluation or diagnostic assessment.

For the 2026-2027 school year, students in kindergarten through grade 2 will be assessed during the window of January 19th through February 5th, 2027. If a student enrolls after this date, the student will be assessed within 45 calendar days of enrollment.

A student may be exempted from the screening for risk of reading difficulties if the parent provides prior written consent and the student meets any of the following criteria:

1. Has a current identification or diagnosis of a reading difficulty, reading disorder, or other disability.
2. Is eligible for an IEP or Section 504 Plan.
3. Is in the process of being assessed for eligibility for special education and related services pursuant to IDEA or a Section 504 Plan, and the student is being evaluated with diagnostic assessments that make screening for risk of reading difficulties redundant.

If you have questions about the screener or the results, or if you wish to opt their child out of the screening please contact the Educational Services Department (619) 390-2600. If you wish to opt out you must contact the Educational Services Department at least 15 calendar days prior to the date of the administration.

ENGLISH LEARNER PROGRAM

ADVISORY COMMITTEES

Reference: 5 CCR 11308; EC 52063, 52174, 52176

English Learner Advisory Committee

A school-level English Learner Advisory Committee (ELAC) shall be established when there are more than 20 English learners at the school. Parents of English learners, elected by parents of English learners at the school, shall constitute committee membership in at least the same percentage as English learners represent of the total number of students in the

school. The school may designate for this purpose an existing school-level advisory committee provided that it meets these criteria for committee membership.

The ELAC shall be responsible for assisting in the development of a schoolwide needs assessment, recommending ways to make parents aware of the importance of regular school attendance, and advising the principal and school staff in the development of a detailed master plan for English learners for the individual school and submitting the plan to the Governing Board for consideration of inclusion in the School Plan for Student Achievement.

Where applicable, the ELAC shall have the opportunity to elect at least one member to the Lakeside Union School District English Learner Advisory Committee (DELAC).

Lakeside Union School District English Learner Advisory Committee

When the Lakeside Union School District has more than 50 English learners, the Superintendent or designee shall establish a Lakeside Union School District English Learner Advisory Committee (DELAC), the majority of whose membership shall be composed of parents of English learners who are not employed by the Lakeside Union School District. Alternatively, the Lakeside Union School District may use a subcommittee of an existing Lakeside Union School Districtwide advisory committee on which parents of English learners have membership in at least the same percentage as English learners represent of the total number of students in the Lakeside Union School District.

The DELAC shall advise the Governing Board on at least the following tasks:

1. Developing a Lakeside Union School District master plan for education programs and services for English learners, taking into consideration the school site master plans.
2. Conducting a Lakeside Union School Districtwide needs assessment on a school-by-school basis.
3. Establishing a Lakeside Union School District program, goals, and objectives for programs and services for English learners.
4. Developing a plan to ensure compliance with applicable teacher and/or teacher aide requirements.
5. Administering the annual language census
6. Reviewing and commenting on the Lakeside Union School District's reclassification procedures.
7. Reviewing and commenting on the required written parental notifications.
8. Reviewing and commenting on the development or annual update of the LCAP if the DELAC acts as the ELAC pursuant to EC 52063 and 52062.

In order to assist the advisory committee in carrying out its responsibilities, the Superintendent or designee shall ensure that DELAC and ELAC committee members receive appropriate training and materials. This training shall be planned in full consultation with the members.

IDENTIFICATION AND ASSESSMENTS

Reference: 5 CCR 11307, 11518.5; EC 52164.1

Upon initial enrollment in school, each student's primary language shall be determined through the use of a home language survey. Any student who is identified as having a primary language other than English as determined by the home language survey, and who has not previously been identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English proficiency using the Initial English Language Proficiency Assessments for California (ELPAC). For students who are identified as having a primary language other than English while enrolled in transitional kindergarten, the Initial ELPAC shall be administered to those students in kindergarten. The parents of such students shall be notified in writing prior to the administration of the ELPAC.

Administration of the Initial ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.37. Any student with a disability shall take the assessment with the supports and accommodations delineated in the student's IEP or Section 504 plan. If the student is unable to participate in the assessment or a portion of the assessment even with appropriate accommodations, an alternative assessment for English language proficiency shall be administered.

Each year after a student is identified as an English learner and until the student is redesignated as English proficient, the Summative ELPAC shall be administered to the student during a four-month period after January 1 as determined by the CDE.

The following are CDE's parent guides:

- *Understanding the ELPAC* – <https://www.cde.ca.gov/ta/tg/ca/documents/elpacpgtu.pdf>

LANGUAGE ACQUISITION PROGRAM

Reference: 20 USC 6312; 5 CCR 11309, 11310; EC 310

Language acquisition programs are educational programs designed to ensure English acquisition as rapidly and as effectively as possible, and that provide instruction to students on the state-adopted academic content standards, including the English language development (ELD) standards. The Lakeside Union School District offers the following research-based language acquisition programs that lead to grade level proficiency and academic achievement in both English and another language:

- Structured English Immersion is a language acquisition program for English learner (EL) students in which nearly all classroom instruction is provided in English, but with a curriculum and a presentation designed for pupils who are learning English.
- Dual Language Immersion is a language acquisition program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goal of high academic achievement, first and second-language proficiency, and cross-cultural understanding.
- Developmental bilingual is a language acquisition program for English learner (EL) students that provides instruction to pupils that utilizes English and a pupil's native language for literacy and academic instruction. This program enables EL students to achieve English proficiency and academic mastery of subject matter content and higher-order skills, including critical thinking, to meet state-adopted academic content standards.

Parent Request of Establishment of a Language Acquisition Program

Parents of enrolled students, and those enrolled for attendance in the next school year, may submit a request that the Lakeside Union School District establish a specific language acquisition program. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent in clarifying the request. All requests shall be maintained for at least three years from the date of the request.

For additional questions regarding language acquisition programs and how to request for the establishment of a program, please contact Educational Services, (619) 390-2649.

Timelines and Implementation Process

The timeline begins when the threshold number of requests for the same or substantially similar type of language acquisition program is reached (30 or more students enrolled in a school, or 20 or more students in the same grade level). Within 10 school days of reaching the threshold, the Lakeside Union School District will provide written notification of the requests for a language acquisition program to parents of students attending the school, the school's teachers and administrators, and the site and Lakeside Union School District English learner advisory committees and parent advisory committee. Within 60 calendar days of reaching the threshold, a study will be conducted to determine if the language acquisition program can be implemented and written notice of the determination will be provided to parents of students attending the school and the school's teachers and administrators. Each school will follow the process set forth above, even when the Lakeside Union School District provides the requested language acquisition program at another Lakeside Union School District school at the time the threshold of parent requests is met.

Sufficient Resources

To effectively implement a language acquisition program, the Lakeside Union School District will allocate enough resources to support the success of the program in attaining its articulated goals. Sufficient resources include, but are not limited to certificated teachers with the appropriate authorizations, necessary instructional resources pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals.

EQUITY AND ACCESS

ANTISEMITISM PREVENTION

Reference: EC 244, 2623, 280, 33800 *et seq.*, 48980, 51500, 51501, 60151

The policy of the State of California is to afford all persons in public schools, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified characteristic, equal rights and opportunities in the educational institutions of the state. To ensure that classrooms are safe, welcoming, and inclusive learning environments for students of all faiths and backgrounds, including Jewish and Israeli students, antisemitic discrimination may be classified as discrimination on the basis of religion, national origin, ethnicity, or some combination of these factors. Therefore, schools are to treat antisemitism with the same seriousness as other forms of hate, and are required to establish a clear and transparent mechanism for students to report hate incidents and acts of antisemitism.

The following information highlights the protections, requirements, and responsibilities prescribed in Assembly Bill 715 of the 2025-2026 Regular Session to counter antisemitism in schools.

Instructional Materials

The Governing Board or Lakeside Union School District may **not** adopt or approve:

- The use of any textbook, instructional material, supplemental instructional material, professional development material, and curriculum for classroom instruction if the use would subject a student to unlawful discrimination as specified in [EC 220](#).
- The use of any professional development materials or services that would promote, endorse, or otherwise support actions or the use of any textbook, instructional material, supplemental instructional material, or curriculum that would subject a student to unlawful discrimination as specified in EC 220.

If the Board knows or has reason to know that such materials or services were used or an action occurred that would violate EC 220, the Board will investigate and remediate the action, which may include, but is not limited to, the implementation of restorative justice practices. Regardless, a complaint may be filed by any member of the public under the Lakeside Union School District's Uniform Complaint Procedures, or it may be directly filed with the State Superintendent of Public Instruction (SPPI), as described below. Complaints may be filed anonymously if the complainant provides evidence or information leading to evidence to support an allegation of noncompliance.

Additionally, the Board will not adopt any textbooks or other instructional materials that contain any matter reflecting adversely upon persons on the basis of race or ethnicity, gender, religion, disability, nationality, or sexual orientation, or because of a characteristic listed in EC 220, or that violates EC 243, 244, 51500, or 60044. However, the Board does not prohibit the continued use of an appropriately adopted textbook, instructional material, or curriculum on the basis that it contains inclusive and diverse perspectives, including those in compliance with EC 51204.5, 51933, 51934, and 60040.

Instruction & School-Sponsored Activities

No instruction or school-sponsored activity may promote a discriminatory bias on the basis of race or ethnicity, gender, religion, disability, nationality, or sexual orientation, or a characteristic specified in EC 220. Teacher instruction must be factually accurate and aligned with the adopted curriculum and standards, and be consistent with accepted standards of professional responsibility, rather than advocacy, personal opinion, bias, or partisanship. Discriminatory bias in instruction and school-sponsored activities does not require a showing of direct harm to members of a protected group, and members of a protected group do not need to be present while the discriminatory bias is occurring for the act to be considered discriminatory bias. Corrective action will be taken if the Board finds the instruction or school-sponsored activities to be discriminatory.

Parents may review the instructional materials used; access will be provided within a reasonable amount of time in accordance with EC 49091.10 and the California Public Records Act.

Appeals and Direct Filing with the SSPI

An appeal of the LEA's decision on a complaint of prohibited discrimination may be filed with the SSPI within 30 days of receiving the LEA's decision. A complaint of prohibited discrimination can also be filed directly with the SSPI as a result of the LEA's failure to issue an investigation report (or final decision) within the 60-calendar-day timeline for UCP complaints.

When directly filing with the SSPI, the complainant must identify the basis for direct filing, providing evidence and reason(s) to support immediate action by the SPPI. In response to such a complaint, the SPPI may directly intervene without waiting for the results of the Lakeside Union School District's investigation.

Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

Office of Civil Rights

The Office of Civil Rights (OCR), under the administration of the California Government Operations Agency (hereafter, “Agency”), has been established with the purpose of working directly with local educational agencies (LEA) to prevent and address discrimination and bias as specified in EC 220. OCR will do all of the following, in consultation with CDE:

- Provide education and educational resources to identify and prevent antisemitism and other forms of discrimination and bias, and share relevant laws and regulations with educational state agencies, LEAs, and community stakeholders.
- Annually submit a report to the Agency, the SSPI, the executive director of the state board, and the Legislature on the state of discrimination and bias in all LEAs serving TK-12 students. The report will include specific information on the type of discrimination or bias against a group protected by EC 220 and made publicly available on the Agency’s website.
- Recommend strategies to combat discrimination or bias against groups protected by EC 220 in LEAs serving TK-12 students to CDE and LEAs, including proactive strategies using a restorative justice approach with a focus on repairing harm, fostering empathy, and healing relationships.
- Annually review CDE’s report that includes a summary of all complaints made under the uniform complaint procedures (UCP) that involve discrimination as defined in EC 220, with specific information on the type of discrimination or bias, any action taken by CDE in response to each complaint and the timeline for that action, and the disposition of each complaint.
- Advise on subsequent action regarding UCP complaints that involve discrimination as defined in EC 220.
- Provide assistance, in consultation with the office of the Attorney General and CDE, on proper protocols to respond to discrimination complaints filed under the UCP.

Appointed by the Governor and confirmed by the Senate, the Antisemitism Prevention Coordinator, in consultation with CDE, is tasked with the following:

- Develop, consult on, and provide antisemitism education to LEA personnel, including members of the governing board/body, to identify and proactively prevent antisemitism.
- Make recommendations on legislation necessary for the prevention of antisemitism in educational settings.
- Engage and advise on the actions taken by the OCR on issues relating to antisemitism and the Jewish community.
- Engage with LEAs on the handling of antisemitism.
- Track and report to the Legislature, the executive director of the state board, and the SSPI complaints and resolutions or lack of resolutions of complaints made pursuant to EC 33315 relating to antisemitism in all LEAs serving TK-12 students.
- Engage with relevant community stakeholders in the execution of their duties.

Any reports or summaries provided by OCR will not contain any personally identifying information about any individual, and the information will be sufficiently deidentified to prevent the identification of the individuals involved in the complaint. EDUCATIONAL EQUITY: IMMIGRATION AND CITIZENSHIP STATUS

Reference: EC 234.7

All students have the right to a free public education regardless of their immigration status or religious beliefs. Consistent with state law and the California Office of the Attorney General’s guidance document, “Promoting a Safe and Secure Learning Environment for All: Guidance and Model Policies to Assist California’s K-12 Schools in Responding to Immigration Issues Guidance and Model Policies to Assist California’s TK-12 Schools in Responding to Requests for Access and Information for Immigration Enforcement Purposes” (December 2025), the Lakeside Union School District is committed to providing a safe and welcoming place for students, their families, and staff. To that end, the District:

1. Prohibits unlawful discrimination, harassment, intimidation, and bullying in the Lakeside Union School District’s programs and activities on the basis of a student’s or family’s immigration status or for the refusal to provide information related to the student’s or family’s immigration status.
2. Resolves and investigates allegations of unlawful discrimination, including discriminatory harassment, intimidation, and bullying in accordance with its Uniform Complaint Procedures.
3. Unless required by state or federal law, required to administer a state or federally supported education program, or presented with a valid judicial subpoena/warrant or court order, prohibits staff from doing any of the following:
 - a. Collect information or documents regarding the citizenship or immigration status of students or their family members.

- b. Disclose or provide, in writing, verbally, or in any other manner, and to the extent practicable, any information about the student, including their education records, or information about the student's family and household.
 - c. Allow an officer or employee of an agency conducting immigration enforcement to enter a nonpublic area of a schoolsite (*i.e.*, school grounds, area where school-sponsored activities are being held, or school-provided transportation) for any purpose.
4. Ensures resources and data collected by the Lakeside Union School District will not be used, directly or by others, to compile a list, registry, or database of individuals based on national origin, immigration status, religion, or other category of individual characteristics protected against unlawful discrimination.
 5. Requires reporting to the Governing Board in a timely manner any requests to gain information or access to a schoolsite by an officer or employee of a law enforcement agency for immigration enforcement purposes. Additionally, staff will do all of the following:
 - a. Obtain consent from the student's parent before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a judicial warrant/ subpoena or court order.
 - b. Notify the student's parent if an officer or employee of an agency requests or gains access to a student for immigration enforcement purposes, unless such access was in compliance with a judicial warrant/subpoena or court order that restricts the disclosure of the information to the parent.

To ensure the safety and well-being of students, parents are encouraged to regularly update their emergency contact information, including secondary and additional contact information. This is so that when staff are aware that a student's parent is unavailable to care for the student, staff can first exhaust any parental instruction related to the student's care that is provided in the emergency contact information and only contact child protective services agency to arrange for the student's care as a last resort. The Lakeside Union School District will only use the information provided on the emergency cards in response to specific emergency situations and not for any other purpose.

Additionally, in preparation for a situation where the student and their parents may be separated, the Lakeside Union School District encourages parents to consider completing a Caregiver's Authorization Affidavit to give a trusted adult the authority to make educational and medical decisions for their child. Students and families should also learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information.

For more information, parents should review [board policy 5145.13](#), as well as the Attorney General's guidance document, "[Promoting a Safe and Secure Learning Environment for All](#)," which includes the following "know your educational rights" information.

Your child has the right to a free public education

All children have a right to equal access to free public education, regardless of their or their parents'/guardians' immigration status.

All children in California:

- Have the right to a free public education.
- Must be enrolled in school if they are between 6 and 18 years old, unless otherwise exempt.
- Have the right to attend safe, secure, and peaceful schools.
- Have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
- Have equal opportunity to participate in any program or activity offered by the school without discrimination.

Information required for school enrollment

Schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency and schools are not required to keep a copy of the document used as proof of a child's age.

Information about citizenship/immigration status is never needed for school enrollment. A Social Security number is never needed for school enrollment.

Confidentiality of personal information

Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.

Some schools collect and provide publicly basic student “directory information.” If so, the school district must provide parents or guardians with written notice of the directory information policy, and provide the option to refuse release of your child’s information.

Family safety plans if you are detained or deported

You can update your child’s emergency contact information, including secondary contacts, to identify a trusted adult guardian who can care for your child if you are detained or deported.

You can complete a Caregiver’s Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person to give a trusted adult the authority to make educational and medical decisions for your child.

Right to file a complaint

Your child has the right to report a hate crime or file a complaint to the school district if your child is discriminated against, harassed, intimidated, or bullied on the basis of their actual or perceived nationality, ethnicity, or immigration status.

For more information on resources for responding to immigration enforcement activities at California schools, or to file a complaint, please contact: Bureau of Children’s Justice, California Attorney General’s Office, P.O. Box 944255, Sacramento, CA 94244-2550, (800) 952-5225, BCJ@doj.ca.gov, <https://oag.ca.gov/bcj/complaint>.

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, will be investigated and action will be taken to respond to harassment, prevent recurrence, and address any continuing effect on students.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors or other unwanted verbal, visual or physical conduct of a sexual nature made against another person of the same or opposite sex, in

the educational setting, under any of the following conditions:

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student's academic status or progress.
2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student.
3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any Lakeside Union School District program or activity.

Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of Lakeside Union School District policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct.

For purposes of applying the complaint procedures specified in Title IX of the Education Amendments of 1972, sexual harassment is defined as any of the following forms of conduct that occurs in an education program or activity in which a Lakeside Union School District school exercises substantial control over the context and respondent:

1. A Lakeside Union School District employee conditioning the provision of a Lakeside Union School District aid, benefit, or service on the student's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the Lakeside Union School District's education program or activity.
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291.

Reporting and Investigating Allegations of Sexual Harassment

If the report of sexual harassment is submitted verbally or informally, the Title IX Coordinator will inform the student or parent of their right to file a formal written complaint in accordance with applicable complaint procedures.

A principal or other employee who receives a report or observes an incident of sexual harassment must submit the report or forward the information to the Title IX Coordinator within one workday. The report must be made whether the alleged victim files a formal complaint or requests confidentiality. Once notified, the Title IX Coordinator will determine whether the complaint or allegation is to be addressed through AR 5145.71 – Title IX Sexual Harassment Complaint Procedures or BP/AR 1323.3 – Uniform Complaint Procedures. The Title IX Coordinator will ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator will offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances. If, upon the conclusion of an investigation, sexual harassment is determined to have occurred, the Title IX Coordinator, or designee in consultation with the Coordinator, will take prompt action to stop the sexual harassment, prevent recurrence, implement remedies, and address any continuing effects.

Records of all reported cases of sexual harassment are maintained in accordance with law and Lakeside Union School District policies and regulations to enable the Lakeside Union School District to monitor, address and prevent repetitive harassing behavior in its schools.

To review the full text of the Lakeside Union School District's board policy and administrative regulation on sexual harassment, please go to www.lsusd.net/BP_AR_5145.7. TITLE IX: SEX EQUITY IN EDUCATION ACT

Reference: 34 CFR 106.8; EC 221.61, 221.8

Title IX of the Education Amendments of 1972 is one of several federal and state anti-discrimination laws that ensure equality in educational programs and activities that receive federal funding. Specifically, Title IX protects students, employees, applicants for admission and employment, and other persons from all forms of sex discrimination, including sexual harassment. California law further provides that all students (as well as other persons) are protected by Title IX – regardless of their sex, gender, gender expression, gender identity, sexual orientation, disability, race, or national origin – in all aspects of the Lakeside Union School District’s educational programs and activities. It also provides that students may not be discriminated against based on their parental, family, or marital status, and pregnant and parenting students may not be excluded from participating in any educational program, including extracurricular activities, for which they qualify. The essence of Title IX is to ensure that students (as well as other persons) are not excluded, separated, denied benefits to, or otherwise treated differently on the basis of sex unless expressly authorized to do so under state or federal law in areas including, but not limited to: recruitment, admissions, and counseling; financial assistance; athletics; sex-based harassment; treatment of pregnant and parenting students; discipline; single-sex education; and employment.

Under Title IX, students have the right to:

1. Fair and equitable treatment that is free from discrimination based on sex.
2. Be provided with an equitable opportunity to participate in all academic extracurricular activities, including athletics.
3. Inquire of the school's athletic director as to the athletic opportunities offered by the school.
4. Apply for athletic scholarships.
5. Receive equitable treatment and benefits in the provision of all the following: equipment and supplies; scheduling of games and practices; transportation and daily allowances; access to tutoring; coaching; locker rooms; practice and competitive facilities; medical and training facilities and services; and publicity.
6. Access to a gender equity coordinator to answer questions regarding gender equity laws.
7. Contact the California Department of Education (CDE) and the California Interscholastic Federation (CIF) to access information on gender equity laws.
8. File a confidential discrimination complaint with the United States Office of Civil Rights (OCR) or CDE if there is belief that discrimination, or unequal treatment, on the basis of sex has occurred.
9. Pursue civil remedies as a result of discrimination.
10. Be protected against retaliation for filing a discrimination complaint.

The Lakeside Union School District has designated the following personnel to address questions and complaints regarding its nondiscrimination policies specific to Title IX: Patricia Fernandez, Director of Pupil Services (619) 390-2760 pfernandez@lsusd.net. Any complaint alleging noncompliance with Title IX will be investigated and resolved through the Uniform Complaint Procedures. For more information regarding Title IX, please visit www.lsusd.net, or contact the Title IX Coordinator and/or the Assistant Secretary for Civil Rights at the U.S. Department of Education. Filing a UCP Complaint

A UCP complaint, except for a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying, shall be filed no later than one year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date when the reviewing authority approves the LCAP or annual update that was adopted by the Lakeside Union School District.

A student enrolled in any public school shall not be required to pay a student fee for participation in an educational activity. A student fee complaint may be filed with the principal or the Superintendent or designee.

A student fee or LCAP complaint may be filed anonymously, that is, without an identifying signature, if the complainant provides evidence or information leading to evidence to support an allegation of noncompliance.

A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.

Copies of the UCP process are available free of charge. To obtain a copy of the complaint form and review additional UCP-related information, go to www.lsusd.net

Compliance Officer

Complaints within the scope of the UCP are to be filed with the person responsible for processing complaints: Dr. Natalie Winspear, Assistant Superintendent Educational Services (619) 390-2608 nwinspear@lsusd.net. The compliance officer is knowledgeable about the laws and programs that they are assigned to investigate.

Notification

The Lakeside Union School District's UCP policy and regulations are posted in all schools and offices, including staff lounges and student government meeting rooms. Written notification of the Lakeside Union School District's UCP is provided annually to students and their parents, employees, Lakeside Union School District and school advisory committee members, appropriate private school officials, and other interested parties.

The Lakeside Union School District also posts the standardized notice of the educational rights of foster youth, homeless students, former juvenile court students now enrolled in the Lakeside Union School District, children of military families, migrant students, and newcomer students, as specified in EC 48853, 48853.5, 49069.5, 51225.1, and 51225.2, and the complaint process on its website.

The Lakeside Union School District has a notice posted to identify appropriate subjects of state preschool health and safety issues in each California state preschool program classroom in each school notifying parents, guardians, students, and teachers of (1) the health and safety requirements under Title 5 of the California Code of Regulations that apply to California state preschool programs pursuant to HSC 1596.7925, and (2) the location at which to obtain a form to file a complaint.

Appeal

The Lakeside Union School District's decision will be provided to the complainant through an investigation report within 60 calendar days of receiving the complaint, unless this time period is extended by written agreement of the complainant. A complainant may appeal the Lakeside Union School District's investigation report to the CDE by filing a written appeal within 30 calendar days after receiving the Lakeside Union School District's decision. The appeal must be accompanied by a copy of the originally filed complaint and a copy of the investigation report for that complaint. A complainant may also pursue civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable.

WILLIAMS COMPLAINT

Reference: 5 CCR 4680-4687; EC 35186

There should be sufficient textbooks and instructional materials that are in good and usable condition. That means each student, including an English learner, must have a textbook and/or instructional materials to use in class and to take home.

School facilities must be clean, safe, and maintained in good repair so as not to pose an emergency or urgent threat to the health or safety of students or staff.

There should be no teacher vacancies or misassignments. There should be a teacher assigned to each class and not a series of substitutes or other temporary teachers. The teacher should have the proper credential to teach the class, including the certification required to teach English learners, if present.

- *Misassignment* means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.
- *Teacher vacancy* means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

A complaint alleging that any of the above conditions is not being met shall be addressed through the Lakeside Union School District's Williams uniform complaint procedures as required by law. Although complainants do not need to use the Lakeside Union School District's complaint form to file a complaint, the complaint form may be obtained at www.lsusd.net. Because a complaint may be filed anonymously, the complaint form shall allow the complainant to indicate whether a response is requested – only a complainant who identifies themselves is entitled to a response. A complaint shall be filed with the principal or designee.

HEALTH AND WELLNESS

ACCESS TO STUDENT MENTAL HEALTH SERVICES

Reference: EC 49428

A child's mental health is essential to their social and cognitive development, and to learning healthy social skills and how to cope when there are problems. Mentally healthy children have a positive quality of life and can function well at home, in school, and in their communities. Mental health problems that are not recognized and treated in childhood can lead to severe

consequences, including exhibiting serious behavior problems, at higher risk of dropping out of school, and increased risk of engaging in substance abuse, criminal behavior, and other risk-taking behaviors. As such, the Lakeside Union School District is committed to promoting the well-being of its students by ensuring that, at least twice a year, students and parents are each provided with information on how to initiate access to available student mental health services at school and/or in the community.

ADMINISTRATION OF PRESCRIBED MEDICATION

Reference: EC 48980, 49423, 49423.1, 49480

The parent of a student on a continuing medication regimen for a nonepisodic condition, shall inform the school nurse or other designated certificated school employee of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the student's parent, the school nurse may communicate with the physician and may counsel school personnel regarding the possible effects of the drug on the child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

The school nurse or other designated school employees may assist students who need to take prescribed medication during school hours only upon written request of both the physician/surgeon and the parent. The written request from the physician/surgeon shall include details as to the name of the medication, method, amount, and time schedules by which the medication is to be taken and a written statement from the parent indicating the desire that the Lakeside Union School District assist the student in matters set forth in the statement of the physician/surgeon.

In order for a student to carry and self-administer prescription epinephrine delivery system or inhaled asthma medication at school, the parent must provide a written statement consenting to the self-administration and a written statement from the physician/surgeon or physician assistant detailing the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the student is able to self-administer the epinephrine delivery system or inhaled asthma medication. The parent's written statement must provide a release for the school nurse or other designated school personnel to consult with the student's health care provider regarding any questions that may arise with regard to the medication and must release the Lakeside Union School District and school personnel from civil liability if the self-administering student suffers an adverse reaction as a result of self-administering medication. A student may be subject to disciplinary action if the student uses an epinephrine delivery system or inhaled asthma medication in a manner other than as prescribed.

All written requests shall be provided on an annual basis or when the medication, dosage, frequency of administration, or reason for administration changes. For requests regarding inhaled asthma medication, the Lakeside Union School District will also accept the written statement from a physician/surgeon who is contracted with a prepaid health plan operating lawfully under the laws of Mexico that is licensed as a health care service plan in California as long as the statement is provided in both English and Spanish and includes the name and contact information of the physician/surgeon.

CONSENT TO PHYSICAL EXAMINATION

Reference: 20 USC 1232h; EC 48980, 49451

Periodic health examinations of students may lead to early detection and treatment of conditions that impact learning. These examinations may also help determine whether the student may qualify for services or accommodations pursuant to the Individuals with Disabilities Education Act or Section 504. However, a parent may annually file with the principal a written statement withholding consent to the physical examination of their child. Any such student shall be exempt from any physical examination but shall be subject to exclusion from attendance when contagious or infectious disease is reasonably suspected.

HPV IMMUNIZATION

Reference: EC 48980.4

Students are advised to adhere to current immunization guidelines, as recommended by the State Department of Public Health regarding full human papillomavirus (HPV) immunization before admission or advancement to the 8th grade of any private or public school. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks.

IMMUNIZATIONS

Reference: 17 CCR 6040, 6055; EC 48216, 48980, 49403; HSC 120372

To protect the health of all students and staff and to curtail the spread of infectious diseases, students must be immunized against certain communicable diseases. Students may not be admitted into any elementary or middle school, preschool, or childcare and development program for the first time nor be admitted or advanced into grade 7 unless they have met the immunization requirements. The parent's guide to "[Required Immunizations for School Entry](#)" from the California Department of Public Health (CDPH) website can be accessed by clicking on the title (link).

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

Medical exemptions may only be submitted using the standardized form developed by CDPH. To request such an exemption, parents are to first register for a California Immunization Registry – Medical Exemption (CAIR-ME) account at <https://cair.cdph.ca.gov/exemptions/home> to obtain a medical exemption request number before going to their child's doctor.

If an enrolled student who was previously believed to be in compliance with immunization requirements is subsequently discovered to not be in compliance with requirements for unconditional or conditional admission, the student's parent will receive notice that evidence of proper immunization or an appropriate exemption must be provided within 10 school days. A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against a communicable disease.

The Lakeside Union School District will cooperate with state and local public health officials in measures necessary for the prevention and control of communicable diseases in school age children. The Lakeside Union School District may use any funds, property, or personnel and may permit an authorized health care provider to administer an immunizing agent to any student whose parents have consented in writing. When feasible, the California Immunization Registry – a secure, confidential, statewide computerized immunization information system for California residents – may be accessed to track immunization records, reduce missed opportunities, and help fully immunize students of all ages.

MEDICAL OR HOSPITAL SERVICES

Reference: EC 48980, 49471, 49472

Athletic Activities – EC 49471

The Lakeside Union School District does not provide or make available medical and/or hospital services for students injured while participating in athletic activities.

ORAL HEALTH ASSESSMENT

Reference: EC 49452.8

Even though they fall out, baby teeth are very important. Children need healthy baby teeth to eat, talk, smile, and feel good about themselves. Children with cavities may have pain, difficulty eating, stop smiling, and have problems paying attention and learning at school. To help children stay healthy, parents are advised of the following:

- Children need to be taken to the dentist. Dental check-ups can help keep a child's mouth healthy and pain free.
- Healthy foods, like fresh fruits and vegetables, should be chosen for the entire family.
- Teeth need to be brushed at least twice a day with toothpaste that contains fluoride.
- Candy and sweet drinks like punch, juice, or soda should be limited. Sweet drinks and candy contain a lot of sugar, which causes cavities and leaves less room for a child to have healthy foods and drinks. Sweet drinks and candy can also cause weight problems, which may lead to other diseases, such as diabetes. Give a child healthy choices like water, milk, and fruit instead.

Having a healthy mouth helps children do well in school. So, to make sure children are ready for school, state law requires children to have an oral health assessment or dental check-up in their first year in public school – whether in transitional kindergarten or first grade. The assessment must be performed by a licensed dentist or other licensed or registered dental

health professional no earlier than 12 months before the date of a child's initial enrollment in school and no later than May 31 of the school year. The dentist will complete the Oral Health Assessment form, which then must be submitted to the school as proof that the assessment has been done. The school shall maintain the privacy of all students' health information. A student's identity shall not be associated with any report produced as a result of this requirement.

The Lakeside Union School District may host a free oral health assessment to assist students and their families in complying with this requirement. Directory information of students, including students experiencing homelessness, will be disclosed to facilitate the assessment unless the student's parent has provided written notice to the school that they do not consent to a physical examination.

A parent who is unable to obtain the oral health assessment must complete a Waiver of Oral Health Assessment Requirement form and submit that to the school.

To help find a dentist, call the Medi-Cal Telephone Service Center at 1-800-322-6384 or visit [Medi-Cal Dental \(https://dental.dhcs.ca.gov/\)](https://dental.dhcs.ca.gov/) to find a dentist that accepts Medi-Cal. To enroll a child in Medi-Cal, parents can apply by mail, go in person to the local Social Services office, or online at: [Apply for Medi-Cal \(https://www.dhcs.ca.gov/Medi-Cal/Pages/apply.aspx\)](https://www.dhcs.ca.gov/Medi-Cal/Pages/apply.aspx).

SCHOOL MEALS

Reference: EC 48980, 49510, 49520

Adequate nutrition is essential to the development, health and well-being, and learning of all students. A free, nutritionally adequate breakfast and lunch is provided each school day to any student who requests a meal regardless of the student's free or reduced-price meal eligibility.

TYPE 1 DIABETES

Reference: EC 49452.6

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about this disease.

Description

Type 1 diabetes usually develops in children and young adults but can occur at any age

- According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.
- The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.
- In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise.
- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.
- Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

Risk Factors Associated with Type 1 Diabetes

It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors

Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type 1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes and Diabetic Ketoacidosis (DKA)

Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

Types of Diabetes Screening Tests That Are Available

- Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- Random (non-fasting) blood sugar test. A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- Fasting blood sugar test. A blood sample is taken after an overnight fast. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If a child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. The child's health care provider may refer the child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact the school nurse, school administrator, or health care provider if there are any questions.

TYPE 2 DIABETES

Reference: EC 49452.7

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County.

Description

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and this guidance is intended to raise awareness about this disease. Contact the school nurse, school administrator, or health care provider if there are any questions.

WATER CONSUMPTION

Reference: EC 38043

Students have the right and are encouraged to bring a reusable bottle to fill and refill water to consume while at school. Drinking water plays an important role in maintaining a child's overall health in the following ways:

- Supports muscles, joints, and tissues
- Improves digestive system
- Keeps growing bodies hydrated
- Positively impacts cognitive performance, particularly short-term memory
- Improves visual attention and fine motor skills
- Can prevent excess weight gain when substituting sugary drinks

PARENT AND FAMILY ENGAGEMENT

CALIFORNIA HEALTHY KIDS SURVEY

The California Healthy Kids Survey (CHKS) is an annual survey for students in grades 5, 7, 9, and 11 to assess school climate, student wellness, resiliency, and safety. TUPE grant school districts also survey 6th graders. The CHKS helps schools, districts, and counties gather and analyze data on youth health-risk behaviors, school connectedness, perceived safety, academic mindset, student resilience, and protective factors. It is a key part of California's Local Control and Accountability Plan (LCAP), requiring Local Education Agencies (LEA) to measure student knowledge, skills, and behaviors and set measurable improvement goals. The CHKS is anonymous and confidential and administered during the first half of the school year by Lakeside Union School District. For more information, including a sample survey and CHKS results, visit the [California Department of Education website/CHKS](#).

CALIFORNIA KIDS INVESTMENT AND DEVELOPMENT SAVINGS PROGRAM

Reference: EC 51225.7

The California Kids Investment and Development Savings (CalKIDS) Program is designed to create opportunities for families to prepare for and complete college, trade school, and career programs. This statewide initiative automatically awards scholarships to eligible students to cover qualified education expenses such as tuition and fees, required books and supplies, and computer equipment, helping to reduce financial barriers for parents.

Every eligible public school student in grades 1–12 has a CalKIDS account created in their name with a deposit of \$500. Eligible students identified as foster youth receive an additional one-time \$500 deposit. Eligible students identified as a student experiencing homelessness receive an additional one-time \$500 deposit. This could mean up to \$1,500 in scholarship money for students!

To be eligible and automatically enrolled in CalKIDS, a student must be identified as an English Learner or low-income by the Local Control Funding Formula on Fall Census Day and either:

1. Enrolled in grades 1-12 during the 2021-22 academic year; or
2. Enrolled in 1st grade during the 2022-23 academic year.

Visit <https://calkids.org/> to find out more information about CalKIDS, check eligibility, register the account, and/or submit a claim. The CalKIDS account is accessible by using the student's Statewide Student Identifier (SSID), which can be found by contacting the school.

PROFESSIONAL QUALIFICATIONS

Reference: 20 USC 6312; 34 CFR 200.61

Parents of students who attend a school receiving Title I funds may request information regarding the professional qualifications of their students' classroom teachers, including, at a minimum, the following:

1. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
3. Whether the teacher is teaching in the field of discipline of the certification of the teacher.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

A school that receives Title I funds will also provide to each individual parent information on the level of achievement and academic growth of their child, if applicable and available, on each of the required State academic assessments, and timely notice that their child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

RIGHTS OF PARENTS

Reference: EC 51101, 51101.1

Parents have the right and should have the opportunity, as mutually supportive and respectful partners in the education of their children, to be informed by the school, and to participate in the education of their children, as follows:

1. Within a reasonable period of time after making the request, to observe their child's classroom(s).
2. Within a reasonable time of their request, to meet with their child's teacher(s) and the principal.
3. To volunteer their time and resources for the improvement of school facilities and school programs under the supervision of Lakeside Union School District employees, including, but not limited to, providing assistance in the classroom with the approval, and under the direct supervision, of the teacher.
4. To be notified on a timely basis if their child is absent from school without permission.
5. To receive the results of their child's performance on standardized tests and statewide tests and information on the performance of their child's school on standardized statewide tests, including the state test for English language proficiency for English learners.
6. To request a particular school for their child, and to receive a response from the Lakeside Union School District.

7. To have a school environment for their child that is safe and supportive of learning.
8. To examine the curriculum materials of their child's class(es).
9. To be informed of their child's progress in school and of the appropriate school personnel whom they should contact if problems arise with their child.
10. To have access to the school records of their child.
11. To receive information concerning the academic performance standards, proficiencies, or skills their child is expected to accomplish.
12. To be informed in advance about school rules, including disciplinary rules and procedures, attendance policies, dress codes, and procedures for visiting the school.
13. To receive information about any psychological testing the school does involving their child and to deny permission to give the test.
14. To participate as a member of a parent advisory committee, school site council, or site-based management leadership team.
15. To question anything in their child's record that the parent feels is inaccurate or misleading or is an invasion of privacy and to receive a response from the school.
16. To be notified, as early in the school year as practicable, if their child is identified as being at risk of retention and of their right to consult with school personnel responsible for a decision to promote or retain their child and to appeal a decision to retain or promote their child.

A parent's lack of English fluency does not prevent a parent from exercising such rights. The Lakeside Union School District will take all reasonable steps to ensure that all parents who speak a language other than English are properly notified in English and in their home language, pursuant to EC 48985, of the rights and opportunities available to them. Please note that the Lakeside Union School District is not authorized to allow a parent's participation in the education of their child if it conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

SCHOOL ACCOUNTABILITY REPORT CARD

Reference: EC 35256, 35258

By February 1 of each year, all public schools in California are required to update and publish a school accountability report card (SARC) with the intent to provide the public with important information about each public school and to communicate a school's progress in achieving its goals. The primary purpose is to provide parents with data and information to make meaningful comparisons between public schools, enabling them to make informed decisions on which school to enroll their children. The content of the SARC includes demographic data, school safety and climate for learning information, academic data, school completion rates, class sizes, teacher and staff information, curriculum and instruction descriptions, postsecondary preparation information, and fiscal and expenditure data. Printed copies may be obtained from the school principal or may be accessed at www.lsusd.net.

BODY SHAMING

Reference: EC 232.7

The Lakeside Union School is committed to cultivating a school environment where every individual, regardless of body size, shape, or appearance, feels valued, accepted, and safe. Body shaming in any form is strictly prohibited. This includes, but is not limited to, unsolicited comments, gestures, or digital communication that mock, stigmatize, or draw attention to an individual's physical appearance. Body shaming may occur as a one-time event or as part of a repeated behavior and may intersect with bullying, sexual harassment, or other forms of discrimination.

CANINE DETECTION

Reference: BP 5145.5

To enhance our existing safety measures, Lakeside Union School District has collaborated with a licensed canine detection company to introduce specially trained non-aggressive contraband detection canines to our middle school campuses. Lakeside Union School District Board Policy 5145.5 allows the use of these canines as they possess the capability to detect a range of items, including guns, ammunition, homemade devices and fireworks, alcohol, contraband, drugs, and prescription medication.

The primary objective of this program is to act as a deterrent, discouraging anyone from bringing weapons and/or contraband onto school premises. Prior to the implementation of this program, all staff and students will have been informed about its purpose and procedures.

Under the guidance of the district and site administration, in collaboration with the contracted canine detection company, random visits will be conducted throughout the school year on all district middle school campuses. The inspections may cover various areas, including gymnasiums, hallways, classrooms, parking lots, school grounds, buses if necessary, and other selected areas directed by district officials.

During classroom searches, students will be temporarily asked to leave the room while the canine team checks personal belongings, such as book bags, for contraband. It is essential to note that, under no circumstances, will the canines be allowed to sniff the person of a student, employee, visitor, or anyone else on district property or at any district event.

We understand that maintaining open communication is crucial, and we are more than willing to address any concerns or queries you may have about this program. If you require additional information, please feel free to contact Student Support Services at the Lakeside Union School District by calling (619) 390-2600, extension 2760.

CHILD ABUSE PREVENTION AND NEGLECT REPORTING

Reference: EC 48987; PC 11164 *et seq.*

All employees of the Lakeside Union School District, including members of the Governing Board and volunteers, are considered mandated reporters. “Volunteers” in this context means a person who is over 18 years of age and who interacts with students outside of the immediate supervision and control of the student’s parent or a school employee. Mandated reporters are considered mandated reporters, required by law to report cases of child abuse and neglect to the appropriate law enforcement agency when they have a reasonable suspicion that a child has been a victim of child abuse and/or neglect. Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on their training and experience, to suspect child abuse or neglect; it does not require certainty that the child abuse and/or neglect has occurred. The fact that a child is homeless or an unaccompanied minor is not, in and of itself, a sufficient basis for reporting child abuse or neglect.

All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (*i.e.*, Police or Sheriff’s Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.

Parents of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. Complaints may be filed with the local law enforcement agency; parents may also notify the Lakeside Union School District of an incident by contacting Assistant Superintendent, Human Resources (619) 390-2618.

DANGERS OF SYNTHETIC DRUGS

Reference: EC 48985.5

Fentanyl is a major contributor to drug overdoses in California, including among youth. Fentanyl is an extremely potent and dangerous synthetic opioid, like heroin and morphine, and is laboratory engineered to be about 50 times stronger than heroin. This means even small amounts can lead to a fatal overdose. Fentanyl is powerful and difficult to detect.

People who make or sell drugs sometimes add small amounts of fentanyl to other substances in ways that are not noticeable to the user. Fentanyl is now commonly present in counterfeit pills sold on the internet posing as prescription drugs, such as Oxycodone, Xanax, Percocet, Vicodin, and Adderall. Fake prescription pills are easily accessible and often sold on social media and e-commerce platforms, making them available to anyone with a smartphone, including minors. Pills obtained through social media are especially dangerous and the Drug Enforcement Agency reports that 7 out of every 10 pills confiscated contain enough fentanyl to kill.

Fentanyl misuse may result in an intense, short-term high; temporary feelings of euphoria; slowed respiration and reduced blood pressure, nausea, fainting; seizures or death. Methamphetamine misuse may result in agitation; increased heart rate and blood pressure; increased respiration and body temperature; anxiety and paranoia. High doses can cause convulsions, cardiovascular collapse, stroke or death. Overdose may result in stupor, changes in papillary size, cold and clammy skin, cyanosis, coma, and respiratory failure leading to death. The presence of a triad of symptoms such as coma, pinpoint pupils, and respiratory depression are strongly suggestive of opioid poisoning.

With a fentanyl-poisoned drug supply, avoiding drug use is the surest way to prevent an overdose. The only safe medications are ones that come from licensed and accredited medical professionals.

EMPLOYEE INTERACTION WITH STUDENTS

Reference: EC 44050

Employees, including independent contractors, interns, and volunteers, of the Lakeside Union School District are expected to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting. To ensure employees fulfill their obligation to ensuring the health and safety of all students and contribute to a positive school climate, employees are prohibited from engaging in threatening, unsafe, unlawful, or inappropriate interactions with students and must avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to appearance of impropriety. Employees are not to intrude on a student’s physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

Any reports of employee misconduct will be promptly investigated. Any employee who is found to have engaged in inappropriate conduct in violation of law or Board policy, or retaliates against a person who reports the violation or participates in the complaint process, will be subject to disciplinary action, up to and including dismissal. The Superintendent or designee may bar the adult from school grounds and activities in accordance with law, and may also notify law enforcement, as appropriate.

MEGAN'S LAW/SEX OFFENDERS

Reference: PC 290.45, 626.81

Whenever the principal has granted permission to a registered sex offender to come into a school building or upon school grounds to volunteer at the school, the principal shall notify the parent of each student at that school, at least 14 days in advance, that a registered sex offender has been granted such permission, the date(s) and times for which permission has been granted, and the parent's right to obtain information regarding the person from a designated law enforcement agency.

The Lakeside Union School District will respond as directed or advised by a law enforcement agency due to the presence of a registered sex offender on school grounds – law enforcement is the agency best able to assess the relative danger of a sex offender. Parents requesting information about sex offenders in the community should either contact law enforcement or access the Megan's Law webpage from the California Department of Justice's website <http://meganslaw.ca.gov/>. The website also provides information on how to protect children and their families, facts about sex offenders, frequently asked questions, and sex offender registration requirements in California.

PESTICIDE PRODUCTS

Reference: EC 17611.5, 17612, 48980.3

The Lakeside Union School District uses pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment. Such pesticides shall only be used after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds. A warning sign at each area of the school site where pesticides will be applied shall be posted visibly to all persons entering the treated area. The sign shall be posted at least 24 hours prior to the application and shall remain posted until 72 hours after the application. When advance posting is not possible due to an emergency condition requiring immediate use of a pesticide to protect the health and safety of students, staff, or other persons on the school site, the warning sign shall be posted immediately upon application and shall remain posted until 72 hours after the application.

The Lakeside Union School District intends to apply the following pesticide products in the upcoming school year: [www.lsusd.net/Annual Inventory of Pesticide](http://www.lsusd.net/Annual%20Inventory%20of%20Pesticide)

Parents can register at their student's school to receive notification of individual pesticide applications. Notifications will be provided by the Facilities department 72 hours before the application, except in emergencies, and will include the product name, the active ingredient(s) in the product, and the intended date of application.

Parents seeking access to information on pesticides and pesticide use reduction developed by the Department of Pesticide Regulation pursuant to California Food and Agricultural Code 13184, can do so by going to <https://www.cdpr.ca.gov/docs/schoolipm/>. A copy of the Lakeside Union School District's integrated pest management plan may be viewed at [www.lsusd.net/Integrated Pest Management Plan](http://www.lsusd.net/Integrated%20Pest%20Management%20Plan).

SAFE STORAGE OF FIREARMS

Reference: EC 48986, 49392

Parents have the responsibility for keeping firearms out of the hands of children as required by California law. Seventy-four percent of children know where their parents' firearms are stored, and 60 percent report that they have handled them. Sadly, over 80 percent of teens who have died by suicide used a firearm that belonged to someone in their home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

In reviewing the following information, parents are encouraged to evaluate their own personal practices to assure that every member in the family is in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others. (PC 25100-25125, 25200-25220)

Note: The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm. (PC 25100(c))
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, having custody or control, owning, receiving, or purchasing a firearm for 10 years. (PC 29805)
- A parent may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward. (CC 1714.3)
- The county or city where the parent resides may have additional restrictions regarding the safe storage of firearms.

The easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

SCHOOL ATTENDANCE

ABSENCE DUE TO CONFIDENTIAL MEDICAL SERVICES

Reference: EC 46010.1

Students in grades 7-12 may be excused from school for the purpose of obtaining confidential medical services without the consent of the student's parent. When excusing students for confidential medical services or verifying such appointments, staff will not ask the purpose of the appointments but may contact a medical office to confirm the time of the appointment. In accordance with a November 2004 opinion issued by the California Attorney General, staff may not notify a parent when a student leaves school to obtain confidential medical services.

ABSENCE DUE TO RELIGIOUS EXERCISES OR INSTRUCTION

Reference: EC 46014, 48980

With the written consent of the parent, a student may be excused from school in order to participate in religious exercises or to receive moral and religious instruction at the student's place of worship or at other suitable places away from school property designated by a religious group, church, or denomination. Such absence shall not be deemed absence in computing average daily attendance if the student attends at least the minimum school day and is not excused from school for this purpose on more than four days per school month.

ADDRESSING ABSENCES

Reference: EC 48260 *et seq.*, 48320 *et seq.*, 51101

California law requires full-time attendance and punctuality of every student between 6 and 18 years of age. Schools are required to enforce the law and parents are responsible to compel the attendance of their children at school. As such, absences can be minimized by scheduling medical, dental, and other appointments after school or when school is not in session; vacations should be planned when school is not in session.

The School Attendance Review Board (SARB) is a multidisciplinary panel composed of school personnel, agency partners and community-based organizations that address attendance and/or behavior problems. Specifically, the panel may include, but is not limited to a parent, Lakeside Union School District staff, representatives from child welfare and attendance personnel, school guidance personnel, county office of education, county probation department, county welfare department, law enforcement agencies, community-based youth service centers, school/county health care personnel, school/county/community mental health personnel, county Lakeside Union School District attorney's office, and county public defender's office. The intent of SARB is to resolve school-related issues through the use of available school and community resources. Failure to meet with SARB or follow its directives can result in a referral to the Lakeside Union School District Attorney's Office for truancy mediation and/or prosecution.

Truancy

A student is classified as a *truant* after three absences or three tardies of more than 30 minutes each time or any combination thereof and the absences or tardies are unexcused. After a student has been reported as a truant three or more times in a school year and the Lakeside Union School District has made a conscientious effort to meet with the family, the student is considered a *habitual truant*. A student who is absent from school without a valid excuse for 10% or more of the schooldays in one school year, from the date of enrollment to the current date, is considered a *chronic truant*. Unexcused absences are all absences that are not described in EC 48205 and AR 5113 – Absences and Excuses.

Parents of students who are identified as truant will receive truancy notifications that may result in a referral to the School Attendance Review Team (SART) and SARB if attendance does not improve. Additionally, the school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from their home and who is absent from school without valid excuse within the county, city or school.

Chronic Absenteeism

A student is considered a chronic absentee when they are absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused (including suspensions from school) – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

The school will make every effort to work with students who are identified as chronic absentees to improve attendance. The SART/SARB and other multidisciplinary teams may be convened to offer assistance, suggestions, and ongoing support for students that have a history of poor or irregular attendance.

EXCLUSION FROM SCHOOL

Reference: EC 48213, 51101

A student may be excluded from school without prior notice to the parent for any of the following reasons:

1. The student resides in an area subject to quarantine pursuant to HSC 120230.
2. The student is exempt from a medical examination but suffers from a contagious or infectious disease pursuant to EC 49451.
3. The Superintendent or designee determines that the presence of the student would constitute a clear and present danger to the safety or health of other students or school personnel.

The Superintendent or designee will send a notice as soon as reasonably possible after the exclusion. Upon the exclusion of the student, a parent may meet with the Superintendent or designee to discuss the exclusion. If the parent disagrees with the decision of the Superintendent or designee, the parent may appeal the decision to the Governing Board. The parent will have an opportunity to inspect all documents upon which the Lakeside Union School District is basing its decision, to challenge any evidence and question any witness presented by the Lakeside Union School District, to present oral and documentary evidence on the student's behalf, and to have one or more representatives present at the meeting.

EXCUSED ABSENCES

Reference: EC 48205, 48980

In order for an absence to be excused, the reason for such absence must meet the criteria specified under EC 48205, as provided below. A student shall not have a grade reduced or lose academic credit for any excused absence if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

- (5) For purpose of jury duty in the manner provided for by law.

- (8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
- (9) For purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school Lakeside Union School District.

(ii) To access grief support services.
(iii) To participate in safety planning or to take other actions to increase the safety of the pupil or an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, including, but not limited to, temporary or permanent relocation.
(B) Any absences beyond three days for the reasons described in subparagraph (A) shall be subject to the discretion of the school administrator, or their designee, pursuant to Section 48260.

SCHOOL CALENDAR

Reference: EC 48980

To assist parents with the planning for their student’s childcare needs, medical appointments, and other activities, the school calendar includes minimum days and student-free staff development days. Please refer to the school calendar provided in this document; the calendar is also posted on the Lakeside Union School District’s website at www.lsusd.net. If any additional minimum days or student-free staff development days are scheduled during the school year, parents of all students affected by the change shall be notified as soon as possible, but no later than one month before the scheduled minimum or student-free day.

STUDENTS WITH TEMPORARY DISABILITIES

Reference: EC 48206.3, 48207, 48208, 48980

Temporary disability means a physical, mental, or emotional disability incurred while a student is enrolled in a regular or an alternative education program, and after which the student can reasonably be expected to return without special intervention. Temporary disability is not a disability for which a student is identified as an individual with exceptional needs.

A student with a temporary disability which makes school attendance impossible or inadvisable shall be entitled to receive individual instruction at home or in a hospital or other residential health facility (“qualifying hospital”), excluding state hospitals. It is the responsibility of the parent to notify Rachel Camarero rcamarero@lsusd.net and request for individual instruction (also referred to as “home and hospital instruction”). When notified that a student has a temporary disability, the Lakeside Union School District shall determine within five working days whether the student is eligible to receive individual instruction. If determined that individual instruction is appropriate, the instruction shall begin within five working days from the date the determination was made. *Students who cannot attend regular school for less than 16 days may, alternatively, participate in the short-term independent study program.*

If a student with a temporary disability is in a qualifying hospital that is located outside the school Lakeside Union School District in which the student’s parent resides, it is the parent’s responsibility to notify the school Lakeside Union School District in which the qualifying hospital is located of the student’s presence. The location of the qualifying hospital is considered the student’s place of residence during their stay there; therefore, the student shall receive individual instruction by the school Lakeside Union School District in which they are temporarily residing unless the Lakeside Union School District has entered into an agreement with the other Lakeside Union School District to provide the individual instruction.

Every effort shall be made for students to continue with the courses that are necessary for the student to maintain their academic status, but in some cases, this will not be possible due to various constraints. Lakeside Union School District staff may not be able to replicate certain highly specialized courses or a given course in the individualized instruction setting. For example, Honors or Advanced Placement classes, world languages, PE, laboratory sciences, higher-level mathematics classes, and some electives cannot be replicated.

The Lakeside Union School District may continue to enroll a student with a temporary disability who is receiving individual instruction in a qualifying hospital to facilitate the timely reentry of the student in their prior school after the hospitalization has ended, or to provide a partial week of instruction at school or at home to a student who is no longer confined to the hospital setting. The total days of instruction may not exceed the maximum of five days in the combined setting, and attendance may not be duplicated. The supervisor of attendance will ensure that absences from the regular school program are excused until the student is able to return to that program.

SCHOOL ENROLLMENT AND OPTIONS

INDEPENDENT STUDY

Reference: 5 CCR 11700 *et seq.*; EC 48980, 51744 *et seq.*

The Lakeside Union School District recognizes that there are situations where students' special interests, abilities, or individual needs are not being met in the traditional instructional setting. Independent study offers a means of individualizing the educational plan to serve students who, for example:

1. Desire a more challenging educational experience;
2. Have health or other personal circumstances that make classroom attendance difficult;
3. Are unable to access course(s) due to scheduling problems; and/or
4. Need to make up credits or fill gaps in their learning.

Additionally, when requested by a parent due to an emergency or illness of not more than 14 days, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in the student's regular classes. The minimum period of time for any independent study option shall be three consecutive school days.

The Lakeside Union School District's independent study, that is projected to last more than 15 schooldays, is available to all students enrolled in TK-8 and is substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the Lakeside Union School District's adopted course of study within the customary timeframe. Students in independent study shall also have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges.

Participation in independent study must always be the choice of the parent; the Lakeside Union School District may not require or otherwise obligate a student's participation in the program. If a student has an IEP or Section 504 Plan, enrollment in independent study is a placement decision and is only allowed if the student's IEP or Section 504 Plan specifically provides for that participation; an IEP or 504 meeting is required prior to any change of placement. Parents and students who are interested in the independent study program should contact their school office.

INTERDISTRICT PERMIT TRANSFER

Reference: EC 46600 *et seq.*, 48980

A parent who wishes to enroll their child in a school that is in another school Lakeside Union School District must obtain an interdistrict permit that is approved by both the Lakeside Union School District of residence and the Lakeside Union School District of enrollment. Neither Lakeside Union School District is obligated to provide transportation for students who attend school through an interdistrict permit unless providing transportation or transportation assistance is required by law.

Special Considerations

A Lakeside Union School District of residence cannot prohibit the transfer of a student who is a child of an active military duty parent to a Lakeside Union School District of proposed enrollment if that Lakeside Union School District approves the application for transfer.

If the Lakeside Union School District of residence has only one school offering the grade level of the victim of an act of bullying and therefore has no options for an intradistrict offer, the victim of an act of bullying may apply for an interdistrict transfer and the Lakeside Union School District of residence will not prohibit the transfer if the Lakeside Union School District of proposed enrollment approves the application for transfer. A student who has been determined by personnel of either Lakeside Union School District to have been the victim of an act of bullying shall, at the request of the parent, be given priority for interdistrict attendance. A student shall be determined to be a "victim of an act of bullying" only if all of the following apply:

1. The act of bullying meets the definition described in EC 48900(r) – see the notification on "Grounds for Suspension or Expulsion".
2. The bullying was committed by another student in the Lakeside Union School District.
3. A written complaint regarding the bullying was filed with the school, the Lakeside Union School District, or a local law enforcement agency.
4. An investigation was conducted per Lakeside Union School District policy, that meets the requirements under EC 234.1.

Upon request by the parent, a receiving Lakeside Union School District shall provide transportation assistance to a student who is both eligible for free or reduced-price meals and either a victim of an act of bullying or a child of an active duty military parent.

Application Procedures

Parents who wish to enroll their student in a school district other than the Lakeside Union School District can submit the InterDistrict Permit Application by visiting www.lsusd.net/IDT. Applications for transfer in the current school year are accepted year-round, and applications for a transfer in the next school year are available beginning annually on February 1.

For current year requests (applications submitted 15 calendar days before the start of the school year for which the transfer is sought), the Lakeside Union School District will make its final decision within 30 calendar days from the date a request was received. For all future year requests (applications submitted up until 15 calendar days before the start of the school year for which the transfer is sought), the District has until 14 calendar days into the new school year to determine whether to approve or deny a request. The decision to approve or deny a request shall be provided to the parent in writing. If the application is denied, the reasons for denial shall be stated, including the parent's right to appeal the District's decision to the San Diego County Office of Education within 30 calendar days from the date of denial.

Reapplication and Revocation

If the request for transfer is granted, the student shall be allowed to continue to attend the school in which they are enrolled, unless reapplication standards are otherwise specified in the interdistrict attendance agreement between the two Districts. An interdistrict permit may be revoked if the student does not demonstrate satisfactory attendance, behavior, and/or academic achievement; however, a permit cannot be rescinded or revoked after June 30 following the student's completion of grade 10 or any student in grade 11 or 12.

INTRADISTRICT TRANSFERS

Reference: 20 USC 7912; 5 CCR 11992; EC 35160.5, 46600, 48980

Students residing within the attendance boundaries of the Lakeside Union School District are assigned to their school of residence based on established school boundaries. However, the District provides enrollment options that meet the diverse needs and interests of its students and parents. Below are descriptions of the different types of transfers available within the District.

Admission to a particular school shall not be influenced by a student's academic or athletic performance except where academic standards are required for admission to specialized schools or programs. Such standards shall be uniformly applied to all students. Additionally, a student granted intradistrict enrollment shall not be required to reapply for readmission but may be subject to displacement due to excessive enrollment. Any complaints regarding the selection process should be submitted in writing to Dr. Natalie Winspear, Assistant Superintendent Educational Services.

Open Enrollment [EC 35160.5(b)]

The parents of any student who resides within the attendance boundaries of the Lakeside Union School District may apply to enroll their child in any District school, regardless of the location of their residence within the District. No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. The District is not obligated to provide transportation for students who attend school outside their school of residence unless providing transportation or transportation assistance is required by law.

Applications to request for an intradistrict transfer for the following school year can be obtained at the District Office or www.lsusd.net/SOC and must be submitted within the open enrollment window, beginning December 1st and ending on April 15th. Only one application may be submitted per student, and only one school can be selected per application.

Except for the enrollment priorities listed below, when there are more applications received than there is space available, a random drawing shall be held to determine which students shall be admitted. A waitlist shall be established to indicate the order in which applicants may be accepted if openings become available; no late applicants shall be added to the waitlist. Priority enrollment shall be granted to the following students as outlined in our [Intradistrict Open Enrollment Board Policy 5116.1](#).

Applicants shall receive written notification indicating if their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.

Victim of an Act of Bullying [EC 46600(d)]

Intradistrict transfer requests for a victim of an act of bullying shall be approved unless the requested District school is at maximum capacity, in which case, a request for a different school within the District shall be accepted. However, if the District does not have another school offering the grade level of the student, the District shall not prohibit the student's interdistrict transfer if the school District of proposed enrollment approves the application for transfer. Please see the notification on "Interdistrict Permit Transfer" for more information regarding the application process.

For purposes of the right of the victim of an act of bullying to transfer to another school within or outside of the District, a student shall be determined to be a "victim of an act of bullying" only if all of the following apply:

1. The act of bullying meets the definition described in EC 48900(r) – see the notification on "Grounds for Suspension or Expulsion".
2. The bullying was committed by another student in the District.
3. A written complaint regarding the bullying was filed with the school, the District, or a local law enforcement agency.
4. An investigation was conducted per District policy, that meets the requirements under EC 234.1.

Victim of a Violent Criminal Offense [20 USC 7912]

A student who is determined to be a victim of a violent criminal offense, while in or on the grounds of a school that the student attends, has the right to transfer to another District school. The District has 14 calendar days to make the determination and offer the student an option to transfer. In making the offer, the Superintendent or designee shall consider the needs and preferences of the affected student and the student's parent. Once the parent accepts the offer, the transfer shall be completed as soon as practicable.

In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee will consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

Persistently Dangerous School [20 USC 7912; 5 CCR 1192]

Within 10 calendar days of receiving notification from CDE that a school has been designated as "persistently dangerous," parents of students attending the school shall be provided with notice of the school's designation and the option to transfer their students to another school. A list of other schools to which a student may transfer, and applicable timelines and procedures for requesting the transfer shall be provided at least 14 calendar days before the start of the school year.

Parents who desire to transfer their child out of a "persistently dangerous" school shall provide a written request and rank-order their preferences from among all schools identified in the notification as eligible to receive transfer students. The District shall consider the needs and preferences of students and parents before making an assignment but is not obligated to accept the parent's preference if the assignment is not feasible due to space constraints or other considerations.

If parents decline the assigned school, the student may remain in their current school. For students whose parents accept the offer, the transfer shall be made as quickly as possible. The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The District may choose to make the transfer permanent based on the educational needs of the student, parent preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

Intradistrict Permit Transfer

The District recognizes that there may be valid reasons for students and parents to request attendance at another District school during the school year, such as:

1. To attend the school where the parent is employed.
2. To allow the student to remain at the current school of attendance when the student's parents have moved into the attendance boundaries of another District school.
3. To unite siblings when one child is already in attendance at the requested school.
4. To meet the student's mental or physical health needs.
5. To provide a change in school environment for reasons of personal and social adjustment.

Applications to request an intradistrict permit to transfer to another District school can be obtained by visiting the District Office or www.lsusd.net/SOC. Applicants shall receive written notification indicating if their applications have been approved, denied, or placed on a waiting list (if there is no available space at the time). If the application is denied, the reasons for denial shall be stated.

INVOLUNTARY TRANSFER

Reference: EC 48929, 48980

A student may be transferred to another District school if the student is convicted of a violent felony, as defined in Penal Code 667.5(c), or a misdemeanor listed in Penal Code 29805, and is enrolled at the same school as the victim of a crime for which the student is convicted. Before transferring the student, the parent will be notified of the right to request a meeting with the principal or designee. The Governing Board, based on the recommendations of the principal or Superintendent or designee, shall render the final decision as to whether or not to transfer the student.

MEETING RESIDENCY REQUIREMENTS FOR SCHOOL ATTENDANCE

Reference: EC 48200 *et seq.*, 48980

A student shall be deemed to have complied with the residency requirements of the Lakeside Union School District if the student meets any of the following criteria:

1. The student's parent resides within Lakeside Union School District boundaries.
2. The student is placed within Lakeside Union School District boundaries in a regularly established licensed children's institution, a licensed foster home, or a family home pursuant to a court-ordered commitment or placement.
3. The student is admitted through an interdistrict attendance option.
4. The student is an emancipated minor residing within District boundaries.
5. The student lives with a caregiving adult within District boundaries and the caregiving adult submits an affidavit to that effect.
6. The student resides in a state hospital located within District boundaries.
7. The student is confined to a hospital or other residential health facility within District boundaries for treatment of a temporary disability.
8. The student's parent resides outside District boundaries but is employed within District boundaries and lives with the student at the place of employment for a minimum of three days during the school week.
9. The student's parent, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within the state.
10. The student's parent was a resident of California who departed the state against their will due to a transfer by a government agency that had custody of the parent, a lawful order from a court or government agency authorizing the parent's removal, or removal or departure pursuant to the federal Immigration and Nationality Act, and the student lived in California immediately before moving out of state as a result of the parent's departure.
11. The student is a homeless or foster child who remains in their school of origin.
12. The student is a migratory child or a child of a military family who continues to attend their school of origin.

A student also complies with residency requirements if the student's parent, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within California. The school must accept enrollment applications by electronic means, and the parent must provide proof of residence within 10 days after the published arrival date provided on official documentation.

When establishing a student's residency for enrollment purposes, the District will not inquire into the citizenship or immigration status of the student or the student's family members. If the school reasonably believes that a parent has provided false or unreliable evidence of residency, the District may make reasonable efforts to determine that the student meets residency requirements. However, a student's enrollment may be denied when the submitted documentation is insufficient to establish District residency; in which case, the parent shall be notified in writing of the specific reasons for the denial and of the opportunity to appeal the District's decision. Please contact the District for a list of reasonable evidence that the District will accept to verify that a student meets residency requirements for school attendance.

NOTICE OF ALTERNATIVE SCHOOLS

Reference: EC 58501

California state law authorizes all school Districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of the student's desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in the student's own time to follow the student's own interests. These interests may be conceived by the student totally and independently or may result in whole or in part from a presentation by the student's teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this District, and the principal's office in each school site have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the District to establish alternative school programs in each District.

PARENT EMPLOYMENT-RELATED TRANSFER

Reference: EC 48204, 48980

The Lakeside Union School District considers a student whose parent is physically employed within its attendance boundaries for a minimum of 10 hours during school week to have complied with residency requirements for school attendance. Once a student is deemed to have complied with residency requirements in this manner, the student may continue to attend school in the District through the highest grade level offered without having to reapply each school year as long as the parent continues to be physically employed within the attendance boundaries for a minimum of 10 hours during the school week. The District will not deny admission of a student on the basis of race, ethnicity, sex, family income, academic achievement, or any other arbitrary consideration; however, the District may prohibit the transfer of a student if the District determines that the additional cost of education the student would exceed the amount of additional state aide received as a result of the transfer, or if either the District or the District of residence determines that the transfer would negatively impact its court-ordered or voluntary desegregation plan.

STUDENT BEHAVIOR

ASSIGNMENTS AND TESTS DURING SUSPENSION

Reference: EC 47606.2, 48913, 48913.5, 48980

The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. However, a teacher must provide a student that has been suspended from school for two or more days the homework that the student would otherwise have been assigned if the student or the student's parent or other person holding educational rights makes a request to the teacher. Whenever a homework assignment that is requested and turned into the teacher either upon the student's return to school from suspension or by the deadline prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment cannot be included in the calculation of the student's overall grade in class.

DISCIPLINE RULES

Reference: 5 CCR 300; EC 35291, 44807, 48980

The Lakeside Union School District is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and achievement and desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Lakeside Union School District believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

Each school site and each classroom teacher has established behavior expectations for their students that are consistent with Board policy and applicable state and federal laws. Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the Lakeside Union School District's nondiscrimination policies. Students shall be held to a strict account for their conduct on the way to and from school, in the classroom and other school buildings, on school grounds, at school-sponsored activities, and on the school bus. Students shall conform to school regulations; obey promptly all directions of teachers and others in authority; be diligent in study; be kind, courteous, and respectful to all students and staff; and refrain entirely from the use of profane and vulgar language.

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed.

When Lakeside Union School District property is damaged due to the willful misconduct of a student, the Lakeside Union School District shall seek reimbursement of damages, within the limitations specified in law, from the student's parent or from any other responsible individual.

The Lakeside Union School District may collect debt owed by a student or former student as a result of vandalism or to cover the replacement cost of Lakeside Union School District books, supplies, or property loaned to a student that the student willfully fails to return or that is willfully cut, defaced, or otherwise injured. If the student's parent is unable to pay for the damages or to return the property, a program of voluntary work for the student shall be offered in lieu of the payment of monetary damages. Until the student's parents have paid for the damages, or the voluntary work has been completed, the Lakeside Union School District may withhold the student's grades, diploma, and/or transcript. Before withholding a student's grades, diploma, and/or transcripts, the student's parents shall be informed of the student's alleged misconduct in writing. In addition, appropriate disciplinary procedures may be initiated against the student.

SUSPENSION BY TEACHER FROM CLASS

Reference: EC 35291, 48900.1, 48910, 48980

After other means of correction have failed to bring about proper conduct, a teacher may suspend a student from their class for the remainder of the day and the following day for any act listed under the notification on "Grounds for Suspension and Expulsion". A teacher may also refer a student to the principal or designee for consideration of suspension from school.

A student suspended from class will not be returned to class during the period of suspension without the approval of the teacher of the class and the principal. During this period of suspension, the student will not be placed in another regular class; however, if the student is assigned to more than one class per day, the student may be placed in any other regular classes except those held at the same time as the class from which the student was removed. The teacher may require the student to complete any assignments and tests missed during the suspension.

As soon as possible, the teacher will ask the student's parent to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator will attend, if requested by either the parent or teacher.

When suspending a student from class for committing an act of obscenity, habitual profanity or vulgarity, disruption of school activities, and/or willful defiance, the teacher may require any parent who lives with the student to accompany the student for a portion of a school day in the class from which the student has been suspended. A written notice will be sent to the parent regarding the implementation of this requirement.

Per LC 230.7, employers are not allowed to discharge or in any manner discriminate against an employee who is a parent of a student taking time off to comply with the requirement described above as long as the parent has given reasonable notice to their employer. Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated against in the terms and conditions of employment by their employer for taking time off to appear in their child's school as described above shall be entitled to reinstatement and reimbursement for lost wages and work benefits caused by those acts of the employer.

SUSPENSION FROM SCHOOL

Reference: EC 35291, 48911, 48980

A student may not be suspended from school for more than five consecutive school days unless the suspension is extended pending expulsion proceedings. A suspension by the principal or designee will be preceded by an informal conference where the student is informed of the reason for the disciplinary action, including the other means of correction that were attempted, and the evidence against them, and is given the opportunity to present their version and evidence in their own defense. This conference may be omitted if the principal or designee determines that an emergency exists, involving a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent and student will be notified of the student's right to return to school for the purpose of a conference. The conference will be held within two school days unless the student waives their right to it or is physically unable to attend for any reason. In such a case, the conference will be held as soon as the student is physically able to return to school.

At the time of the suspension, a school employee will make a reasonable effort to contact the parent by telephone, by email, or in person. The parent will also be notified in writing of the suspension. The notice will state the specific offense committed by the student and may include the date and time when the student may return to school. School officials may request a meeting with the parent to discuss the causes and duration of the suspension, the school policy involved and any other pertinent matter. The parent of a student who is suspended must respond without delay to the request for a meeting; however, the student may not be denied readmission solely because the parent failed to attend the meeting.

If a student is also being recommended for expulsion, the Superintendent or designee may extend the period of suspension beyond the five consecutive days if determined, following a meeting in which the student and the student's parent are invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process.

To appeal a suspension, the process for challenging student records will be followed. Parents are encouraged to start by submitting a request to appeal a suspension to an administrator or a school site designee who did not issue the suspension.

Note: In the case of a foster child, any discipline-related notification provided to the parent means notification to the foster child's educational rights holder, attorney, and county social worker. For an Indian child, the notification is provided to the Indian child's tribal social worker and, if applicable, county social worker.

REPORTING THREATS

Reference: EC 35291, 48902, 49331, 49393, 48980

Any employee or other school official whose duties bring them in contact on a regular basis with students in any of grades 6-12, as part of a middle or high school, who is alerted to or observes any threat or perceived threat of a homicidal act shall immediately report the threat or perceived threat to law enforcement.

Threat or perceived threat means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual.

STUDENT RECORDS

ACCESS TO STUDENT RECORDS

Reference: 34 CFR 99.7, 99.34; EC 234.7, 49063, 49069.7

Access means personal inspection and review, request and receipt, and oral description or communication of any record. A log is maintained in each student's record which lists all persons, agencies, or organizations that have requested or received information from the records and the legitimate educational interest of the requester. The log is only accessible to the parent, a student who is age 16 years of age or older or who has completed the 10th grade, the custodian of records, and certain state and federal officials.

School officials and employees with legitimate educational interests may access student records without parental consent as long as access to such records is required to fulfill their duties and responsibilities, whether routine in nature or as a result of special circumstances (*e.g.*, working with the student, compiling and analyzing student data, connecting a student to education programs or services). School officials and employees also include contractors, consultants, volunteers, or other

parties to whom the Lakeside Union School District has outsourced its functions and who perform services for which the Lakeside Union School District would otherwise use employees. Upon request from officials of another school, school system, or postsecondary institution in which a student seeks or intends to enroll or is already enrolled, the Lakeside Union School District is authorized to disclose educational records without parental consent as long as the disclosure is for purposes related to the student's enrollment or transfer.

A student's citizenship status, immigration status, place of birth, or any other information indicating national origin will only be released in accordance with the Lakeside Union School District's policy and regulation on "Response to Immigration Enforcement". To the extent practicable, staff will not disclose or provide in writing, verbally, or in any other manner, to an officer or employee of an agency conducting immigration enforcement the education records of or any information about a student or their family and household (e.g., information about a student's home or travel schedule), unless staff receive written parent consent or are presented with a valid judicial warrant/subpoena or court.

Parents have the right to:

1. Inspect and review the student's educational record maintained by the school
2. Request that a school correct records which they believe to be inaccurate, misleading, or otherwise in violation of the student's privacy rights (*see notification on "Challenging Student Records"*)
3. Consent to disclosures of personally identifiable information contained in the student's records, except to the extent that state and federal laws authorize disclosure without consent, and request a copy of the records that were disclosed
4. File a complaint with the U.S. Department of Education concerning an alleged failure by the **District** to comply with the provisions of the Family Educational Rights and Privacy Act (FERPA) by completing the [FERPA Complaint Form](#) and then either emailing the completed form to FERPA.Complaints@ed.gov, or mailing the completed form to: U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Ave., SW, Washington, D.C. 20202-8520

When a student turns 18 years of age, all rights regarding student records are transferred from the parent to the student. If the adult student is still claimed by the parent as a dependent for tax purposes, the parent may still access the student's records. Although noncustodial parents are not afforded the rights described above, they have the right to access their student's education records unless that right of access has been limited through a court order.

When prior written consent from a parent is required by law, the parent must provide a written, signed, and dated consent before the Lakeside Union School District discloses the student record. Such consent may be given through electronic means in those cases where it can be authenticated. The parent must specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made. Upon request by the parent, the Lakeside Union School District will provide the parent with a copy of the records disclosed. The written request to access or disclose a student's records must be submitted in written form to Custodian of Records, who will, in turn, have five business days from the day of receipt of the request to fulfill the request during regular school hours. Qualified certificated personnel are available to interpret records when requested. Reasonable measures will be taken to prevent the alteration, damage, or loss of records during inspection.

CHALLENGING STUDENT RECORDS

Reference: 34 CFR 99.7; EC 49063, 49066, 49070

Following an inspection and review of student records, the parent may challenge the content of the records and/or ask for records to be expunged. The parent may submit to the principal a written request to correct or remove from the student's records any information concerning the student which they allege to be any of the following: inaccurate, an unsubstantiated personal conclusion or inference, a conclusion or inference outside the observer's area of competence, not based on the personal observation of a named person with the time and place of the observation noted, misleading, or in violation of the privacy or other rights of the student.

Within 30 calendar days, the Superintendent or designee will meet with the parent and the certificated employee who recorded the information, if any, and if the person is still employed with the Lakeside Union School District, and sustain or deny the allegations. If the allegations are sustained, the Superintendent or designee will order the correction, removal, or destruction of the information. If the Superintendent or designee denies the allegations, the parent may appeal the decision to the Governing Board within 30 calendar days. The Board will determine whether or not to sustain or deny the allegations. If the Board sustains the allegations, it will order the Superintendent to immediately correct, remove, or destroy the information from the written records of the student.

If the final decision of the Board is unfavorable to the parents, or if the parent accepts an unfavorable decision by the Superintendent, the parent has the right to submit a written statement of objections to the information. This statement becomes a part of the student's school record until such time as the information objected is removed.

Both the Superintendent and the Board have the option of appointing a hearing panel in accordance with EC 49070-49071 to assist in the decision-making.

If the challenge involves a student's grade, the teacher who gave the grade will be given an opportunity to state, orally and/or in writing, the reasons for which the grade was given. To the extent practicable, the teacher will be included in all discussions related to any grade change. In the absence of clerical or mechanical error, fraud, bad faith, or incompetency, a student's grade as determined by the teacher is final.

DIRECTORY INFORMATION

Reference: 20 USC 1232g; 24 CFR 99.37; EC 49063, 49073

Directory information means information contained in a student record that would not generally be considered harmful or an invasion of privacy if disclosed. Such student information includes the student's name, address, telephone number, email address, date of birth, major field of study, participation record in officially recognized activities and sports, weight and height of athletic team members, dates of attendance, degrees and awards received, and most recent previous school attended. Directory information may include a student identification number, user identification, or other personal identifier used by the student for purposes of accessing or communicating in electronic systems as long as the identifier cannot be used to gain access to education records except when used in conjunction with a personal identification number, password, or other factor known or possessed only by the authorized user.

Directory information does not include a student's social security number. Directory information also does not include the student's citizenship status, immigration status, place of birth, or any other information indicating national origin. The Lakeside Union School District will not release such information without parental consent or a court order.

The primary purpose of directory information is to allow the school and the Lakeside Union School District to include this type of information from the student's education records in certain school and/or Lakeside Union School District publications (e.g., a playbill showing the student's role in a drama production, honor roll or other recognition lists, annual yearbook, promotion/graduation programs, sports activity sheets showing weight and height of team members). Additionally, the Lakeside Union School District has determined that the following individuals, officials, or organizations may receive directory information:

- Certain school publications
- Outside organizations including, but not limited to, companies that manufacture class rings or publish yearbooks
- Military recruiters
- Post secondary educational institutions
- Outside governmental agencies

No information may be released to a private profit-making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. No directory information of a student identified as a student experiencing homelessness will be released unless the parent has provided written consent that directory information may be released. However, the directory information of a student experiencing homelessness may be disclosed for the purpose of facilitating an eye examination by a nonprofit eye examination provider or a free oral health assessment hosted by the school, unless the student's parent has provided written notice to the school that consent to such exam(s) is not given.

For all other students, directory information will not be released if their parent notifies the school principal in writing that such information not be disclosed without their prior consent. Parents may submit a *Release of Directory Information* form to opt out, or in the case of a homeless child or youth, opt in, of the release of directory information by the third Friday in September.

Additionally, the Lakeside Union School District will not include the directory information or the personal information of a student or the parent of a student in the minutes of a meeting of the Governing Board, except as required by judicial order or federal law, if the parent has provided a written request to the secretary or clerk of the Board to exclude their personal information or the name of their minor child from the minutes of a Board meeting.

DUPLICATION OF STUDENT RECORDS

Reference: EC 49063, 49065

Copies of student records are available to parents at no cost. Fees may be waived if it would prevent parental access to the records. Former students may receive up to two transcripts or up to two verifications of their records at no cost.

MAINTENANCE OF STUDENT RECORDS

Reference: 5 CCR 432, 437; EC 49063, 49076.7

A cumulative record must be maintained on the history of a student's development and educational progress. Student records are any items of information, whether recorded by handwriting, print, tapes, film, microfilm or other means, gathered within or outside the Lakeside Union School District that are directly related to an identifiable student and maintained for the purpose of second-party review. Active records are maintained at the student's school; inactive records are maintained at the District.

Per state and federal law, the Lakeside Union School District maintains the following *mandatory permanent records* indefinitely: student's legal name, date and place of birth, method of verifying birth date, sex, enter and leave date each school year, subjects taken, marks or number of credits toward graduation, verification of or exemption from required immunization, date of high school graduation or equivalent, and parent's name and address (including the student's address if different, and the annual verification of residency for both the student and the parent). The Lakeside Union School District also keeps the following *mandatory interim records* until three years after the student leaves or graduates, or their usefulness has ceased: log identifying persons or agencies who have requested or received information from the student record, health information, information on participation in special education programs, language training records, progress slips/notices, parental authorizations/restrictions/waivers, rejoinders to challenged records, results of standardized tests administered within the past three years, expulsion orders, and independent study evaluation and findings. *Permitted records*, which are records that the Lakeside Union School District has determined important to maintain, may include, but are not limited to, objective counselor and teacher ratings, standardized test results older than three years, routine discipline data, verified reports of relevant behavior patterns, disciplinary notices, and attendance records.

The Lakeside Union School District will not collect or solicit social security numbers or the last four digits of social security numbers of students or parents, except as required by state or federal law or as required to establish eligibility for a federal benefit program. Additionally, the Lakeside Union School District will not collect information or documents regarding the citizenship or immigration status of students or their family members, unless required by state or federal law or as required to administer a state or federally supported educational program.

On an annual basis, records that are not designated as mandatory permanent records are reviewed to determine the records that still need to be retained and those that are appropriate for destruction. Records are destroyed in a way that assures that such records will not be available to possible public inspection in the process of destruction.

The Administrative Support Specialist, Special Education has been designated as the custodian of records at the Lakeside Union School District level, and at each school site, the principal serves as the custodian of records for students enrolled at their school. The custodian of records is responsible for implementing the policies and procedures related to student records; in particular, they must protect the student and the student's family from invasion of privacy by ensuring only authorized persons may access student records.

PROTECTION OF PUPIL RIGHTS AMENDMENT

Reference: 20 USC 1232h; EC 51513

The Protection of Pupil Rights Amendment (PPRA) affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED)–
 1. Political affiliations or beliefs of the student or student's parent;
 2. Mental or psychological problems of the student or student's family;
 3. Sex behavior or attitudes;

4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 5. Critical appraisals of others with whom respondents have close family relationships;
 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 7. Religious practices, affiliations, or beliefs of the student or student's parent; or
 8. Income, other than as required by law to determine program eligibility.
- Receive notice and an opportunity to opt a student out of –
 1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)
 - Inspect, upon request and before administration or use –
 1. Protected information surveys of students and surveys created by a third party;
 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

The Lakeside Union School District has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Lakeside Union School District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The Lakeside Union School District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt their child out of participation of the specific activity or survey. The Lakeside Union School District will make this notification to parents at the beginning of the school year if the Lakeside Union School District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this direct notification requirement:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint by completing the [PPRA Complaint Form](#) and then either emailing the completed form to PPRA.Complaints@ed.gov or mailing it to: Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-8520.

STUDENT RECORDS FROM SOCIAL MEDIA

Reference: EC 49073.6

The Lakeside Union School District has adopted a program that gathers and maintains student information obtained from social media. "Social media" is defined as an electronic service or account, or electronic content, including, but not limited to, videos, still photographs, blogs, video blogs, podcasts, instant and text messages, email, online services or accounts, or Internet Web site profiles or locations. This program gathers and maintains only information that is directly related to school safety or student safety. Information of a student gathered from social media is destroyed within one year after the student turns 18 years of age or within one year after the student is no longer enrolled in the Lakeside Union School District, whichever occurs first.

To review, or to request for the correction or removal of, the information that has been gathered from social media and maintained in a student's record, the student or their parent may submit a written request the principal. Access to review any records will be provided within five (5) business days from the day of receipt of the request.

TECHNOLOGY

ELECTRONIC LISTENING AND RECORDING DEVICES

Reference: EC 51512

The use by any person, including a student, of any electronic listening or recording device in any classroom without the prior consent of the teacher and the principal given to promote an educational purpose is prohibited. It disrupts and impairs the teaching process and discipline schools. Any person, other than a student, who willfully violates this section shall be guilty of a misdemeanor. Any student violating this section shall be subject to appropriate disciplinary action.

INTERNET SAFETY

Reference: 47 CFR 54.520; 20 USC 7131, 47 USC 254

An emerging national concern is the inappropriate use of the Internet by students. Across the nation, schools continue to see an increase in negative student behavior as a result of messages written using electronic technology, posted to popular social networking websites. Many sites contain instant messaging components that allow students to chat with other students and to post statements that ordinarily would not be said in a face-to-face conversation. The popularity of these websites has grown.

Unfortunately, some students use the sites to participate in online bullying or to threaten harm to other students. The “cyber bullies” use the anonymity of the Web to hurt others without witnessing the consequences. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet.

Outside of schools, there have been instances of adults, who are child predators and con artists, posing as youths and gaining access to student chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting students post enough personal information that predators are able to locate students’ home or school addresses, thereby becoming easy targets for predators.

The Lakeside Union School District shall ensure that all Lakeside Union School District computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. To reinforce these measures, rules and procedures are designed to restrict students’ access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Parents should be aware of what their children are writing on the Internet and what others are posting in reply. These websites are public domain, and anything posted there can be seen by anyone who has Internet access. Although most of what is written is not immoral, offensive, or illegal, some of it is. Parents may choose to investigate a site by personally logging onto the site. The services are free, and users may register and join the site by using an email address. Once registered, parents can search by name and email address to see if their child is registered. Search results may be narrowed by entering the name of the city. Parents will then be able to view the kinds of personal information, messages, diaries, and photographs that students post on the site.

Parents should be aware that most social media platforms are required to disclose all cyberbullying reporting procedures in the social media platform’s terms of service. They must also have a mechanism within its internet-based service to allow an individual, whether or not that individual has a profile on the internet-based service, to report cyberbullying or any content that violates the existing terms of service.

Parents are encouraged to discuss with their children the potential danger of the Internet and establish rules and guidelines to ensure their safety while on the Internet. For additional Internet safety tips and advice, visit any of the following websites:

- Net Cetera – <https://www.consumer.ftc.gov/features/feature-0002-parents>

The Lakeside Union School District will continue to provide Internet security within its schools. It is important that parents also monitor Internet use at home.

USE OF DISTRICT TECHNOLOGY

[Student Use of Technology Responsible Use Policy](#)

USE OF MOBILE COMMUNICATION DEVICES

Reference: EC 48901.5, 48901.7

The use of smartphones and other mobile communication devices on campus may be beneficial to student learning and well-being, but could be disruptive of the instructional program in some circumstances. In fact, there is growing evidence that unrestricted use of smartphones by students during the school day interferes with the educational mission of the schools, lowers student performance, promotes cyberbullying, and contributes to an increase in teenage anxiety, depression, and suicide.

Although students cannot be prohibited from possessing or using a mobile communication device under any of the circumstances listed below, the Lakeside Union School District has adopted a policy in restricting the possession and use of smartphones at school and while under the supervision of school personnel.

- Unless explicitly addressed in a comprehensive school safety plan, in the case of an emergency, or in response to a perceived threat of danger
- When a teacher or administrator grants permission to the student to possess or use a mobile communication device, subject to any reasonable limitation imposed by that teacher or administrator
- When a licensed physician or surgeon determines that the possession or use is necessary for the student's health and well-being
- When the possession or use is required by the student's individualized education program or Section 504 plan

Additionally, smartphones and other mobile communication devices shall not be used in any manner which infringes on the privacy rights of any other person. When used in an unauthorized manner, the device may be confiscated and/or searched according to law and policy, and the student may be subject to discipline. A student may also be subject to discipline for use of a mobile communication device off school grounds if it poses a threat or danger to the safety of students, staff, or Lakeside Union School District property or substantially disrupts school activities.

The Lakeside Union School District is not responsible for the loss, theft, or damage of a student's mobile communication device which is brought onto school grounds or to a school activity.

As a condition of receiving ELO funds, we are required to offer our **ENCORE After School Intervention Program** to all eligible students in **transitional kindergarten (TK)/kindergarten through 6th grade** who are considered *unduplicated pupils*.

An *unduplicated pupil* is defined by the state as a student who is:

- **Eligible for free or reduced-price meals,**
